**When Do I Buy an Insurance Plan?**

**Open Enrollment:** An annual window during which individuals and employees may add or drop their health insurance or make changes to their coverage.

- Open enrollment period for the Marketplace is November 1 – December 15\*
- Employers have variable Open Enrollment times
- Outside open enrollment you need a qualifying life event to buy health insurance
  - Have a baby
  - Get married
  - Lose a job

\* These dates may change annually. Be sure to check with your insurance carrier.

## What's the Benefits Plan?

- It defines what is, and what is not covered
  - Insurance will **ONLY** cover what's written in the Benefits Plan
- It's a legally binding contract between you and your insurance company

16

---

---

---

---

---

---

---

---

## What is in Your Benefits Plan?

What's covered and not covered, or excluded

Who makes medical decisions if you choose to go out of network\*

Whether the policy can be automatically renewed or cancelled

Contact information if you have a question about the policy

Amount of your deductibles, co-pays and co-insurance

The appeal process if a claim is denied

Which providers are in network\*

Limits on services and therapies

\*Network: A group of providers that your insurance company works with most often. If your insurance plan includes a network, you may have to pay more to see a provider who isn't in your plan's network.

## Medicaid

**What?**

- What is Medicaid
- Three common sources of Medicaid
- What Medicaid can pay for
- Medicaid and your private insurance

**Why?**

- Being on Medicaid can open other doors
- Getting the most from the Medicaid Program

### What's Medicaid?

Ensuring America Healthy

- Goal: To provide **basic** health care services
- It's called: Katie Beckett, Title 19, BadgerCare Plus, Medical Assistance and MA
- A **federal** program
- Managed and partially funded by individual states
  - Different in every state

Wisconsin's Medicaid is handled by the Department of Health Services (DHS)

20

---

---

---

---

---

---

---

---

20

### Is My Child Eligible for Medicaid?

There are 3 ways to define eligibility for Medicaid\*

1. **Disability:** (Katie Beckett)  
Considers only child's income
2. **Income:** (BadgerCare Plus)  
Considers family income  
Do not need a disability
3. **Disability and Income:** (SSI)  
Supplemental Security Income  
Considers both disability and income

\*Proof of citizenship is required for all programs

21

- Your child must have a “marked and severe” limitation in functioning for at least 1 year
- Your child’s disability must require an “institutional” level of care
  - This will be assessed every year using the CLTS Functional Screen tool
- Your child is under the age of 19
- Only child’s income is considered; not family income and assets
- Children may also be covered under private insurance

22

**BadgerCare Plus:**  
A health care coverage program for low-income Wisconsin residents.

**Is My Child a Good Fit for BadgerCare Plus?**

Family income limit based on 306% of the Federal Poverty Level for child eligibility
 

- Limit will vary annually

To apply, go to [ACCESS.wi.gov](http://ACCESS.wi.gov)

When can I enroll my child?
 

- Any time—BadgerCare Plus does not have an open enrollment period

23

23

**Supplemental Security Income (SSI):**  
A program offered through the Social Security  
Administration that provides monthly cash benefits and Wisconsin Medicaid to those who qualify.

**Disability Standard**

- Your child must have a “marked and severe” limitation in functioning
  - This limitation, or condition, must last for at least 1 year

**AND**

**Income Standard**

- For children *under* 18-years old, family income is considered
- For youth *over* 18-years old, individual’s own income is considered

## Mandatory Services in Wisconsin's State Medicaid Plan

(Red indicates mandatory federal services):

- Case management services
- Chiropractic services
- Dental services
- Family planning services
- EPSDT (Health Check), including autism treatment services
- Home and Community-Based Services Waivers (including CLTS)
- Home health services or nursing
- Hospice care
- Inpatient hospital services
- Inpatient hospital, nursing home
- Intermediate care facility services
- Laboratory and X-ray services
- Drugs listed in Wisconsin's Medicaid drug index
- Medical supplies and equipment
- Mental health and psychosocial rehabilitative services
- Nurse midwife services
- Nursing services
- Optometric
- Outpatient hospital services
- Personal care services
- Physical and occupational therapy
- Physician services
- Podiatry services
- Prenatal care coordination
- Respiratory care services
- Rural health clinic services
- Skilled nursing home services
- Speech, hearing and language disorder
- Substance abuse services
- Transportation to obtain medical care

