FACILITY SERVICES ANNIVERSARIES

CONGRATULATIONS TO THE
FOLLOWING EMPLOYEE
WHO IS CELEBRATING AN
ANNIVERSARY AT UWSP IN
MARCH

TROY EKSTROM
Heating Plant Operator
25 years of service

THANK YOU
FOR YOUR SERVICE TROY!

Volunteer Coordinator for the Student Involvement and Employment Office, Michele Miller takes some time to explain the process that students go through in order to make use of "The Cupboard" to some of our T.E.A.M. members. The Cupboard is a campus organization that helps students that may encounter short-term financial emergencies and find themselves choosing between buying food and paying other bills. The Cupboard was created to help students meet their basic needs so that they can focus on succeeding in school.

Below, several T.E.A.M. members were excited to present The Cupboard with a donation of \$60.00 on February 15th, 2017.

L-R: Vicki Meronk; Mary Mueller; Pam Botwinski; Student Coordinator for The Cupboard, Kaitlyn Wanta; Darcy Loomis; Doreen Peltier and SIEO Volunteer Coordinator, Michele Miller .

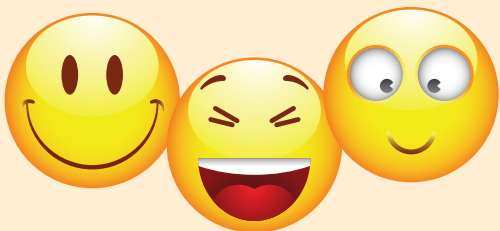

Teacher: "Which book has helped you the most in your life?"

Student: "My father's check book!"

A man got hit in the head with a can of Coke, but he was alright because it was a soft drink.

Q: What do computers eat for a snack?
A: Microchips!

220 YEARS OF INNOVATION

The first United States Patent titled "Clothes Washing" was granted to Nathaniel Briggs of New Hampshire on March 28th, 1797.

This was known as the Box Mangle. It consisted of a heavy frame containing a large box filled with rocks, resting on a series of long wooden rollers. Washing was laid flat on a sheet and wound round one of the rollers. Two people pulled on levers to move the heavy box back and forth over the rollers. It was large and expensive and required heavy labor to operate.
