# What makes you feel like you belong?

We need your help to better understand what makes CNR students feel like they belong in their chosen majors. Participate in a survey to share factors you think increase your success as a student.

\*Survey includes sensitive topics of microaggressions and sexual harassment\*

# Event Spotlight: Sustainability Fashion Show

**Last Thursday, the Office of Sustainability put on their 3rd annual fashion show after a one year hiatus. The event featured 29 different UWSP students, faculty, and staff showing off sustainably-sourced outfits according to their category. Many of the outfits came from UWSP's own free thrift store: The Closet! Good work to everyone who participated!**

## Erin Haase

Year: 4th

Major: Wildlife Education and Interpretation

Minors: Biology, Captive Wildlife, Creative Writing

Involvement: Herpetology Society—Social Media Manager, Rising Voices Poetry Society—Vice President, Internship in reptile lab, conducting research on animal-human behavioral interaction with exotics for therapy

I would love to give a shout out to Abigail Hollaway, a CNR student who always goes above and beyond to help fellow classmates and employees. Always offering a hand or bit of advice from that which they have knowledge of.

Since I can't name them all I will just name Professor Becca Franzen is also someone, among our many amazing professors who go above and beyond for their students and advisees.

-Erin

Erin is a hard worker and wonderful friend. She works as a lab manager for the Herpetology Society, has been their education officer, and more all while being a full time student and working in dining which often requires her to work late nights. All while doing this she has managed to maintain relationships with her family and friends.
