

# The Monitor

Volume 7, Issue 2  
Fall 2021

*The newsletter of Wisconsin's Citizen Lake Monitoring Network*

## 2022 Lakes & Rivers Convention in Stevens Point

The [2022 Wisconsin Lakes & Rivers Convention](#) intends to be in-person at the Stevens Point Holiday Inn & Convention Center from April 6-8, 2022. The planning team will be monitoring COVID activity over the winter and will make adjustments as necessary to ensure a safe and fun event.

## Please Enter CLMN Data by November 1st

Please submit all of your monitoring data by November 1st or as soon after as possible. This ensures that we have all of your data available as we start generating awards and final reports from 2021. If you need any assistance entering your monitoring data, please contact your Regional CLMN Coordinator.

Click [HERE](#) for an easy tool to find your Regional Coordinator. You can also contact the CLMN Statewide Educator Paul Skawinski at [pskawins@uwsp.edu](mailto:pskawins@uwsp.edu) for help.

Thank you for all of your hard work this season!

## Share your Lake Monitoring Story!

The [2022 Wisconsin Lakes & Rivers Convention](#) planning team is looking for several lake and/or stream monitoring volunteers to share their monitoring experiences as part of a Citizen Science set of short presentations. Each presentation would be 10 minutes, including questions. The audience would likely be 20-40 people, with a mix of other volunteers, lake property owners, and professional staff. Please contact Paul Skawinski at [pskawins@uwsp.edu](mailto:pskawins@uwsp.edu) if you would like to share your story!

## 2021 Annual Data Reports Available Online

Remember that your annual lake monitoring summary reports are available anytime at <https://dnr.wisconsin.gov/topic/lakes/clmn>. Just click on *Graphs & Data by County*, then find your county/lake and click "*Details*" next to your lake name, then on the year under "Annual Reports".

Other types of reports and graphics are available as well, and you can view reports from any year that your lake has participated in CLMN! We encourage you to share these reports with others! You can also find this webpage by visiting the DNR homepage at [dnr.wi.gov](http://dnr.wi.gov) and clicking the magnifying glass in the upper right corner to search for "citizen lake monitoring".

The contents of *The Monitor* do not necessarily reflect the views and policies of UW-Extension, UWSP-CNR, the Wisconsin DNR, or Wisconsin Lakes. Mention of trade names, commercial products, private businesses, or publicly financed programs does not constitute endorsement. Articles in *The Monitor* may be reprinted or reproduced for further distribution with acknowledgement to the author, *The Monitor* (including volume and issue numbers), and the Wisconsin Lakes Partnership. If you need this material in an alternative format, please contact our office.
