ACADEMIC COACHING

UWSP TUTORING-LEARNING CENTER

What is Academic Coaching?

Does any of this sound familiar?

- I don't know how to study in college
- I just need help getting started on my homework
- I feel overwhelmed and disorganized
- I can't seem to stay on top of on online coursework

We can help!

Academic Coaching provides opportunities for students who need a bit of support and accountability.

If you are looking for strategies in time management, study skills, test-taking or issues with test anxiety, motivation, textbook comprehension, or issues with learning online or learning from home, Academic Coaching can help.

How does it work? Ready for a study session?

- Make an appointment with a Peer Academic Coach or an Academic Coaching Coordinator through Navigate.
- Bring in your laptop, notes, books, and other supplies you will need to prepare. Work with an academic coach to get organized, find a good study method, ask to be quizzed, and have various check-ins to see how you're doing.
