

Position Title: Marshfield Health Clinic Volunteer

Paid Volunteer

Description (include age/grade levels, any specific subject areas, specific dates):

The Wisconsin Out of School Time Alliance is seeking college students to assist with various community projects during the upcoming semester and summer. These projects are designed to address critical health and wellness needs within our community, providing students with hands-on experience in public health, community engagement, and project management.

We believe that this partnership will not only benefit the students by enhancing their academic and professional skills but also make a significant positive impact on the communities we serve.

Marshfield Clinic Health System Student Engagement Projects:

Create short STEAM/STEM activities for grades 3 to 6 for our SCI-Friday social media posts. These activities are shared with out-of-school time professionals to incorporate into their OST program.

- Project objectives: 6 to 8 activities
- Locations: Online
- Estimated time 20 to 30 hours. We are looking for multiple students for this project.

Content creation for our SDOH and Mental Health Webinars, Podcasts, and Blogs. Students will work with our Health Educators to complete these projects.

- Project objectives 4 to 5 blogs and assist with podcasts and webinars.
- Locations: Online
- Estimated time 40 hours.

Food Insecurity coalition: you will provide facilitation support to our selected area host sites on Food Insecurity issues, such as collaborating with local coalitions on cooking classes, menu/recipe ideas, hydroponic gardening, and food pantry initiatives.

- Project objectives: coordinate online meetings and meeting notes, assist with coalition events and other tasks as assigned.
- Locations: Park Falls & Rhinelander (would like students or groups or pairs of students for both sites).
- Estimated time: more than 40 hours.

Collaborate with our Advocacy consultant on policy and advocacy newsletters, regional meetings, and the creation of policies.

- Project objectives: 4 to 5 newsletters, attend one regional meeting if available and other tasks as assigned.
- Locations: Online
- Estimated time 40 hours.

Create a template for an electronic resource (example here). Our system has a few E-books that are shared as Professional Development resources for our key stakeholders, we would like a template created for future books.

- Project objectives: create one template, create several icons for 3 future books.
- Locations: Online
- Estimated time 40 hours.

If you are interested in any one of these opportunities or would like more information about a certain opportunity, please reach out to me via email or phone and we can set up a time to connect.
