

**CLS 427: CLINICAL PARASITOLOGY**  
**Fall 2016**

**Instructor:** Reed Brooks  
**Office:** D-133 Science  
**Email:** [rbrooks@uwsp.edu](mailto:rbrooks@uwsp.edu)  
**Office Hours:** Tuesdays 10-11 & 12-2; Thursdays 10-11

**COURSE DESCRIPTION**

Clinical Parasitology. 1 cr. Study and identification of human parasites of medical significance. Identify clinical signs, symptoms, treatment and epidemiology associated with human parasitic disease. Examine specimen collection and transportation. Explore laboratory methods used to detect and identify parasites.

**PREREQUISITE** Biology 333

**CORE ABILITIES:**

- Communicate Effectively ~verbally & in writing
- Think Critically
- Exercise Problem-Solving Skills
- Work Collaboratively in Diverse Teams
- Respect Cultural Diversity & Pluralism

**SHCP PROGRAM OUTCOMES:**

This course addresses the following SHCP program outcomes. Student work clearly demonstrates development of the skills, knowledge, attitudes & behaviors identified in outcomes: 1 – 12.

**LEARNING OUTCOMES**

1. Gain an appreciation of the importance of parasitic infection in human health and disease.
2. Define general terms used in parasitology.
3. Develop a working knowledge of laboratory techniques and procedures pertaining to specimen collection, concentration, staining and identification of parasites.
4. Use appropriate safety protocol when in the laboratory.
5. Detect and identify parasites of medical importance.
6. Utilize given case history and pertinent information to identify the causative parasite.
7. Complete projects successfully as a member of the class, as a member of a group, and as an individual.

## **FORMAT**

One hour of lecture and two hours laboratory per week for eight weeks.

## **COURSE GRADING**

93 – 100	A	77 – 79	C+
90 – 92	A-	73 – 76	C
87 – 89	B+	70 – 72	C-
83 – 86	B	67 – 69	D+
80 – 82	B-	60 – 66	D
		Below 60	F

Plus or minus grades may be used at the discretion of the instructor.

## **EXAMS**

1. Five quizzes (D2L) (See schedule for due dates/times)
2. One laboratory (practical) final exam
3. Comprehensive written final exam

## **JOURNAL REVIEW**

Evidence Based Practice/Medicine is an important component to being a competent clinical professional. Evidence based practice is useful for clinical laboratory scientists to use as a means to finding answers to clinical problems. It involves generating questions (often because of a clinical problem) and then finding answers to those problems in the literature using online databases such as pubmed, google scholar, etc and then taking those findings and implementing them into your practice.

Part of the laboratory requirement thus includes weekly journal reviews. Each week 2-3 students will come ready to discuss a recent (within the last 3 years) literature article that pertains to an organism covered in the current week's lab. A sign-up sheet will be provided during the first laboratory period. Students simply need to provide an overview of the article to the class.

## **DERIVATION OF COURSE GRADE**

Laboratory (assignments, journal review, professionalism, etc.)	25%
D2L Quizzes	30%
Final exam (written comprehensive)	25%
Practical Laboratory Final Exam	20%

## **TEXTBOOK AND REFERENCES**

1. **Required Text:**  
Leventhal & Cheadle, *Medical Parasitology, A Self-Instructional Text*  
6<sup>th</sup> ed.
2. **Reference Texts**
  - 1) Zeibig *Clinical Paristology A Practical Approach* 2nd Edition.
  - 2) Forbes, Sahm, Weissfeld, Bailey & Scott's *Diagnostic Microbiology*  
12<sup>th</sup> ed.
3. **Web Resources**

## **ATTENDANCE:**

1. **Attendance is mandatory in both lecture & lab.** However, if your schedule takes you away, please ask a peer for notes or to record the lecture for you. It is your responsibility to obtain missed lecture material. **There will be no make-up labs**, therefore it is expected that you will attend one of the two lab sessions for the week. Please notify the instructor prior to the planned absence so arrangements can be made for unknowns on the appropriate day.
2. **Absences will be excused only with appropriate proof** (i.e., note from a physician, funeral notice/card, etc.).

## **Missed/Late Work Policy**

**Missed/late work (assignments, projects, exams, etc.) will receive a zero if not completed by the scheduled due dates or scheduled exam periods unless the student provides the instructor with a doctor's note, coaches note, obituary, etc., as deemed appropriate by the instructor. *Students with proper documentation will be given no more than 72 hours, from the date of the document, to complete all missed work.* It is the student's responsibility to provide the instructor with the documentation and schedule make-up exams and /or submit late assignments, etc. within the 72 hour time-frame; failure to do so will result in a zero.**

**Note: Having to work is not an acceptable reason for missing class and the absence will be deemed unexcused, and result in a zero for any missed school work.**

## **UNIVERSITY POLICIES**

### **Academic Integrity**

The board of regents, administrators, faculty, academic staff and students of the University of Wisconsin system believe that academic honesty and integrity are fundamental to the mission of higher education and of the University of Wisconsin system. The university has a responsibility to promote academic honesty and integrity and to develop procedures to deal effectively with instances of academic dishonesty. Students are responsible for the honest completion and representation of their work, for the appropriate citation of sources, and for respect of others' academic endeavors. Students who violate these standards must be confronted and must accept the consequences of their actions. (Excerpt from UWSP 14.01 STATEMENT OF PRINCIPLES)

**As a student in this class you are expected to maintain academic standards, ethics, and honesty, including UWSP, SHCP, and individual course standards.**

### **Academic Accommodations**

Support services are available for students with disabilities. Any student who has a disability and is in need of classroom and/or exam accommodations, please contact the instructor and the Office of Disability Services as soon as possible.

**The instructor reserves the right to make changes to the syllabus and course content. Any in-class announcements (verbal or written) are considered official addendum to this syllabus. It is the student's responsibility to know what changes have been made. It is the student's responsibility to check D2L and emails for course announcements.**