25

## MEDICAID: Covered Mental Health Services

**Medicaid covers a variety of supports, services and medications for children with mental health or behavioral health challenges:**

- Visits with private or community-based mental health providers
- County-administered, mental health programs
  - For children with more complex mental health, behavioral or substance abuse needs
    - Coordinated Services Teams (CST): "Wraparound" program-intensive, holistic care planning
    - Comprehensive Community Services (CCS): Community-based supports and services
  - Family is an important team member as treatment and service plans are made

**HealthCheck Other Services (HCOS):** An option to cover mental health services not typically covered by Medicaid card, like residential or day treatment programs

26

## Do You Know What the Medicaid Card Pays for?

- Diapers for children age 4 and over
- Medical transportation
- Over-the-counter medications\*
- Services needed due to “medical necessity” including:
  - Mental Health Services
  - Personal Care Services
  - Behavioral Therapy

\*"Health Check Other Services" may need to be used to access services.

27

## Respite Care vs Personal Care: *What's the Difference?*

## Respite Care Services

- Short-term relief or “time off” from caregiving responsibilities for parents and families
- Can be provided at home or in the community
- Paid for by state and county programs including CCOP and CLTS Waivers

## Personal Care Services

- Assists a child with daily-living activities like feeding, toileting, bathing and dressing
- **MUST** be provided in the home
- Paid for as a Medicaid Card benefit

28

# MEDICAID: What if Your Child has Both Medicaid & Private Insurance?

## Medicaid is the Payer of Last Resort!

- All other insurance plans pay claims first
- Medicaid will only pay claims that private insurance has formally denied
  - All services **must** be billed to private insurance first, or Medicaid will **not** pay
- Medicaid can cover private insurance co-pays
- Medicaid can cover additional therapies and services for your child above those covered by your private health plan

29

30

30

## Children's Long-Term Support Medicaid Waivers

**What?**

- Eligibility
- CLTS Functional Screen
- What do they provide
- What are outcomes/goals

**Why?**

- Knowing how to apply can streamline the process
- If eligible, these programs can reduce stress on families

32

32

---

---

---

---

---

---

## What Is the CLTS Waiver Program?

**Long-Term Supports:**  
Programs and services that help an individual live in the community.

**Some Examples:**

- Adaptive aids
- Home modifications
- Parent training and education
- Peer supports
- Respite
- Specialized equipment
- Vehicle modifications

33

---

---

---

---

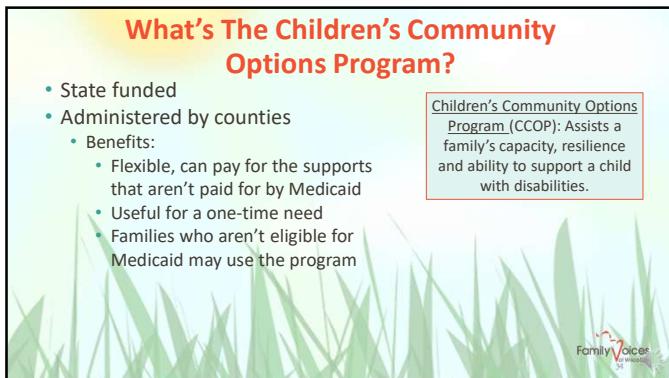

---

---

**What's The Children's Community Options Program?**

- State funded
- Administered by counties
- Benefits:
  - Flexible, can pay for the supports that aren't paid for by Medicaid
  - Useful for a one-time need
  - Families who aren't eligible for Medicaid may use the program

Children's Community Options Program (CCOP): Assists a family's capacity, resilience and ability to support a child with disabilities.

---

---

---

---

---

---

---

34

**Paying for Additional Costs while at Daycare**

- Extra staffing and supervision
- Special toys and art supplies
- Communication devices
- Safety equipment
- Other materials to support a child's goals & exceptional needs

36

## Is My Child Eligible for Long-Term Supports?

- CLTS Waivers require the child to be living with his/her family
- Like the Katie Beckett Program, the child must meet the **institutional\*** level of care in **one** of three areas:
  - Physical disabilities
  - Developmental disabilities
  - Severe emotional disabilities
- A parental cost share is placed on a sliding fee scale
  - Ensures that cost is based on family income

\*The institutional level of care is the same standard used to access Medicaid through the Katie Beckett program. This is decided using the "CLTS Functional Screen."

