The SSC is Hiring Soon!

We will be hiring for the position of peer mentor for the next academic year! Keep an eye on Quest for the application if you are interested in joining the CNR SSC Team!

“How to Survive Treehaven”

Are you not sure what to expect at Summer Field Experience? Stressing over what to bring and what kinds of clothes to pack? Women in Natural Resources hosted a “How to Survive Treehaven” workshop to answer all of your questions and offer tips and tricks! It was recorded for your convenience!

Click HERE to view the Zoom Recording!

The WEAL Lab is Hiring!

The Water and Environmental Analysis Laboratory (WEAL) is hiring for multiple positions. Applications will be reviewed as received. All positions require work the entire summer (requests for time off for vacations, etc., may be considered). Students have the opportunity to continue working in the WEAL as a laboratory assistant during the school year.

**Laboratory Assistant:** Applicants must have an interest in chemistry. Completion of introductory chemistry coursework and laboratory skills are a plus. The position involves the preparation and analysis of water samples for determination of quality. Students will gain knowledge of water sampling techniques and water quality standards in a DNR and DATCP certified lab.

**Field assistant:** Determining Proper Nutrient and Heavy Metal Contents in WI Septage to Manage Current WI Regulations (with Dr. Rob Michitsch).

**Field assistant:** DNR Statewide PFAS Well Testing Study

Click [HERE](#) to view the full job descriptions

Applications are available in the WEAL Office (TNR 201). Direct questions and return completed application to: Amy Nitka anitka@uwsp.edu

Have Photos You Would Like to See in the Reporter?

We are in need of your photography skills! Would you like to see your photos as the cover of the CNR Reporter? Send your submissions to cnr.reporter@uwsp.edu

“The Wisconsin Center for Wildlife invites you to join us for the final seminar in the 2022 CNR Spring Seminar Series, “History, Successes, and Challenges in Natural Resources Decision-Making.” The series continues **Wednesday, April 27, at 4 pm** in Room 170 of the Natural Resources Building. Can’t come in person? Join us live online on the [CNR’s YouTube channel](https://www.youtube.com/cnr)!

Mąąšusga (Jon Greendeer) presents “**Environmental Policy and the Fight to the Table**”.

Jon Greendeer is the Health and Wellness Coordinator for the Ho-Chunk Nation, Community Health and Wellness. Environmental preservation, advocacy, and policy change can happen but not without effective strategies. Laws and policymaking are not as "citizen driven" as our candy-coated brochures like to convey. Just getting to The Table where decisions are made takes strength, endurance, resources, and the right tools. We'll explore how getting to that important place of influence can clear paths for the next generation of environmental advocates.

Free and open to all!
Visit the New TLC Study Hub—DUC 205!

What will it do?
- Provide a productive and low-distraction study space
- Provide a space to work on online coursework
- Allow for goal-directed study time
- Provide academic success resources and handouts
- Be staffed with an academic coach

What will it not do?

Provide specific course content tutoring. If you are looking for support with specific content, please visit the Tutoring-Learning Center Homepage to learn about different tutoring opportunities available.

Catch Up With the Academic and Career Advising Center!

Looking to find a **summer job** or **internship** but don’t know where to start? Click HERE for an informational video on resources and strategies! The Academic and Career Advising Center had lots of useful tools on their website to aid you in your search!

Additionally, you can check out the CNR Job Board!

Or stop by the CNR SSC (TNR 122) to make an appointment with your Peer Mentors to discuss topics like job searches, resume building, and more!
HUNGER & HOMELESSNESS IN STEVENS POINT

The Cupboard and WISPIRG are teaming up to hold a panel about Hunger and Homelessness in Stevens Point. Join us to hear from community groups about how we can strengthen our community against hunger and homelessness, and learn about resources available if you are experiencing hunger and homelessness.

Attendees will be given the chance to directly address panelists, ask questions, and contribute to this discussion!

Panelists include: Ed Wilson (Stevens Point Hope Center Director), Kelly Hammond (FoodWise Nutrition Coordinator, Portage, Wood & Clark Counties), Jess Bowers (UWSP Associate Professor and Field Coordinator Department of Sociology and Social Work)

WEDNESDAY, MAY 11
12:00 - 1:00 PM

Ethan Scott

This week’s CNR Spotlight has landed on Ethan Scott! Ethan is a Fisheries and Aquatic Sciences major with a minor in Biology. He was nominated by Trent Kloepping for being an exceptional role model and friend through this academic year. Ethan is involved in the American Fisheries Society, Ichthyology and Aquarium Science Society, Archery club and Big Dawg Bass club, of which he was the treasurer for. Ethan says that his favorite part of being in the CNR is the friendships and professional connections he has been able to make during his time here.

Nominate Someone Today!

Is there someone in your classes who you feel deserves to be recognized for all of the hard work that they do? Is there a faculty or staff member that you would love to show your appreciation to? Do you know someone doing some cool research? All of these are reasons to nominate someone to be featured in the CNR Spotlight! We are very proud of our College of Natural Resources community and we want to celebrate our victories together. Make someone’s day by nominating them HERE!
