Group Respite Grant Program (GRGP)

The Group Respite Grant Program (GRGP) provides funding for group activities for those living with disabilities, while also giving their primary caregivers or other family members a short break.

Caregiver Respite Grant Program (CRGP)

Our Caregiver Respite Grant Program (CRGP) provides financial support for primary caregivers for up to five days of respite care within a 90-day period.

The grant allows you to hire a respite provider of your choice, so you have an opportunity to rest, refresh, and recharge. This grant is available when financial support through other caregiver support or long-term care waiver programs are not available or exhausted.

Community Outreach, Recruitment, and Education Grant Program (CORE)

CORE grants are designed to assist communities, regions, or consortiums with local outreach, education, and training assistance through one-day, on-site recruitment, outreach, training, and educational events.

CORE grants are meant to support events and activities that:

1. Expand the pool of trained respite care providers by hosting recruitment and outreach events,
2. Educate family caregivers about long-term care resources including respite care, and
3. Collaborate with agencies that support family caregivers, including but not limited to ADRC's, County CLTS, and CCOP staff, Tribes.

Supplemental Respite Care Grant (SRGP)

The SRGP is to support primary caregivers who cannot be served by other caregiver support programs or Long-Term Support Waiver Programs (Family Care, IRIS, CLTS, CCOP, NFSCP, AFCSP, Foster Care, Kinship Care) by providing \$250 every ninety days (up to \$1,000 per year) of funding for specific supplemental respite services.
