APPLIED OBOE LESSONS

Mus 168-468

Stacey Berk, Associate Professor of Oboe/Music Theory

OFFICE: 304 Noel Fine Arts Center
PHONE: 715-346-3133 (home phone 715-256-1526)
E-MAIL: sberk@uwsp.edu
OFFICE HOURS: posted on door

Lessons will be arranged during the first week of classes, and will begin the second week of classes. Each student is responsible for practicing 1 1/2 hours per day for two credit lessons, or 2 1/2 to 3 hours or more for four credit lessons, and each student is expected to make substantive progress in reed making.

Required Materials:

Barret Oboe Method and/or Ferling Studies
Reed making materials (cane, staples, tools)
Metronome & Tuner
The purchase of each solo studied in the lessons (\$20-30/semester)
SD card for recording lessons

Attendance:

Attendance is mandatory. If a lesson must be missed, notify me as soon as possible. If the absence is valid, a make-up lesson will be scheduled. Missed lessons without notification will receive an F for the lesson.

E-mail policy:

Students are expected to check their e-mail regularly for announcements.

Recital Attendance:

Oboe students are expected to attend ALL oboe performances on campus. Attendance at other concerts/recitals is highly recommended. The Music Department "Recital Attendance" policy is:

- Attendance at 15 recitals/concerts/Colloquia [at least 5 must be Colloquia] each semester will be expected for each student studying applied music during their undergraduate study in the Music Department. (Concerts in which you perform do NOT count toward your 15.)
- Administration and enforcement of this policy will be through the applied studio instructors. (Failure to attend 15 concerts will result in a grade of "Incomplete" for private lessons.)
- Programs should be signed by the attendee and turned in to Prof. Berk at the next lesson.

2011-2012

Reed/Studio Class:

Oboe Studio class meets Fall semester on Fridays at 10:00 (Spring semester time TBD) in Room 304. All oboe students are expected to attend, bringing sufficient reed-making supplies. We will be making reeds, working on orchestral excerpts, reading oboe and double reed ensemble works, discussing recordings, and studying and discussing other oboe-related topics. We will periodically use this hour to perform for each other.

Grading:

Every lesson is graded. Grading is based on the following:

- How well the weekly assignment was prepared
 - Improvement
 - Attitude – willingness and interest in learning and improving
 - Attendance
- Significant progress is expected in each area studied in order to receive an A for the semester grade.
 - An unexcused absence receives a grade of F for that lesson.
 - 25% of the semester grade will be based on the semester performance assessment (formerly called a jury)
 - 75% of the semester grade will be based on the weekly grades, ability level compared to a standard, and overall progress.
 - If a student is placed on probation, the highest grade they may receive that semester for applied study is a “C”. Exceptions can only be granted through consultation with the area coordinator and the department chair.

Performance:

As public performance is essential in mastery of the oboe, every student is expected to perform in a student recital at least once a year. The student is responsible for finding and paying an accompanist for the performances. As accompanists are limited, find one early, and plan to have the accompanist attend some lessons before the recital performance or performance assessment.

Performance Assessments:

Each student’s performance ability is assessed at the end of each semester of applied study. This performance assessment, traditionally referred to as a jury, is presented during exam week to each student’s applied teacher and respective faculty. Students will be given the opportunity for a post-performance assessment consultation with me before the end of each semester.
