PREPARING FOR SPRING 2026 REGISTRATION

Validating Your Schedule

Even though a class is in your shopping cart doesn't mean you can enroll into it. Some classes will have prerequisites, be reserved for certain student populations, or may fill up by the time you can register. Some examples include:

Sections with an "H" in their number which are reserved for students in the honors program

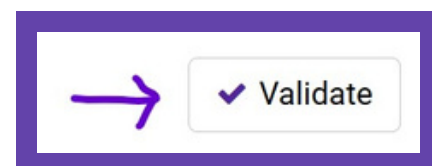

Classes that are reserved for specific majors or online students

Day(s) & Location(s):
F 9:00am - 9:50am - Champions Hall (MCCH) 110
Dates: 03/27/2026 - 05/08/2026
Notes: Enrollment limited to HSW majors ←

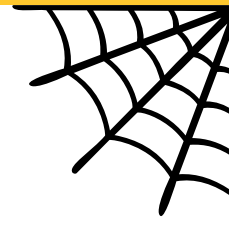

You can check if you can register for a class by clicking on the "Validate" button on your Shopping Cart within Schedule Builder.

The "Validate" button will also alert you if you have any holds on your account that prevent registration!

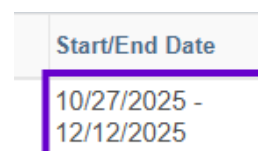

SECOND 8-WEEK CLASSES BEGIN THIS WEEK

Second 8-week classes begin this **Monday, October 27!**

Make sure to review your class schedule within accesSPoint to check if you are enrolled in any second 8-week classes.

WINTERIM REGISTRATION THIS WEEK - OCT 27

Winterim is a class session where students can take up to three credits between January 2 and January 17. Most winterim classes are 100% online and can be helpful to catch up or get ahead on credits. However, be aware they are highly accelerated, requiring significant daily work throughout the session.

Contact your Academic Adviser if thinking about taking a winterim class.

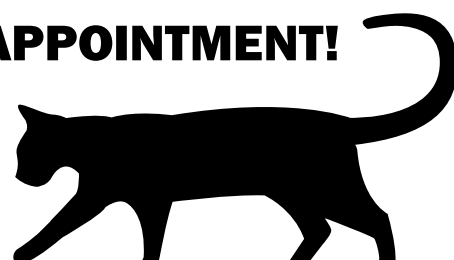

Your “Advisor Hold” will not prevent you from registering for Winterim, however your “Registration Hold” will! If choosing to enroll into a winterim course, **make sure you have completed the “To-Do” task called, “Required Registration Actions” within the “Tasks” tile in accesSPoint.**

REMINDER! SET UP YOUR PEER ADVISING APPOINTMENT!

All first and second semester students advised in the Academic and Career Advising Center meet with a Peer Adviser to learn about **important advising tools and how to register for classes.**

Either visit your UWSP email for a link to schedule a small group appointment with a Peer Adviser, or call our front desk at 715-346-3226.

LAST DAY TO W-DROP CLASSES NEXT WEEK!

The last day students can W-drop full semester classes is next week
Friday, November 7

What is a W-drop?

A class that is W-dropped remains on the student's transcript with the grade of a "W". "W" grades do not have any impact on GPA, and can be a wise choice if passing a class is not possible.

CONTACT YOUR ADVISER

if you are thinking about W-dropping a class so you are aware of any impacts on time to degree.

CAREER CHAT THIS WEEK

Virtual Reputation and Etiquette

OCTOBER 29

4:00 PM - 5:00 PM in CPS 233

Learn the foundations for evaluating your online presence along with brand building basics and email etiquette tips!
