College of Natural Resources
University of Wisconsin-Stevens Point

The Wisconsin Center for Wildlife invites you to join us for the final seminar in the WCW 2025 Spring Seminar Series. See the [WCW website](#) for more information on this exciting seminar!

CNR Spotlight

Dr. Kevin Masarik
Director and Extension
Specialist:
Center for Watershed Science
and Education
Assistant Professor of
Fisheries and Water
Resources

He is a great professor and very helpful!!

Kevin is the goat. Incredible teacher and great mentor for research projects.

Dr. Masarik is one of the best professors to teach in the CNR. He is an amazing lecturer, able to take complex topics in hydrogeology and make them easy to understand and remember. He is also very insightful about the water resources industry and is always willing to give me advice regarding internships or networking. Easily one of the most valuable professors in the CNR. He is also very kind, always asking about his students and willing to listen to us.

He treats us like colleagues and equals, not like employees or students, and is an advocate for us. He is one of the most respected professors among myself and other students in water resources, really demonstrates that respect is a two way street.

Kevin has been an excellent role model and mentor. I feel he really wants to help and make people understand material when he teaches, and he's extremely approachable. I have nothing but good things to say about Kevin and I believe he deserves the recognition for always going above and beyond.

Nominate a CNR Student or Faculty Member Today!

Is there someone in the CNR who deserves recognition for their hard work? Nominate them to be featured in the *CNR Spotlight* in the CNR Reporter! We are very proud of our College of Natural Resources community and we want to celebrate our victories together.

Make someone's day by nominating them [HERE!](#)

Summer 2025 Timetable Available Now

You can see summer class offerings under the “my classes” tile in AccesSPoint. Make sure to take note of your class registration time!

Summer Registration is March 24th—March 27th

If you have been accepted for Summer Field Experience, you will receive an email with directions on how to register. Stay tuned and check your email!
