## Nicholas Jeisy

Major: Ecosystem Restoration and Management

Certs: Forest Health; Timber Marking

Year: Senior

Involvement: Society for Ecological Restoration: Schmeekle Site Steward & active member, 115 hours volunteering removing invasives, collecting and spreading seed, and planting trees

I would love to shout out all of the wonderful officers that help make SER possible, and the beautifully kind and "very anonymous" person who nominated me.

-Nic

Nic is an amazing person with so much passion for the wellbeing of the environment. He works hard in every class, even in ones most would call benign, making sure to set time aside in his busy schedule to study and read the material. Nic has been in SER for several years now, as well as a steward. He helps people out whenever he can, too; whether it be small- like noticing you forgot something at your table- or big- like letting you rant about your problems and helping you find solutions.

He takes advantage of every opportunity he can, never hesitating to better himself in any way possible. I admire the courage, tenacity, care, dedication, and perseverance Nic exhibits everyday. I can't wait to see what awaits him in the future; I've no doubt he'll make a positive difference wherever

he ends up.
