

Aquatic Plants with Finely Divided Leaves

**Eurasian
water-milfoil**

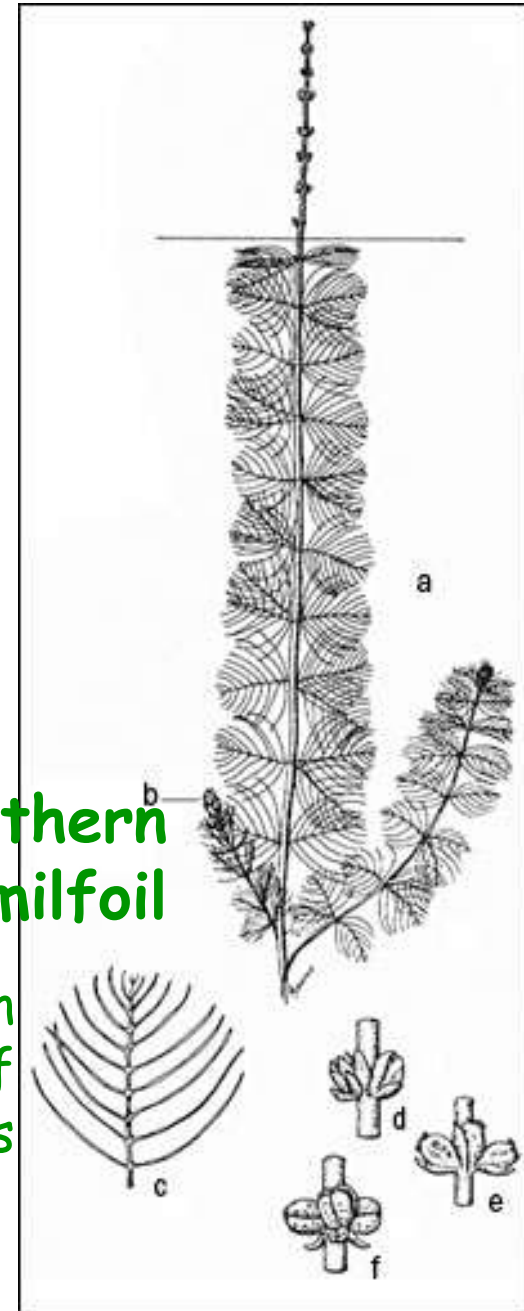

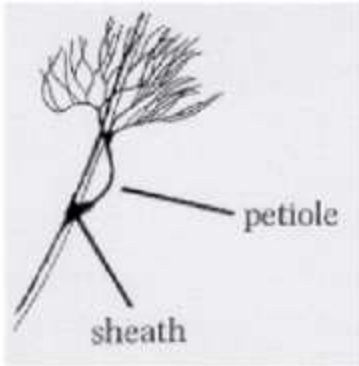

**More than
12 pairs of
leaflets**

**Water-milfoil
have leaves like
feathers**

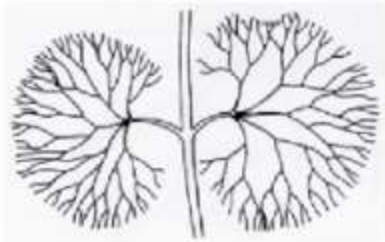

**Northern
water-milfoil**

**Fewer than
12 pairs of
leaflets**

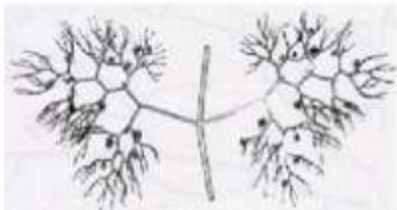

White water crowfoot

Fanwort

Water marigold

Bladderwort

Plants with Finely Divided Leaves: Water-milfoil

<i>Myriophyllum sibiricum</i>	Northern water-milfoil
<i>Myriophyllum spicatum</i>	Eurasian water-milfoil
<i>Myriophyllum verticillatum</i>	Whorled water-milfoil
<i>Myriophyllum heterophyllum</i>	Various-leaved water-milfoil
<i>Myriophyllum farwellii</i>	Farwell's water-milfoil
<i>Myriophyllum alterniflorum</i>	Alternate-flowered water-milfoil
<i>(Myriophyllum tenellum)</i>	<i>(Dwarf water-milfoil)*</i>

