Course Information

Class Meetings: Online

Location: July 19, 2019 @ CPS 326

Course Description: Using the Understanding By Design (UbD), this course explores “hands – on” activities in a variety of curricula – Art, Math, Music, Science, Creative Movement, Social Studies, Creative Dramatics & Health Education in early childhood classrooms. The course examines theoretical perspectives and implications of EC theorists (e.g. Vygotsky, Howard Gardner, Erik Erikson and the Reggio Emilia approach in EC classrooms) and the integration of globalization, STEM, and diversity in the EC classroom.

Course Learning Outcomes

Enduring Understandings: Participants will understand that

1. Early childhood theorists provide specific framework for planning the learning environment, and curriculum;
2. Globalization, STEM, and appreciation for diversity need to be taught and modeled at the EC level;
3. Findings from research on Brain development in early childhood and Socio-Emotional Learning (SEL) in young children guide classroom practices.

Essential Qs:

- a. Why should we as EC educators pay attention to the socio-emotional learning in children and findings from brain research?
- b. How do EC theorists guide our understanding of children and how we organize their classroom and prepare learning experiences?
- c. Why should we pay attention to teaching global skills & STEM in our EC classrooms?

Learning Outcomes:

Knowledge: (KNOW)

- *Participants will describe the impact of socio-emotional skills and findings from brain research*
- *Participants will discuss ideas shared by EC theorists*

CURRICULUM & METHODS FOR YOUNG CHILDREN (ECED 364/564/764)

- *Participants will be able to identify the essentials of Globalization, STEM, & diversity*

Skills: (ABLE TO DO)

- *Participants will be able to design/produce learning activities based on their knowledge of brain findings*
- *Participants will be able to identify with the perspectives of EC theorists*
- *Participants will be able to construct learning activities that explore globalization, diversity, and STEM in the Early Childhood curriculum.*

Disposition: (VALUE/APPRECIATE)

- *Participants will appreciate different approaches to learning*
- *Participants will value planning meaningful activities for young children*
- *Participants will value how to prepare their young learners for a global world*

You will meet the outcomes listed above through a combination of the following activities in this course:

- Readings and posting Responses –
- Complete Observation & Short paper for integrating specific theoretical concepts in daily curriculum schedule
- Preparation of specific lesson plans
- Application of the Understanding by Design framework to designing lesson plans in Expressive Arts

Instructor Information

Instructor: Oluyomi A. Ogunnaike Ph.D.

Office: Room 448-CPS Building

Virtual Office Hours: 10 – 11:

Participation

Students will participate in all online activities as listed on the course calendar. Participation is worth a total of 20 points.

Assignments Policy

- ✓ Submit all course assignments electronically through CANVASS unless otherwise instructed. Submit all assignments by the given deadline. Notify Dr. Ogunnaike about concerns regarding assignments *before the due date*. No extensions given beyond the next assignment except under extreme circumstances.
- ✓ Complete discussion assignments by the due dates and time. Late or missing discussion assignments will affect the student's grade.
- ✓ Late Work Policy

Example: Be sure to pay close attention to deadlines—there will be no make-up assignments or quizzes, or late work accepted without a serious and compelling reason and instructor approval.

Viewing Grades on CANVASS

Points you receive for graded activities will be posted to the CANVASS. Dr. Ogunnaike will update the online grades each time a grading session has been complete—typically two days following the completion of an activity. You will see a visual indication of new grades posted

Course Policies

Netiquette Guidelines

Netiquette is a set of rules for behaving properly online. Your instructor and fellow students wish to foster a safe online learning environment. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. You are encouraged to comment, question, or critique an idea but you are not to attack an individual. Working as a community of learners, we can build a polite and respectful course community.

The following netiquette tips will enhance the learning experience for everyone in the course:

- Do not dominate any discussion.
- Give other students the opportunity to join in the discussion.
- Do not use offensive language. Present ideas appropriately.
- Be cautious in using Internet language. For example, do not capitalize all letters since this suggests shouting.
- Popular emoticons such as ☺ or / can be helpful to convey your tone but do not overdo or overuse them.
- Avoid using vernacular and/or slang language. This could possibly lead to misinterpretation.
- Never make fun of someone's ability to read or write.
- Share tips with other students.
- Keep an "open-mind" and be willing to express even your minority opinion. RESPECT Minority opinions
- Think and edit before you push the "Send" button.
- Do not hesitate to ask for feedback.
- Using humor is acceptable

Build Rapport

If you find that you have any trouble keeping up with assignments or other aspects of the course, make sure you let Dr. Ogunnaike know as early as possible. As you will find, building rapport and effective relationships are key to becoming an effective professional. Make sure that you are proactive in informing your instructor when difficulties arise during the semester so that we can help you find a solution.

