Re: WEEB 2009-2011 Biennial Budget Request

Dear Governor Doyle:

As Chairperson of the Wisconsin Environmental Education Board (WEEB), I understand the severity of the State's current budget situation, yet recognize it is a particularly critical time to invest in environmental education with renewed and sustained efforts, in the following manner:

1. ***Return WEEB GPR grant funding to its original level of \$200,000 per year for general environmental education*** (Reinstate 20.285 (1) (ee) eliminated in 2001, within schedule 36.54(2) for environmental education grants)
2. ***Increase WEEB administrative resources 10% (\$1500) over the original 1990 appropriation.***
3. ***Add 0.5 FTE to administer the forestry education/school forest grant programs taken on since 1990.***

WEEB grants have historically reached many of Wisconsin's counties, delivering the science-based environmental education needed to inform and inspire our citizenry. Particularly for general EE, restored permanent funding will allow us to reach thousands more citizens throughout the entire State, rather than turning away hundreds of worthwhile projects as we currently have to do.
