

Advising Information for Teacher Certification

Welcome to UW-Stevens Point! If you are interested in pursuing teacher certification, please read this information carefully. It provides valuable information about your advising and class selection processes for today.

Early Childhood, Elementary, Physical, and Special Education majors:

- Students who have already declared one of these three majors, or would like to declare one of these majors today, should attend the advising session offered by the School of Education today.
- Students who wish to declare one of these four majors after today, should call the School of Education Advising, Recruitment & Retention Office, 715-346-2040, and make an appointment to see an adviser. This meeting should take place as soon as possible. You will need to bring a newly printed Degree Progress Report to this meeting. A Degree Progress Report can be printed from your MyPoint account.

All other teacher certification majors:

Step 1:

Students interested in any other teacher certification program should attend the advising session offered by the department of their major. For instance, if you want to teach high school English, you should be advised by the Department of English today.

The courses in this guide are specifically required for teacher certification and will impact some of the General Education Program requirements you choose for your first semester.

Step 2:

Declare your teaching intent in the School of Education. This group meeting typically runs 50 minutes. You will receive a wealth of information regarding teacher certification, including:

- an academic planning sheet for teacher certification,
- a School of Education Undergraduate Advising Guide,
- Professional Education Program application requirements, and
- Professional Education Program completion requirements.

To schedule your Secondary/K-12 teaching intent appointment, call the School of Education Advising, Recruitment & Retention Office, 715-346-2040, or visit the office in person, 469 College of Professional Studies.

Some teaching majors and some minors have enrollment caps and additional requirements to apply to the Professional Education Program. Departments of these majors and minors are responsible for distributing their policies and making sure students are aware of the competitive nature of their programs. If you have not received this information, please contact the department of your major(s)/minor(s).

The School of Education website, www.uwsp.edu/education, includes our SOE Undergraduate Advising Guide and other important information.

Professional Education Program Teaching Certification Programs

The University of Wisconsin-Stevens Point offers certification in many majors (✓), secondary education minors (■), elementary education minors (●) and "add-on" areas. Make sure that you are following the requirements for the "teaching" major or minor in the UWSP catalog. While examining the list of available majors, minors and add-on certifications, keep your academic strengths and interests in mind.

Grade levels were realigned by the Department of Public Instruction to age levels for licensure after August 2004. Job assignments will ultimately be determined by school districts.

License categories:

Early Childhood Education Major

Minor - Requires an Early Childhood Special Education minor at UWSP **Licensed to teach** - Early Childhood Level, ages 0-8, regular education and Early Childhood Special Education (~grades PK-3).

Elementary Education Major

Minor - Requires a 22 credit minor. The minors from the "elementary minor" column "teacher certifiable minors" and are highly recommended, especially for those interested in middle school. A list of ALL approved minors is available on the Elementary Education Planning Sheet.

Licensed to teach - Middle Childhood through Early Adolescence Level, ages 6-13, (~grades 1 -8).

Special Education Major

Requires a minor in one or two specialties: Cognitive Disabilities (CD), Emotional/Behavioral Disabilities (EBD), and/or Learning Disabilities (LD)

Licensed to teach – Middle Childhood through Early Adolescence Level, ages 6-13 (~grades 1-8), Cross Categorical and two specialties,

OR Early Adolescence through Adolescence Level, ages 10-21 (~grades 5-12), Cross Categorical Special Education and one specialty,

OR Middle Childhood through Adolescence Level, ages 6-21 (~grades 1-12) in Cross Categorical Special Education and one specialty.

Secondary/K-12 teaching majors

Major - Requires a teaching major in the content subject of licensure and additional courses for teacher certification

Licensed to teach - Either Early Adolescence through Adolescence Level, ages 10-21, (~grades 6-12), **OR** Early Childhood through Adolescence, ages 0-21 (~grades PK-12), depending on availability of grade level.

Competencies All students must have the equivalent of a UWSP teaching major. 2.75 GPA is required in the overall, major, minor, concentration, and education course work to student teach. 40 credits of 300 and 400 level credits You must receive a grade of C- or better in all "Early Childhood Education" AND all "Education" coursework. Early Childhood Education and Education courses taken more than 10 years prior to student teaching may not be applied to the program requirements. Students may appeal the currency of courses. The ADSOE will convene a review panel of appropriate faculty/advising staff to

Enrollment Caps

make a decision about that appeal.

A portfolio and content tests are required for certification.

Some Secondary and K-12 majors and some minors have enrollment caps and additional requirements to apply to the Professional Education Program. Departments of these majors and minors are responsible for distributing their policies and making sure students are aware of the competitive nature of their programs. If you have not received this information, please contact the department of your major(s)/minor(s). Enrollment caps may be changed at any time.

Certification

Secondary Education students will be certified in the Early Adolescence through Adolescence Level – ages 10-21 (approximately grades 6-12).

Students who complete a program in Family and Consumer Science Education, Foreign Language Majors, Music and Physical Education will be certified in the Early Childhood through Adolescence Level – ages 0-21.

Effective:

Catalog year 2012-13
