FAMILY NATURE PROGRAMS

Join UW-Stevens Point student naturalists for free programs that explore the outdoors. All ages invited! Programs are held outdoors, so dress for the weather. Registration required. Please e-mail schmeeckle@uwsp.edu to register.

April 2022

Mighty Muskrat*

Saturday, Apr. 2, 2-3 p.m.

Invisibility! Endless appetite! Trailblazer! Let's dive into the powers of our supersecret muskrat friends. Many visitors miss the mysterious muskrat in the waterways of Schmeeckle. Find out more about the real superhero of the marsh! *Meet at the south beach of Lake Joanis

In-CAW!-parable Crows

Tuesday, Apr. 5, 6-7 p.m.

Flying high in the sky, we tend to see crows, well... everywhere. Crows, the craftiest of birds, have many tricks up their wings to thrive in our changing world. Come along to discover their survival secrets as we soar into the life of this urban dweller!

Notes of Spring

Tuesday, Apr. 12, 6-7 p.m.

Calling all croakers! It's time to join Schmeeckle's frog chorus! From sopranos to basses, hop on by to listen to the stories, songs, and calls behind spring's elegantly orchestrated symphony.

Cattail Curiosities!

Thursday, Apr. 14, 6-7 p.m.

What does a water filter, a roll of insulation, and a grocery store have in common? These are all ways a cattail protects and feeds many animal species, including us! Be blown away by the many wonders of this marvelous marsh inhabitant.

Friday, May 6, 7-9:30 p.m.

The Candlelight Hike Festival returns!

Schmeeckle: The Musical

All programs meet at the woodchipped picnic area near the Amphitheater unless noted above.
