

A photograph of a white water lily flower in full bloom, centered in the upper half of the frame. The flower is reflected in the dark water below it. The background is a blurred forest of green trees under a bright sky. The overall mood is serene and natural.

*Thanks to all the people who work in so many ways  
to protect Wisconsin's legacy of lakes.*

*Many are never formally recognized for their  
contributions, but they all certainly deserve  
our thanks.*
