### **UNIVERSITY POLICIES:**

- UW-Stevens Point values a safe, honest, respectful, and inviting learning environment. In order to ensure that each student has the opportunity to succeed, we have developed a set of expectations for all students and instructors. The Rights and Responsibilities document is intended to help establish a positive living and learning environment at UWSP. Click here for more information: <http://www.uwsp.edu/stuaffairs/Pages/rightsandresponsibilities.aspx>
- Academic integrity is central to the mission of higher education in general and UWSP in particular. Academic dishonesty (cheating, plagiarism etc.) is taken very seriously. The minimum penalty for a violation of academic integrity is a failure (zero) for the assignment. For more information click here: <http://www.uwsp.edu/stuaffairs/Documents/RightsRespons/SRR-2010/rightsChap14.pdf>
- Exceptional Needs Policy: I'm dedicated to accommodating the needs of my students. I do not believe that equal treatment is the same as fair treatment. A course requirement like a deadline may be unfair to you, based on a life event or a disability. When contacting me about a life event or other exceptional need, please suggest the specific accommodation(s) you want (e.g., turning in an assignment late without a penalty, taking an Incomplete in this course) .If I agree that the requirement is unfair, then I will make an accommodation. As a teacher, I align my policies and choices with the Americans with Disabilities Act (ADA), a federal law that requires educational institutions to provide reasonable accommodations for students with

disabilities. [Here is more information about UWSP's relevant policies](#)  If you need special accommodations to meet any of the course requirements, please register with the [Disability Services and Assistive Technology Office](#) and contact the instructor at the beginning of the course.

### **LEARNER and COURSE EXPECTATIONS:**

- You are an adult and will be treated as such in this class. As a professional, you are expected to be prepared for the day's content and willingly participate in classroom discussions. We will all learn from one another. I expect you to take responsibility for managing your life so you complete all assignments on time. If you are unable to meet these expectations (attendance, assignments, etc.), communicate with me and anyone else affected as soon as possible. When you do email me, suggest a clear, fair plan to address the problem.
- Attendance is required except in the rare instance of serious illness or family emergency. This expectation develops your dispositions toward becoming a teacher. A professional is at school daily, fully prepared and with a strong sense of personal responsibility. Please honor your responsibility as a student enrolled in this class and plan to attend every session.
  - When extreme or unusual circumstances prevail, an exemplary teacher communicates with supervisors and colleagues as soon as possible.
  - If weather or circumstances threaten your safety while traveling to or from class, I understand if you decide not to attend. However, you are responsible for any missed content and activities.
  - In general, the best way to avoid negative consequences is to contact the instructor before an absence. When you contact me about an absence, please specifically suggest how you think we should handle the absence (e.g., turning in an assignment late without a penalty)
- Active participation in class is an important part of the learning process and development of educational professionalism. Each student is expected to participate in all activities to grow skills as a pre-service teacher.
- Laptops/technology devices are allowed and encouraged for taking notes and participating during class activities. Emailing, texting, surfing, cell phone use, or other non-class activities do not exemplify the dispositions of a member of the teaching profession. Please be respectful of the instructor and your peers by refraining from extraneous use of technology. If you need to have your phone available during class time for a specific reason, please contact me to discuss this need. Electronics use that is outside of the course relevant use will negatively impact a student's class attendance and participation grade.
- Assignments are to be submitted on time. Late assignments will not be accepted without prior approval from the instructor. An assignment completed on time can receive up to 100% of the points possible. An assignment completed no more than 48 hours late can receive no more than 80% of the points possible. An assignment completed no more than 1 week late can receive no more than 60% of the points possible. After 1 week, usually no credit will be given.
- In general, resubmission of assignments to earn a higher score is not allowed.
- Academic honesty is expected. Please read the Academic Honesty link in D2L Syllabus tab.
- Complete your assignments with integrity. For most assignments, you will be free to use resources and people inside and outside of this course. Some assignments require this. Be aware that when you use others' work, it must be accurately quoted, cited, or paraphrased. Make sure you give credit where credit is due. Make intellectual integrity a central part of your

professional identity. Accidentally or deliberately leaving off credit is professionally and morally wrong. If you are unclear on how to give proper credit, please ask prior to turning in the assignment..

- All written assignments are to use 'people first' language.
- Type and double-space all written assignments using either Word or pdf format. No other formats will be accepted. Handwritten documents will NOT be read or awarded credit. Use proper spelling, punctuation and grammar. Proofread work before submitting it for a grade.
- Confidentiality must always be respected. Do not use the real names of people (students, teachers, parents, etc.) in your written assignments and discussions.
- **Complete all assigned readings BEFORE class.**
- Students are responsible for checking UWSP email regularly.
- Apply high levels of scholarship and ethics to explore important matters in regard to educating students with special needs.
- Discuss questions regarding grades privately with the instructor.
- This class is a Communication in the Major (CM) course and, as such, complies with and fulfills all School of Education guidelines for CM courses. Both the content and the writing required to demonstrate understanding of that content will be part of the overall course grade. Both written expression and content will be graded on all written assignments. Oral communication on Flipgrid assignments and in class participation will also count toward your final grade. Please take this requirement seriously and participate to your fullest potential.

#### **SOE POLICIES:**

- The School of Education has adopted a model of the dispositions we expect from our students. You are not expected to be at the final "Mastering" level in your dispositions. Instead, the model provides a springboard for your own self-evaluation and goal-setting. Be always mindful of those dispositions.
- Students **MUST** achieve a grade of "C-" or higher for teacher certification. Any grade lower than a "C-" will require a repeat of the course.
- Practicum must be successfully completed to pass this class.
- Every SOE course requires a performance task placed in the student's portfolio. The performance task for EDUC 356 is the Specialist's Report.
- The School of Education strives to honor the uniqueness of all learners. I'm dedicated to creating safe, inclusive, welcoming experiences in which all students can succeed. I mindfully plan and teach this course in ways that promote pluralism: celebrating the coexistence of multiple identities, cultures, and belief systems. If you feel unwelcome or unsafe in this course, please let me know. We can address the issue together, confidentially. As a teacher, I align my policies and choices with my university's guidance, including the UWSP Community Bill of Rights and Responsibilities [🔗](#).
