

### **Suzuki Harp Equipment List:**

Appropriately sized harp (your teacher can direct you to the right size instrument and tell you where to rent/purchase it)

Adjustable bench (a keyboard bench is good)

Footstools (a small step stool is ideal)

Tuner

Tuning Key

Microphone tuner pick-up

Notebook

Recording device

Suzuki Harp Method Book 1

Suzuki Harp Method CD 1

Nail clippers

Soft cleaning cloth

### **Care of the harp:**

Prevent exposure to direct sunlight and extreme temperatures

Control humidity within a 10-20% range

No food or beverages near the harp

Tune the harp every day

Change strings when they break or become false

Dust harp with a soft cloth, and clean with wood soap or harp polish as needed

During cold, dry months rub lemon oil into the soundboard once a month

If you own a pedal harp, have it regulated annually

Ask your teacher or harp regulator about any unusual sounds (buzzes, twangs, clicks, etc) before doing any repairs on the harp yourself
