

CNMT 110 Object-Oriented Programming – Spring 2021

Instructor:	Weimin He, PhD
Virtual Class Time:	8:00am-9:50am Tuesday and Thursday
Virtual Office Hours:	10:00am-11:00am Tuesday and Thursday
Contact:	Email: whe@uwsp.edu

Course Description

Introduction to object-oriented programming paradigm; definition and use of classes; fundamentals of object-oriented design; development of object-oriented programming language principles; coding in a current object-oriented programming language.

Course Objectives

- Master basic programming constructs such as variable declarations, assignments, decision structures, loops, methods, and arrays
- Understand essential concepts in object-oriented programming such as classes, objects, and inheritance
- Develop Java programs to solve problems close to real world applications

Prerequisites

- CNMT 100 (Principles of Computing)

Textbook

- Starting Out with Java – From Control Structures through Objects, 7th Edition, By Tony Gaddis, Publisher: Pearson

Grading

- 7 Labs (Lab): 42%
- 2 Tests (Test): 24%
- Final Exam: 34% (Comprehensive)

Final grades will be assigned according to the following scale:

A: score ≥ 90 , A⁻: 87 \leq score < 90 ,
B⁺: 83 \leq score < 87 , B: 80 \leq score < 83 , B⁻: 77 \leq score < 80 ,
C⁺: 73 \leq score < 77 , C: 70 \leq score < 73 , C⁻: 67 \leq score < 70 ,
D⁺: 63 \leq score < 67 , D: 60 \leq score < 63 , F: score < 60

I may use lower cutoff points, depending on the overall performance of the class.

Lectures

- Lectures will be delivered using Zoom meetings
- Lecture slides will be posted in Canvas

Assignments and Deadlines

- All assignments will be posted in Canvas. It is your responsibility to check Canvas on a regular basis.
- Due time of a lab will be given in the description file of the lab. You must submit your lab before the due time in Canvas. In general, late submission is NOT accepted for a lab assignment.

Exams

- Both tests and final exam are online, open-book, and open-notes
- Final exam is comprehensive
- In general, any test or exam can NOT be made up

Students with Disabilities

If you require accommodation based on disability, please contact the disability office and me during the first week of the semester to ensure that you are appropriately accommodated.

Academic Misconduct

You are encouraged to discuss assignments with each other and to seek assistance from myself.

However, since assignments are a part of the final grade in the course, you must limit the amount of assistance you receive. Such assistance must be limited to a verbal discussion of the approach to an assignment, and may not include substantive solution of the assignment by the person providing the assistance.

If you submit an assignment which is in whole or in part the work of another person or persons, then you, and any such other person or persons whether enrolled in the class or not, will be dealt with as prescribed by Chapter UWSP 14 of the Rules of the Board of Regents of the University of Wisconsin System, Wisconsin Administrative Code.

Guidance Related To COVID19

Face Coverings:

- At all UW-Stevens Point campus locations, the wearing of face coverings is mandatory in all buildings, including classrooms, laboratories, studios, and other instructional spaces. Any student with a condition that impacts their use of a face covering should contact the [Disability and Assistive Technology Center](#) to discuss accommodations in classes. Please note that unless everyone is wearing a face covering, in-person classes cannot take place. This is university policy and not up to the discretion of individual instructors. Failure to adhere to this requirement could result in formal withdrawal from the course.

Other Guidance:

- Please monitor your own health each day using [this screening tool](#). If you are not feeling well or believe you have been exposed to COVID-19, do not come to class; email your instructor and contact Student Health Service (715-346-4646).
 - As with any type of absence, students are expected to communicate their need to be absent and complete the course requirements as outlined in the syllabus.
- Maintain a minimum of 6 feet of physical distance from others whenever possible.
- Do not congregate in groups before or after class; stagger your arrival and departure from the classroom, lab, or meeting room.
- Wash your hands or use appropriate hand sanitizer regularly and avoid touching your face.
- Please maintain these same healthy practices outside the classroom.