37

---

---

---

---

---

---

---

### REALITY CHECK: CLTS Functional Screen

**CLTS Functional Screen:** A tool that determines a child's functional eligibility for programs.

- You have the right to **appeal the decision** if your child does not meet the eligibility standards
- Your child may repeat the functional screen in the future
  - Changes in needs or abilities as your child gets older
- You have the right to ask for the functional screen to be done for your child
  - Even if the screener doesn't think that your child will qualify

38

---

---

---

---

---

---

---

### Rosy vs. Realistic: Completing the CLTS Functional Screen

<u>Rosy</u>	vs.	<b>Realistic</b>
Ben can dress himself independently.	vs.	Ben can dress himself independently about one day a week, if I have the right clothes out for him.
Mikayla can communicate her needs to me.	vs.	Most of the time, people who aren't familiar with Mikayla do not know what she wants or can't understand her words or signs.

Decisions about CLTS eligibility are made using the "Functional Screen"

39

---

---

---

---

---

---

---

**What Outcomes or Goals Do I Want for My Child?**

**Think about what you want your child to achieve, accomplish or learn in the next six months, a year or longer**

- What are your fondest dreams for your child?
- What do you find most challenging about your child's condition?

Prior Authorization & Coordination of Services

46

46

---

---

---

---

---

---

Prior Authorization & Coordination of Services

**What?**

- Who approves prior authorizations
- What is medical necessity
- Duplication of service
- How to appeal a decision

**Why?**

- Denial of services is upsetting

47

47

---

---

---

---

---

---

What's Medical Necessity?

Wisconsin has its own definition of Medical Necessity

48

48

---

---

---

---

---

---

## Who Approves Your Prior Authorization?

- Medicaid has dedicated staff at the Department of Health Services to review PA's
- Private insurance companies have their own reviewers for PA's
  - Staff specialize in different area of disability
  - Decisions on PAs are individualized
  - Staff may request extra information to help decide
  - PAs include the time period and amount of services to be approved

49

# Avoiding Duplication of Services

50

<b>Let's Practice! Is this a Duplication of Services?</b>	
<b><u>Physical Therapy Goal</u></b>	
<b>Community-Based:</b> <i>Lucy will independently transfer herself to the toilet and in and out of the bathtub, bed and car.</i>	<b>IEP:</b> <i>Lucy will move independently throughout the school building using a walker and attend classes on time.</i>
Treatment: Improve muscle and trunk strength	Treatment: Gait training with a walker in empty and crowded hallways

51

**Let's Practice! Is this a Duplication of Services?**

**Speech and Language Goal**

<b>Community-Based:</b> <i>Eduardo will improve speech intelligibility.</i>  Treatment: Specific bilabial therapy (two-lip consonants, b, p, m and w)	<b>IEP:</b> <i>Eduardo will be understood by his teachers.</i>  Treatment: Work on diction and production of specific consonants

---

**Let's Practice! Is this a Duplication of Services?**

**Occupational Therapy Goal**

<b>Community-Based:</b> <i>Keesha will strengthen and relearn how to use her right hand following surgery.</i>  Treatment: Mobility exercise and ongoing caregiver training	<b>IEP:</b> <i>Keesha will independently complete classroom assignments using adapted writing instruments.</i>  Treatment: Use of a weighted pencil, positioning adaptations and therapeutic techniques to improve coordination

---

---

---

---

---

---

---

---

**How Can I Appeal a PA Denial?**

Medicaid recipients can request a **Fair Hearing** from the state

A Fair Hearing is **NOT** going to court, and you do **NOT** need an attorney

- Often done as a phone meeting
- You can have someone participate to support you

**1<sup>st</sup>** Write a letter directly to "Wisconsin Department of Administration, Division of Hearings and Appeals"

**2<sup>nd</sup>** Complete the request using the form found on the DHS website

**Important Reminder:** Respond **ONLY** to the reason for the denial as it's written in the letter that you received

58

## Be an Effective Advocate

**Your Voice is Powerful!**

**Speak Up!**

- Speak up and share your opinions
  - You are knowledgeable!
- Don't worry about what you don't know
- Use your experiences in your advocacy
  - It's very powerful
- Choose issues that you feel passionate about
