

Family Voices Online Trainings

Around the state, or in the comfort of your home, we have trainings to help you advocate for and navigate the many services available to your child and your family. Materials are available in English and Spanish. Check them out at familyvoiceswi.org/learn.

Did You Know? Now You Know!

Learn about all the resources and services for children with disabilities and special health care needs from birth through young adulthood. Topics include private health insurance, Medicaid, long-term supports, how to coordinate services and so much more.

What's After High School?

Learn about the transition to adult life for youth with disabilities and special health care needs. Topics include: envisioning a youth's future in the community, the role of schools, long-term supports and public benefits, transitioning to adult health care, supported decision making options and other legal options, advocacy, employment, housing and living, and the fundamentals of self-determination.

Coordinating Your Child's Health Care

This training was created to help you partner with your child's care team. It explains the concepts of care coordination, a medical home and integrated health care for every child. You'll learn about tools, like Care Mapping and Shared Plans of Care, to help you keep up with all of the changes in your child's world. This training has family-centered ideas, and includes videos, tools and resources.

Medicaid Made Easy

Our newest online training is ready for you! It gives you a solid understanding of Medicaid programs for children and how they're funded. Most importantly, it's focused on how these programs work for Wisconsin families.
