## University of Wisconsin-Stevens Point Housing Policies & Room Assignment Questionnaire

University regulations require all undergraduate students to stay in the residence halls (dormitories) unless they are over 21 years old, married, or third year undergraduate students. Room assignments for new students are in "double" (shared) rooms. Single rooms may be available after one semester of study. Single room assignments are based upon availability and resident seniority (length of time in the residence halls). There is an additional charge for a single room.

Kindly answer the following questions. Your responses will assist the UWSP Office of Residential Living as they make your housing assignment:

1.	Do you smoke?	YES	NO
2.	Would you prefer to live on an alcohol-free floor?	YES	NO

I understand that I must arrive at the University of Wisconsin – Stevens Point prior to the start of the New Student Orientation Program and that I will be charged for housing during orientation week. I may check-in a few days before the start of orientation week and understand that such pre-orientation housing is also charged on a weekly basis. Campus food service will not be available until school begins. I will complete a regular UWSP Office of Residential Living housing contract during orientation.

Date	Month and Year of High School Graduation
	Date