*not finely divided

Myriophyllum spicatum
Eurasian water-milfoil

Myriophyllum sibiricum
Northern water-milfoil

Myriophyllum verticillatum

Whorled water-milfoil

- Green or brown stem
- Long, limp leaves
- Club-shaped turions

*Myriophyllum
verticillatum*

Whorled
water-milfoil

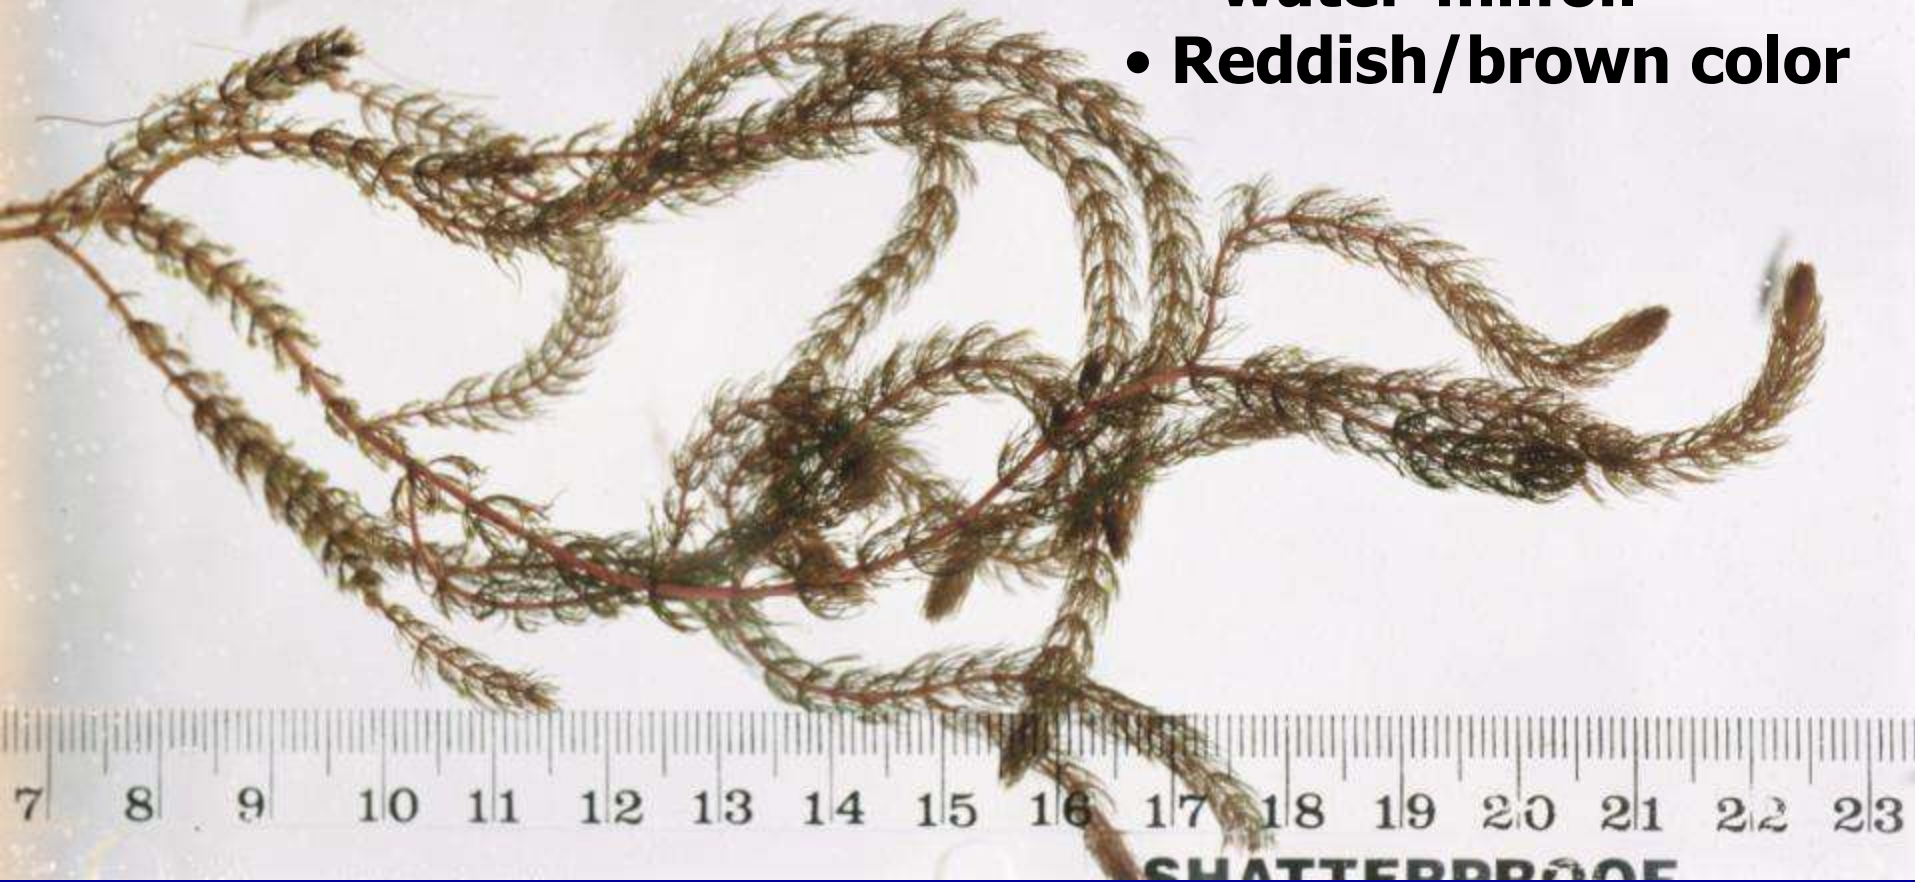

Winter buds (turions)
Seen in fall

Myriophyllum alterniflorum

Alternate-flowered water-milfoil

- **Smaller than other water-milfoil**
- **Reddish/brown color**

Myriophyllum heterophyllum
Various-leaved water-milfoil

Myriophyllum aquaticum
1996 Kerry Dressler

Plants with Finely Divided Leaves: Bladderworts

- *Utricularia vulgaris*
- *Utricularia purpurea*
