**Volume 15, No. 2
March 2016**

In the **Wausau Homes Learning Center**, both student-tutors and coordinator Andy Karr offer students assistance on all writing assignments, and so much more:

- ◆ We help with papers beyond just English! Tutors have experience in psychology, history, sociology, philosophy and even biology!
- ◆ Don't just bring your final draft; we can work with you the moment you get an assignment! Many students find it worthwhile to come in more than once!
- ◆ We can help you with brainstorming, outlining, organizing, and refining your flow and grammar, as well as those pesky citations!
- ◆ We can also help you discuss disciplinary reading material! We can offer you strategies that will make it easier to get through the long academic articles you're assigned and understand the material you need!
