SFE Wader Try-Ons (Required)

Planning on going to Treehaven? Included in your equipment pack is a pair of chest waders that you will receive upon your check-in at your assigned SFE session. The size you indicate on your SFE application will be the size you receive. You are REQUIRED to come to a time listed below to verify the size indicated on your application correctly fits. We have a variety of sizes to try on. If you need a non standard size we will do our best to accommodate you. If you are unable to make one of the following times, please let Tim Sattler (715-346-4664 or CNR.Stockroom@uwsp.edu) know. If you choose not to come, you will receive the waders indicated by your shoe size on your SFE application. The waders you try on might not be the exact make/model you receive.

Nominate Someone Today!

Is there someone in your classes who you feel deserves to be recognized for all of the hard work that they do? Is there a faculty or staff member that you would love to show your appreciation to? Do you know someone doing some cool research? All of these are reasons to nominate someone to be featured in the CNR Spotlight! We are very proud of our College of Natural Resources community and we want to celebrate our victories together. Make someone’s day by nominating them HERE.

Luke Tittelwitz

Luke is a Wildlife Ecology and Resource Management major, with minors in Biology, Conservation Biology, and International Resource Management! He was nominated by Tess Bigalke for his tendency to “go above and beyond in all things he’s involved in.”

Aside from being a full time student, Luke is the Secretary of the UWSP Pointer Pep Band, and the co-leader and founder of the TWS Freshwater Mussel project. He has participated in a number of research projects including looking into mercury and parasite levels found in the blood of Red-Shouldered Hawks.

Some of Luke’s favorite memories from his time in the CNR come from his study abroad trip in Costa Rica! “I learned a lot, made a lot of friends, and can’t wait to go back! The trip is amazing and the things you get to see, do, and witness open your eyes to the amazing parts of our world. The experience helped me further shape my career for the future!”
