Department	Forestry
Department Description	The Forestry Discipline is in the College of Natural Resources (CNR) at the University of Wisconsin-Stevens Point (www.uwsp.edu/cnr/) and is one of the largest undergraduate forestry programs in North America with more than 300 undergraduate majors in four options. All options are accredited by the Society of American Foresters. The CNR has approximately 1,550 undergraduates, 50 graduate students, and over 130 faculty and staff. The College supports premier undergraduate natural resource programs with disciplines in Environment and Society, Fisheries and Water Resources, Forestry, Soil and Waste Resources, Wildlife Ecology, and the Department of Paper Science and Chemical Engineering.
University Description	Through the discovery and dissemination of knowledge, UW-Stevens Point stimulates intellectual growth, provides a liberal education, and prepares students for a diverse sustainable world. The university is committed to creating a safe, inclusive learning community for all faculty and staff from a variety of backgrounds. Visit https://www.uwsp.edu/join-uw-stevens-point/ for more information about UW-Stevens Point.
Position Summary	The College of Natural Resources (CNR) at the University of Wisconsin-Stevens Point has a full-time, tenure-track, nine-month academic year teaching (100%) position in the Forestry Discipline. The successful applicant will have expertise in forest biometrics, with the opportunity to develop and teach courses in forest and natural resource inventory and monitoring, computational modeling, and/or GIS/remote sensing in forestry and/or fire applications. Additional teaching opportunities will depend on qualifications and may include CNR core curriculum (e.g., Introduction to Fisheries, Forestry, and Wildlife). The teaching load for full-time faculty is 12-credits per semester. Teaching a minimum of three weeks during the summer in the College's Summer Field Experience (at the Treehaven Field Station or elsewhere) or participating in the International Field Experiences in Natural Resources Management for additional compensation is required. Other duties include undergraduate and graduate student advising, service on University and College committees, and scholarship production including the engagement of undergraduates in research opportunities. Opportunities exist for involvement in established research, outreach, and international programs to meet University scholarship and service requirements. Experience in, and a desire to work with, an array of student learning experiences and backgrounds is expected. Schedule: Varied Hours. Evening hours will be required.

Required Qualifications	<p><u>Schedule: Varied Hours. Evening hours will be required.</u></p> <ul style="list-style-type: none"> • Ph.D. in Forestry or closely related field (e.g., natural resources) or will have an earned Ph.D. prior to the start date (August 25, 2025, or negotiable).
Preferred Qualifications	<ul style="list-style-type: none"> • One additional post-secondary degree (B.S., Master's) in Forestry. • Experience in forest biometry and one of the following areas: inventory and monitoring, computational modeling, carbon assessment, GIS/remote sensing in forestry & fire applications. • Demonstrated teaching experience in subjects related to forest inventory or methods to model or obtain data in forested environments to make natural resource management decisions. • Knowledge of forest field techniques or tools used in analysis of forest and forest fire environments, such as sampling design, forest growth and yield modeling, and statistical analyses. • Demonstrated ability to conduct research and/or secure external funding. • Commitment and experience in working with diverse communities of students and partners.
How To Apply	<p>This position and instructions on how to apply are located on our website. Please be sure to complete all required fields and include all required documents before submitting your application. To return to a draft application, click on the My Activities link at the top of the screen after logging in. Once you click on Submit Application, you will not be able to edit or attach any application materials. After submitting the application, you will receive an Application Confirmation email from the application system. Refer to the How To Apply document for more information.</p>
Anticipated Appointment Date	<p>August, 2025</p>
Terms of Employment	<p>This is a tenure-track, academic year based faculty position. Salary will be commensurate with qualifications and experience.</p> <p>Please note that successful applicants are responsible for ensuring their eligibility to work in the United States (i.e., a citizen or national of the United States, a lawful permanent resident, or a foreign national authorized to work in the United States) on or before the effective date of appointment. UW-Stevens Point will offer H-1B or other work authorization visa sponsorship for this position.</p>
Deadline and Required Materials	<p>TO ENSURE CONSIDERATION: Applications received by 02/02/2025 are ensured full consideration. Applications received after that date may be given consideration at the discretion of the search committee. Application materials will be evaluated and the most qualified applicants will be invited to participate in the next step of the selection process. Incomplete and/or late application materials may not receive consideration.</p> <p>Files must be complete to be considered. Submission in PDF format is preferred for all attachments. Please include the following documents:</p> <ul style="list-style-type: none"> - Cover letter addressing qualifications and experience - Resume/Curriculum Vitae - Three professional references, one being a manager - Unofficial Transcripts - Statement of Teaching Philosophy - Statement of Research Interest <p>(Official Transcripts may be required of finalist)</p>
