## How Many Are We?

---

---

---

---

---

---

---

### My Educated Guess

- Somewhere between 250,000 and 500,000 individuals.
- Approximately 1 or 2 out of every 1,000 Americans.

4

---

---

---

---

---

---

---

---

### Today's Topic

The 99.9% of Americans who are not our peers and do not speak our tribal dialect.

5

---

---

---

---

---

---

---

---

### How Well Do We Know Them?

A survey of 12,000 Americans

6

---

---

---

---

---

---

---

---

---

---

---

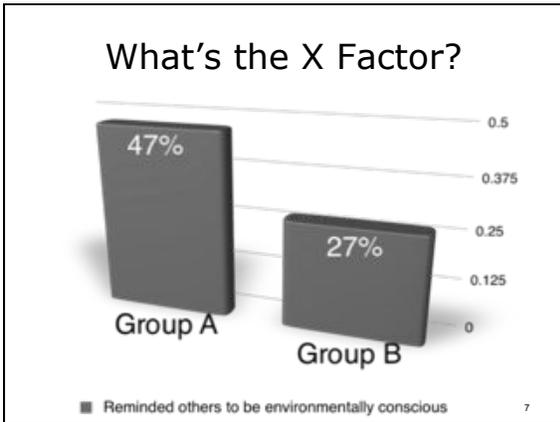

---

---

---

---

---

---

---

---

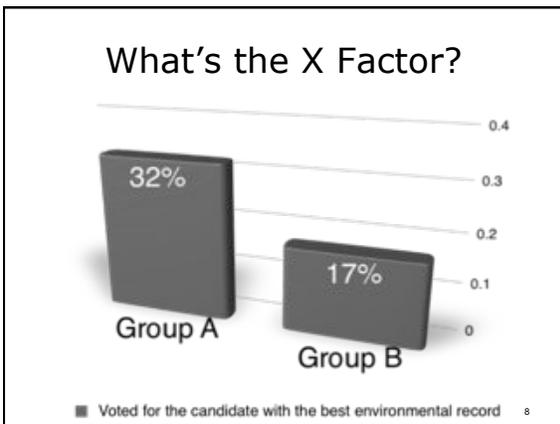

---

---

---

---

---

---

---

---

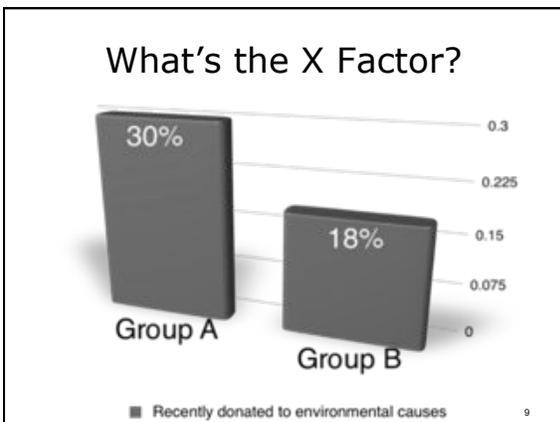

---

---

---

---

---

The Answer Is...

---

---

---

---

---

---

---

Group B agrees with this statement:  
“The actions of a single person like me  
*won't make any difference...*”

11

---

---

---

---

---

---

---

**This Presentation**

- **Encouragement** and **leadership** produce conservation action from citizens -- *not* information
- Local residents think what you do is important and they want you to succeed.
- But **our poor communications** saps citizens' confidence in themselves. It amounts to **elitism** that excludes many people
- The first step towards communicating more effectively is to clearly visualize who you are trying to reach

---

---

---

---

---

---

---

Local residents think what you do is important and they want you to succeed.

---

---

---

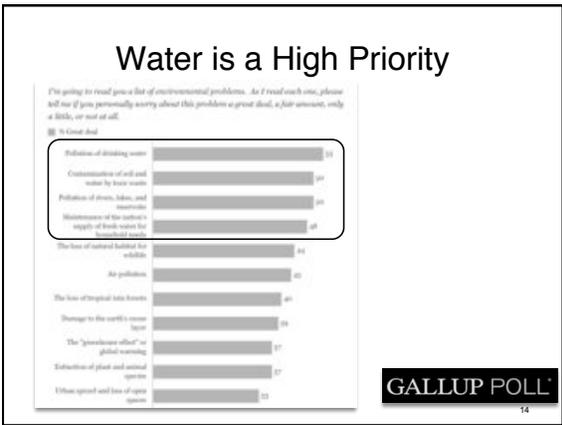

---

---

---

---

---

---

---

---

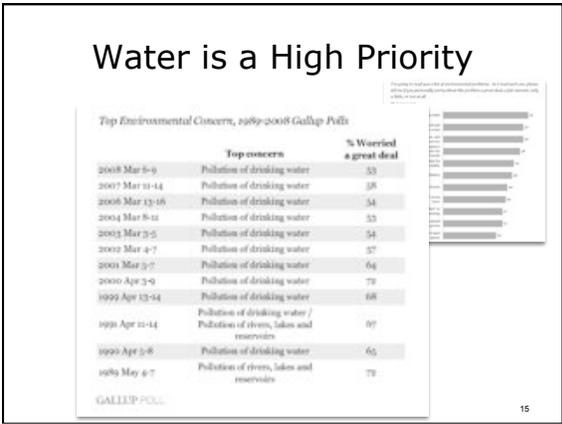

---

---

---

---

---

---

---

---

---

---

---

---

---

Water is High Priority  
Here, Too

16

---

---

---

---

---

---

---

---

But our poor  
communications saps  
citizens' confidence in  
*themselves*

What's A Watershed?

