

OUR PROGRAMS

We offer three programs for court-ordered, at-risk youth on our New London campus.

1 RESIDENTIAL CARE

Rawhide's Residential Care Program benefits court-ordered, at-risk boys from 11 to 18 years old.

Youth homes are operated and staffed by both resident and non-resident staff who are available to the youth 24 hours a day. The homes provide a positive, structured and supportive family-like environment. Outcomes focus on mental health, self-control, respect and responsibility. Youth also attend our year-round, on-campus Starr Academy school, and participate in group and individual therapies at our Counseling Center in New London.

2 ABOUT FACE COMMUNITY SERVICE CORPS

Our About Face Community Service Corps is a success-driven, intensive, residential program with an emphasis on behavioral changes.

This program focuses on high school class improvement, vocational training and community service, in which job trainers work side by side with the boys on construction, landscaping and disaster relief projects. The About Face students alternate between participating in community service projects for two weeks and attending Rawhide's on-site Starr Academy school.

3 GROUP HOME

Our Group Home provides coaching, training and assistance to boys ages 13 to 18 years old as they prepare to return back to their communities.

The group home helps youth achieve their goals of life skills and apply them through community-based social, spiritual, recreational, educational and employment opportunities. We offer a variety of therapy techniques to help them overcome trauma. Youth also attend school either on campus at Starr Academy in New London or at a local high school. Additionally, they hold jobs in their local communities to help with their transition back to their families or independent living.

ALUMNI RESOURCES

Rawhide is there for youth after they leave with our Alumni Services.

These resources include educational support, financial support (such as scholarships) and therapy sessions at our counseling centers around the state and more.

RESIDENTIAL CARE

ABOUT US

Rawhide is a faith-based 501(c)(3) recognized charity that offers Wisconsin's at-risk youth and families a full array of residential and community-based services to equip them with tools to build healthy relationships and behaviors that will help them overcome life's challenges.

OUR MISSION

Being dependent on God, we inspire and equip at-risk youth and their families to lead healthy and responsible lives through family centered care, treatment and education.

At Rawhide, we have a very clear goal: to transform the lives of the youth we serve. To help them through the dark. To show them how to make healthy choices. To inspire them to realize their potential. To equip them with the tools for success.

OUR SERVICES

These services offer individualized treatments for the court-ordered youth to heal at our New London facility.

THERAPY

Youth & Family Counseling

Our counseling services offer individual, group and equine-assisted therapy for youth and their families struggling with behavioral and mental health conditions on our New London campus. Therapists use a blend of styles and approaches (i.e., cognitive, behavioral, emotional, social and spiritual) tailored to meet the needs of each client.

In addition to New London, we have counseling centers in Appleton, Fond du Lac, Green Bay, Glendale and Shiocton to continue caring for youth who reenter the community after completing their Rawhide program.

CHAPS Equine-Assisted Therapy

For some youth, spending time with a horse can help break down barriers, allowing them to work through trauma and overcome behavioral and mental health struggles, such as anxiety, depression, trauma, ADHD, suicidal thoughts and more.

Our CHAPS Equine-Assisted Therapy program creates a safe, judgment-free zone and builds trust—not just with the horse but also between youth and therapist. We offer our residential and group home youth equine-assisted therapy on our New London campus. Equine therapy is also available at our Fond du Lac and Shiocton, Milwaukee and Neenah locations.

Occupational Therapy

Through our comprehensive assessment process, youth can participate in occupational therapy services to help improve their cognitive, physical, sensory and motor skills, as well as their confidence.

EDUCATION

Starr Academy

Starr Academy, located on the New London campus, is a fully accredited school through the Wisconsin Religious and Independent Schools Accreditation (WRISA). Students earn credits in core subjects (i.e., math, reading, social studies, science and physical education) and participate in job training programs. Each student receives an individual education plan and one-on-one time with our academic instructors and mentors to ensure youth reach their goals.

Work Experience Program

Our Work Experience Program prepares our motivated, at-risk youth for successful employment after discharging from Rawhide. This program cultivates the appropriate skills and strong work ethic that will help youth obtain and maintain employment once they return to their community. On campus work opportunities are available in the vehicle program, equine program, facilities and food service.

Young Life

Rawhide partners with Young Life, which is a Christian, nonprofit organization that introduces adolescents to Jesus Christ and helps them grow in their faith. Youth have the option to attend weekly meetings and activities. Young Life ministry staff model Jesus' work on earth by building bridges of authentic friendship with youth and meeting them exactly where they're at in life.