Understand When You May Drop This Course

It is the student's responsibility to understand when they need to consider unenrolling from a course. Refer to the UWSP [Academic Calendar](#) for dates and deadlines for registration. After this period, a serious and compelling reason is required to drop from the course. Serious and compelling reasons includes: (1) documented and significant change in work hours, leaving student unable to attend class, or (2) documented and severe physical/mental illness/injury to the student or student's family.

Incomplete Policy

Under emergency/special circumstances, students may petition for an incomplete grade. An incomplete will only be assigned if [there is death, major surgeries, moving, change in family status]. Submit all incomplete course assignments for grading within [within two weeks].

Inform Your Instructor of Any Accommodations Needed

If you have a documented disability and verification from the [Disability and Assistive Technology Center](#) and wish to discuss academic accommodations, please contact your instructor as soon as possible. It is the student's responsibility to provide documentation of disability to Disability Services and meet with a Disability Services counselor to request special accommodation *before* classes start.

The Disability and Assistive Technology Center is located in 609 Learning Resource Center and can be contacted by phone at (715) 346-3365 (Voice) (715) 346-3362 (TDD only) or via email at datctr@uwsp.edu

Statement of Policy

UW-Stevens Point will modify academic program requirements as necessary to ensure that they do not discriminate against qualified applicants or students with disabilities. The modifications should not affect the substance of educational programs or compromise academic standards; nor should they intrude upon academic freedom. Examinations or other procedures used for evaluating students' academic achievements may be adapted. The results of such evaluation must demonstrate the student's achievement in the academic activity, rather than describe his/her disability.

If modifications are required due to a disability, please inform the instructor and contact the Disability and Assistive Technology Center in 609 LRC, or (715) 346-3365.

Commit to Integrity

As a student in this course (and at this University) you are expected to maintain high degrees of professionalism, commitment to active learning and participation in this class and also integrity in your behavior in and out of the classroom.

UWSP Academic Honesty Policy & Procedures

Student Academic Disciplinary Procedures

UWSP 14.01 Statement of principles

The board of regents, administrators, faculty, academic staff and students of the university of Wisconsin system believe that academic honesty and integrity are fundamental to the mission of higher education and of the university of Wisconsin system. The university has a responsibility to promote academic honesty and integrity and to develop procedures to deal effectively with instances of academic dishonesty. Students are responsible for the honest completion and representation of their work, for the appropriate citation of sources, and for respect of others' academic endeavors. Students who violate these standards must be confronted and must accept the consequences of their actions.

UWSP 14.03 Academic misconduct subject to disciplinary action.

- (1) Academic misconduct is an act in which a student:
 - (a) Seeks to claim credit for the work or efforts of another without authorization or citation;
 - (b) Uses unauthorized materials or fabricated data in any academic exercise;
 - (c) Forges or falsifies academic documents or records;
 - (d) Intentionally impedes or damages the academic work of others;
 - (e) Engages in conduct aimed at making false representation of a student's academic performance; or
 - (f) Assists other students in any of these acts.

- (2) Examples of academic misconduct include, but are not limited to: cheating on an examination; collaborating with others in work to be presented, contrary to the stated rules of the course; submitting a paper or assignment as one's own work when a part

or all of the paper or assignment is the work of another; submitting a paper or assignment that contains ideas or research of others without appropriately identifying the sources of those ideas; stealing examinations or course materials; submitting, if contrary to the rules of a course, work previously presented in another course; tampering with the laboratory experiment or computer program of another student; knowingly and intentionally assisting another student in any of the above, including assistance in an arrangement whereby any work, classroom performance, examination or other activity is submitted or performed by a person other than the student under whose name the work is submitted or performed.

Religious Beliefs

Relief from any academic requirement due to religious beliefs will be accommodated according to UWS 22.03, with notification within the first three weeks of class.