28

---

---

---

---

---

---

---

What's A Watershed?

52% 48%

● Guess Right  
● Guess Wrong

29

---

---

---

---

---

---

---

Poor communications  
amounts to de facto  
*elitism*

30

---

---

---

---

---

---

---

### What's A Watershed?

It's a drain pool!

31

---

---

---

---

---

---

---

---

### What's A Watershed?

Education	Percentage
High School	47%
Some College	58%
B.A./B.S.	69%
MBA, Ph.D.	77%

32

---

---

---

---

---

---

---

---

### What's A Watershed?

Where you go to the bathroom?

33

---

---

---

---

---

---

---

---

---

---

---

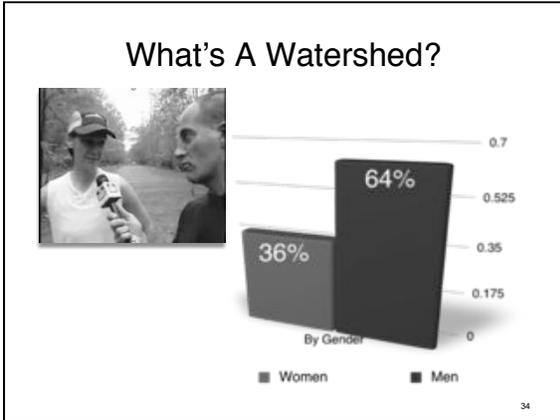

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

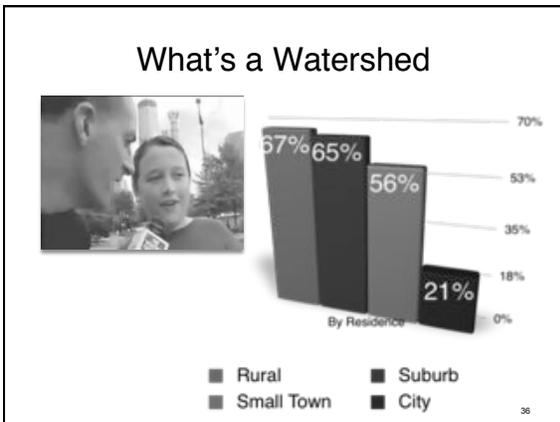

---

---

---

---

---

### What's A Watershed?

Water...Shed...?

37

---

---

---

---

---

---

---

---

### What's A Watershed?

Race	Percentage
Black	36%
Asian	53%
Hispanic	58%
Caucasian	65%

By Race

38

---

---

---

---

---

---

---

---

### What's a Watershed?

Sweating, I guess?

39

---

---

---

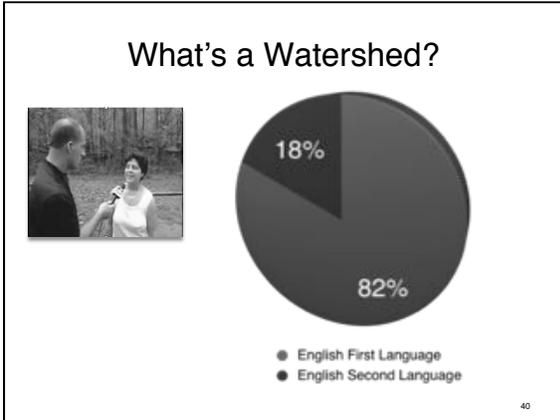

---

---

---

---

---

---

---

---

---

---

---

---

---

### Sustainable Development

41

---

---

---

---

---

---

---

---

To improve our communications, we must reconnect with our fellow citizens

42

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

### Your Everyday Citizens

- 7 Caucasians, 3 minorities
- 6 voters
- 5 men, 5 women
- 4 follow news
- 3 College grads
- 2 Speak English as a second language
- **No conservation professionals**
- **No avid outdoors enthusiasts**

---

---

---

---

---

---

---

---

### Exercise #1

Demographic Factor	Statistically Higher Vocabulary/Confidence	Statistically Lower Vocabulary/Confidence
Gender	Male	Female
Age	Middle Aged	Younger, Older
Education	B.A. and Higher	Junior College and Less
Race	Caucasians	All Others
Income	Higher	Lower
Residence	Rural, Suburban	Urban

---

---

---

---

---

---

---

---

**Exercise #1:**  
**Anticipate Confidence Levels**

- Review the piece of professional shoptalk provided
- Get to know your 10 everyday citizens, imagine them reading this piece
- Rank them from #1 (**Most Confident**) to #10 (**Least Confident**) reading it
- *It's not about whether they agree with it.*
- *You decide whether their demographic traits or personal story are more important*
