Congratulations to the 2022-23 CNR Outstanding Teacher Award Recipient: Jason Riddle

“A wise man once said, “Check yourself before you statistically wreck yourself”, and that man was Jason Riddle. He is an amazing teacher who can make even stats fun!”

“Riddle makes class of 200+ students easy to learn in. Lectures are straight to the point but very detailed. He also doesn't fail to make a joke that lightens up the class. Genuinely a nice professor, easy to get along with, and very easy to approach!”

“He really goes above and beyond to create a valuable and enjoyable learning environment for students and respects our individual needs. Outstanding!!”

“Dr. Riddle constantly shows appreciation and support for students. He is one of the most helpful and understanding professors I have ever had and continuously reaches out to students and makes sure that they are doing well in their classes and in their personal lives. As an advisor and as a professor he makes sure that his students are achieving as much as they can and will do anything to support them.”

“During Treehaven Dr. Riddle helped support me as a student who had to deal with unfortunate circumstances during my time. He made sure to keep in contact and keep up to date on the situation and my overall wellbeing. Without Riddle during my time at Treehaven I genuinely cannot imagine how it would have gone. Even in passing on campus he will ask how I am doing and be an overall positive figure. As someone who has not had any classes with Riddle outside of Treehaven, I can still say that he is a standout professor, who I am thankful for every day as a UWSP student.”
Best Wishes Fall ‘22 CNR Graduates!
Congrats! You did it!
We wish you all the very best!

Don’t forget to take the graduation exit survey!

A special farewell to CNR SCC Peer Mentors:
Aiden Gehrke, Maddie Hartlaub, and Hayden Walkush
We miss you already! Thank you for everything!

Aiden (Left) is taking some well deserved time off while he seeks his next journey and prepares for graduate school interviews!

Maddie (Middle) will be returning to UWSP in the fall to start grad school! Over the summer she will be working with Prairie Dogs and Black Footed Ferrets in the Badlands!

Hayden (Right) will be moving to Michigan State University to be a technician for a team of masters students studying white tailed deer!

All three also received the Chancellor’s Leadership Award. We are so proud of you!
