INTRODUCTORY

THE publishers take great pleasure and not a little pride in presenting to their patrons the first Stevens Point City Directory under their management. That it will meet with the approval of the citizens we feel assured. The work has been done by experienced men whose sole business is directory making; no expense of any kind has been spared and we are certain that Stevens Point has what it needs—A DIRECTORY THAT DIRECTS. We are under obligations to all the people of Stevens Point—the general public, for the unvarying courtesy with which they gave the necessary information—the business community for their financial assistance, without which it is unnecessary to state, the work could not have been completed. It is our intention to publish the future directories of the city, giving our best efforts toward making each edition better than the previous one, and ask the co-operation of all public spirited business men to that end.

The population of the city is at least 11,000.

Respectfully,

FARRELL-McCOY DIRECTORY CO.

Rockford, Ill.
