Dear New Faculty and Staff Member:

On behalf of UW-Stevens Point Continuing Education and Outreach, I welcome you to campus and the Stevens Point community! I know you will enjoy the myriad of opportunities that are available.

I would like to invite you to check out the Continuing Education and Outreach website (<https://www.uwsp.edu/conted/Pages>) to see all of the professional development and personal enrichment opportunities we offer to learners from ages 3 to 93. We serve the Stevens Point, Marshfield, and Wausau communities with local community programming, as well as the state and beyond with face to face and online trainings, workshops, certificates, and conferences.

- ***Build a Business:*** The Small Business Development Center helps start-up and existing small businesses achieve their goals through no-cost counseling in north central Wisconsin.
- ***Earn an Online Degree or Certification:*** Continuing Education partners with campus departments and other UW campuses to offer online bachelors and master's degrees, as well as online certificates for both university credit and continuing education credentials for adults. These offerings help working adults progress in their career or maintain a certification or license.
- ***Enrich Your Life:*** Arts and Culture Outreach features exciting programs in theatre, music, cooking, and the arts with classes for adults and children.
- ***Attend a Conference or Workshop:*** Conferences and workshops are coordinated for many different audiences. We also offer conference planning and registration services for on and off campus activities.
- ***Enhance Professional Skills:*** We offer workshops, certificates and conferences, seminars and customized training to professionals, companies that offer participants cutting edge and timely training.
- ***Engage Youth:*** Continuing Education offers youth programs such as choir, STEAM career conferences, and residential youth camps for art, music, information technology, health care, and video production, and day camps for technology, STEAM, theater, and creativity.

Stop by our office (032 Main Building on the Stevens Point Campus) to say hello or to explore how you can become a part of the Continuing Education and Outreach team of faculty and presenters or enroll in one of our many learning opportunities. Again, welcome to UW-Stevens Point! Best wishes for a great semester.

Welcome aboard!
