Bill Cook Chapter of the Izaak Walton League
Stevens Point, WI

Introduction to Shotguns and Archery

EVENT DESCRIPTION

Join us for a safe and fun course that will introduce you to recreational shooting with shotguns and archery equipment. Participants will learn hands-on firearm and archery safety from certified, patient instructors. After you become familiar with the guns and bows available to shoot during the course, you will head out to the shooting ranges for one-on-one target shooting lessons. There will be a variety of shotguns, compound bows and crossbows. We'll wrap up the day with a lesson in gun cleaning.

No experience is necessary and all the equipment - bows, firearms, ammunition, targets, ear and eye protection - will be provided. This workshop is designed for beginners but also appropriate for anyone who wants to brush up on their shooting skills, or try a gun or a bow that they have not had the opportunity to shoot before.

This is an excellent opportunity to learn to shoot in a safe environment with the support of other women

The workshop will be held at the Bill Cook Chapter of the Izaak Walton League property and Conservation Center located just east of Stevens Point. The grounds consist of 147 acres of managed forest with the scenic Plover River passing through it. The large Conservation Center offers meeting space, a stone fireplace and modern restrooms.

HOW TO REGISTER

The registration fee is \$125 and includes lunch. There are just 12 spots available in this one-of-a-kind BOW-signature program designed specifically for women. **See page two for registration information and the event schedule.**

College of Natural Resources
University of Wisconsin - Stevens Point

Becoming an Outdoors-Woman workshops focus on learning outdoor skills. Workshop activities are balanced between hunting and shooting, fishing and boating, and non-consumptive activities like camping and canoeing. Workshops are designed primarily for women and are learning opportunities for anyone 18 years and older. Our participants range in age from 18-80+. BOW is a non-profit, outreach education program at UWSP and supported by the WI DNR.