- *Utricularia geminiscapa*
- *Utricularia intermedia*
- Other *Utricularia*

Utricularia vulgaris
Common bladderwort

- Leaves covered with bladders
- Turion at tip in late summer

Utricularia purpurea
Purple bladderwort

www.BestCarnivorousPlants.com

Leaves in whorls
Bladders near leaf tips

Utricularia geminiscapa
Twin-stemmed
bladderwort

cleistogamous
fruit

Utricularia intermedia
Flat-leaf bladderwort

Utricularia intermedia
Flat-leaf bladderwort

Other Plants with Finely Divided Leaves

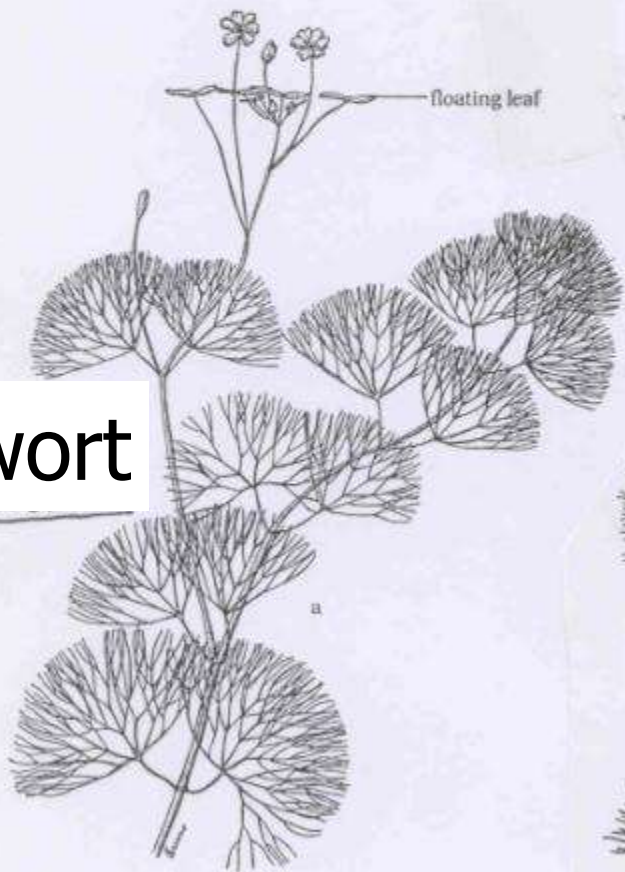

- *Megalodonta beckii*
- *Cabomba caroliniana*
- *Ceratophyllum demersum*
- *Ceratophyllum echinatum*
- *Ranunculus aquatilis*
