ATTENTION UWSP STUDENTS!

As you all know, hunting is an important management tool that both state and federal managers implement to ensure healthy wildlife populations. Hunting also provides an opportunity to harvest wild meat to eat and an excuse to get outside!

If you currently do not hunt waterfowl, and would like the opportunity to learn and take part in a safe and mentored waterfowl hunt then you are invited to join Delta Waterfowl's North American University Hunting Program **October 7 & 8, 2023.**

As part of this program, you will:

1. Complete the required hunter education course (if not already completed).
2. Participate in a shooting skills instruction day at a local shooting range.
3. Participate in a safe and responsible mentored waterfowl hunt.

Interested students should contact (ASAP):
