Position Summary	<p>The College of Natural Resources has a full-time, tenure track, nine-month academic year teaching (100%) position available in the Forestry Discipline. Depending on qualifications, the successful candidate will teach undergraduate courses including forest ecology, fire management and ecology, range management and fire prevention and management. In addition, this position will advise the UWSP Fire Crew (undergraduate student organization) and coordinate Federal fire-related modules. Additional teaching responsibilities may include lab or lecture in our core introductory natural resources courses and graduate courses in our Master of Science and Master of Natural Resources (MNR) programs. Teaching a minimum of three weeks during Summer Field Experience at one the College of Natural Resources field stations or in the International Environmental Studies Seminar for additional compensation is required. Other duties include undergraduate and graduate student advising, and participation on University and College committees. Opportunities exist for involvement in established research, outreach and international programs to meet University scholarship and service requirements. A desire to work with diverse populations of learners and stakeholders is expected.</p>
