PREPARING FOR WINTERIM/SPRING 2026 REGISTRATION

Tips and Tricks with Schedule Builder

Whether you have several schedules to sift through or want to avoid online class sections, these Schedule Builder features can help you!

The Options Button

The options button, found next to each class in the “Build” portion of Schedule Builder, will reveal all of the sections of a class! Any section checked will be brought into schedule options. Any section unchecked will not be.

Using the Lock Feature

When viewing schedules, each class will have a lock icon in the corner. Clicking on this lock will specifically only choose that section of the course, and will remove all other sections as choices within your schedule options.

Saving Your Favorite Schedules

As you find schedules you like, click the heart icon found on the top of schedule page.

You can then compare just your favorite schedules back on the “Build” page in Schedule Builder!

WINTERIM REGISTRATION NEXT WEEK - OCT 27

Winterim is a class session where students can take up to three credits between January 2 and January 17. Most winterim classes are 100% online and can be helpful to catch up or get ahead on credits. However, be aware they are highly accelerated, requiring significant daily work throughout the session.

Contact your Academic Adviser if thinking about taking a winterim class.

Your “Advisor Hold” will not prevent you from registering for Winterim, however your “Registration Hold” will! If choosing to enroll into a winterim course, **make sure you have completed the “To-Do” task called, “Required Registration Actions” within the “Tasks” tile in accesSPoint.**

SECOND 8-WEEK CLASSES BEGIN NEXT WEEK

First 8-week classes will end this week, and second 8-week classes will begin this upcoming **Monday, October 27!** Make sure to review your class schedule within accesSPoint to check if you are enrolled in any second 8-week classes:
