Plant TA and Course TA

Deadline: Friday Dec. 2

New COVID 19 Protocol

Check out UWSP’s new COVID-19 protocol here!
Black Bear Ecology and Management Guest Speaker

Join the Black Bear Ecology and Management class as we learn about the use of Karelian Bear Dogs to reduce Human-Bear Conflicts on **Monday 11/21 5-6pm in TNR 320 OR via Zoom (Here)**. The Wind River Bear Institute (WRBI) is on a mission to reduce human-wildlife conflict and advance the use of dogs as “Wildlife K-9” (WK9) to improve the safety and effectiveness of Wildlife Professionals worldwide. Director, Nils Pedersen, of Fairbanks, Alaska will present on the history of WRBI and our contributions to the world of wildlife conservation, including: development of Bear Spray, the first use of contact projectiles (rubber bullets, bean bags) on grizzly bears, the "hard release" technique, principles of Bear Shepherding, and the creation of Karelian Bear Dog, WK9, for wildlife management.

EpiPen Training —Great for CNR Students!

Students are welcome to attend new EpiPen trainings. The first one will be taking place in the **DUC Laird room from 5pm to 7:30pm on Tuesday, November 15th**. You will learn how to operate various epinephrine devices and become certified to carry and administer such devices. This training is important for those who come into contact with large groups of people where anaphylaxis can occur. The more people we train on campus, the safer our campus will be for all! More trainings will occur if you cannot make this one. If you have any questions please direct them to the Student Health Director Corinn Fritz at **sga.student.health.services.student.director@uwsp.edu**

2023 Jim and Katie Krause CNR Student Research Symposium

The 2023 Jim and Katie Krause CNR Student Research Symposium will take place on **Friday, April 21st**.

Come help us plan for the symposium, our committee is looking for new members! **We will be meeting on November 17th at 5:00pm in TNR 320**! If you have any questions, please email **cnrurs@uwsp.edu**
NRES 390

NRES 390, Nature Interpretation in Wisconsin: A Changing Climate, will be offered in the Spring Semester. This 1 credit course teaches how to interpret major ecological communities of Wisconsin, their relationship to landforms and climate, key plants and animals, their interrelationship and the effect of human activities. Travel to off-site, local areas.

Registration for Spring Semester

Registration for the spring semester opens November 21st! Meet with your advisor to get your “advisor hold” lifted! To release the “registration hold” update your emergency contact info under Tasks tile in AccesSPoint.

WINR Gear Grab!

Women in Natural Resources is hosting a gear grab on November 21st at 6PM in TNR 320. Professional and field clothes will be up for grabs, so start collecting items to bring now!

A donation box is located in the CNR SSC (TNR 122) for you to drop off your unwanted gear!

NRES Student Tutor in DUC Study Hub

Are you a natural resources student looking for help studying for your classes? Starting this week there will be a natural resources student tutor in the DUC Hub (room 205)

Tuesdays from 12:00-2:00 pm and Wednesdays from 2:30-4:00 pm.

Treehaven/Campus 2023 Information

Information about the traditional Treehaven and Campus Summer Field Experiences (SFE) will happen in December.

Please refer to CNR SFE Info page for updated information as we have it or stop in the CNR SSC (TNR 122) with questions.

Interested in Teaching Hunter Safety?

NRES 210 will be offered the second half of spring Semester, 3/27-5/12. In this course you will learn how to teach courses in hunter safety, as prescribed by the WI Dept of Natural Resources; related ethics, and public policy.

This week’s CNR Spotlight goes to Emily Gilbertson! Last week Emily attended the International Soil, Agronomy, and Crop Science Conference along with other members of Soil and Water Conservation Society. While at the conference Emily placed 3rd overall in the pedology contest!

Congratulations Emily!

Nominate Someone Today!

Is there someone in your classes who you feel deserves to be recognized for all of the hard work that they do? Is there a faculty or staff member that you would love to show your appreciation to? Do you know someone doing some cool research? All of these are reasons to nominate someone to be featured in the CNR Spotlight! We are very proud of our College of Natural Resources community and we want to celebrate our victories together. Make someone’s day by nominating them HERE!
