

Runoff Curve Number

Upper Couderay River Watershed
Sawyer and Washburn Counties, WI

STINETT

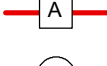

Data Sources

Runoff Curve Number calculated from: 1) land cover (USDA NASS), 2) cover condition (high runoff potential) and 3) hydrologic soil group (NRCS SSURGO). A high estimate of runoff potential was applied to represent a worst-case scenario.

Tax parcels from the Sawyer County Land Records Department, acquired June 2016. Agricultural Tax Parcels selected by tax assessment attributes indicating agricultural land use. Agricultural land uses on parcels with tax exempt status are not included.

Map crafted by Kyle McNair, edited by Douglas Miskowiak. Version 12-09-2016.

Water Runoff Volume

-  High Water Runoff Volume
-  Low Water Runoff Volume
-  Agricultural Tax Parcels
-  Cranberry Operators
-  Surface Waters
-  Streams & Flow Direction
-  Watershed Boundary
-  County Boundary
-  Lac Courte Oreilles Reservation
-  Minor Civil Divisions
-  County Roads
-  State Roads
