University of Wisconsin

STEVENS POINT • MARSHFIELD • WAUSAU

Financial aid has a language all its own – one with lots of acronyms and industry-specific terms that can sound scary. This glossary will take some of the mystery out of these terms and help you make the best decisions about your financial aid offer.

## [Student Aid Index \(SAI\):](#)

An index number that your college's financial aid office uses to determine how much federal student aid you are eligible for. This number is not a dollar amount of aid eligibility or what your family is expected to provide.

## [Cost of Attendance \(COA\):](#)

An estimate of how much it costs to attend a college. The COA includes the price of tuition and fees, housing and meals, books and supplies and other expenses associated with attending that school. [Learn about our COA here.](#)

## [Financial need:](#)

The difference between the Student Aid Index (SAI) and a college's Cost of Attendance (COA).

## [Net price:](#)

How much it will cost you to attend a school for one year after your scholarships and grants are subtracted from the COA.
