Dear Ms. Bohm Hagedorn:

Thank you for writing as Chair of the Wisconsin Environmental Education Board to let me know about your priorities for the 2009-2011 state budget.

I appreciated reading both of your letters and will share your comments with my budget and policy staff.

We are facing a \$5.4 billion deficit and no options are off the table in terms of addressing the shortfall, but I will be glad to keep your requests in mind as the budget process moves forward.

Sincerely,

Jim Doyle
Governor
