

**Parent, Home, and Agency Involvement
In Educating Children and Youth with Disabilities
Education 378**

Instructor: Debra Moore-Gruenloh

Office: 439 CPS

E-mail: debra.moore-gruenloh@uwsp.edu

Office Hours: Thurs. 3:30-4:30, Fri. 7:30-8:45am

Office Phone Number: 715-459-2174

Class Sessions: Fridays 9:00-11:30am

Credits: 3

Required Text:

Turnbull, A.P., Turnbull, H.R., Erwin, E.J., Soodak, L.C., & Shogren, K.A. (2015). *Families, professionals, and exceptionality: Positive outcomes through partnerships and trust* (7th ed.). Upper Saddle River, NJ: Pearson.

Purpose 1:

- Develop a thorough understanding of familial needs, behaviors and concerns for all family members.

Purpose 2:

- Cite specific resources or interventions that can be applied to families having a family member with a disability

Purpose 3:

- Learn effective communication techniques to utilize with all family members and community agencies.

School of Education Learning Objectives / Alignment to InTasc Standards:

If you bring sufficient ability and apply reasonable effort to this course, you will improve your demonstrable knowledge, skills, and dispositions in the following areas:

* Students will develop and demonstrate effective communication skills so that they can respond effectively to parents' responses in a variety of setting using written and oral formats.

• Standard 5: Application of content, Developing

* Students will match specific familial needs to available national, state, and local resources based on familial choice and needs.

• Standard 8: Instructional Strategies, Developing

* Students will demonstrate cultural sensitivities and competence by reflecting on one's own cultural background, appreciating the cultural expectations and guidance provided by varying cultural groups, and communicating in a manner that is in concert with cultural values of the family.

• Standard 9: Professional Learning and Ethical Practice, Developing

* Students will develop and present a parent informational program by disseminating information in a professional, family-friendly manner using professional, non-jargon language.

• Standard 9: Professional Learning and Ethical Practice, Developing

• Standard 10: Leadership and Collaboration, Developing

* Students will explore and present community resources that support or assist a family system with a child with a disability.

• Standard 10: Leadership and Collaboration, Developing

Education 378 is aligned with the following content guidelines for special education teacher certification.

Content Guidelines - Learning Disabilities
4. Terminology, definition, classification, identification, etiology, prevalence, characteristics, and cultural and social factors relevant to individuals with learning disabilities.
6. The similarities and differences that exist between and among individuals with and without disabilities across the developmental spectrum and in different learning situations.
11. Methods for arranging, modifying and designing learning environments and instruction that promotes and enhances success for students with learning disabilities in general education curriculum and settings including: Strategies for facilitating the application and generalization of skills across settings. Directing and guiding paraprofessionals, volunteers, and peer tutors.
12. Managing student behavior and social interaction skills that lead to the development of student self-awareness, self determination, self-advocacy, and independence as a learner including: Classroom management techniques and effective teaching practices that assist students with learning disabilities to develop and maintain appropriate social behavior, social interaction, conflict resolution, and self-advocacy skills. Strategies for crisis prevention and intervention that use the least intensive intervention consistent with the needs of the student.
13. Strategies including collaborative problem-solving and conflict resolution techniques which facilitate collaboration with general and special education teachers, parents, students, related service providers, administrators, paraprofessionals, support staff, and others to enhance joint planning, implementation and evaluation of educational and community services including transition planning and programming.
14. A commitment of professionalism and ethical practice including: Awareness and sensitivity to culture, religion, gender, sexual orientation, disability and level of technical knowledge among students, family and colleagues. Maintenance of a sense of professional efficacy by developing high expectations for life span potential of individuals with disabilities. Accountability for meeting student's unique needs, supporting students and their families and maintaining a high level of professional knowledge, competence and integrity in the practice of their profession. Professional conduct that protects the confidentiality of students and their families.
Content Guidelines - Intellectual Disabilities
2. Significant historical trends, current issues, and the effects of state and federal laws, regulations and litigation on students with ID.
3. The impact of ID on families and how to assist families in accessing sources of unique services, networks, and organizations for individuals with ID.

4. The methods to determine instructional priorities and assist students with ID to develop and attain life goals utilizing the school and community resources.

5. Assessment, diagnosis and evaluation of students with ID including: Legal provisions, regulations, and guidelines regarding unbiased assessment and use of instructional assessment measures with students with ID.

7. The principles of learning and effective instructional strategies to meet the needs of students with ID.

10. Curricula and methods including: Social development including human sexuality, self-advocacy, family and personal relationships. Daily living skills including self-care, health, safety, home maintenance, transportation, recreation, and leisure activities. Transition skills including career awareness, work-related skills and attitudes, job exploration, job-training skills, work experience and community based instruction.

12. Managing student behavior including: Strategies for crisis prevention and intervention that use the least intensive intervention consistent with the needs of the student. Applicable laws, rules, regulations, and procedural safeguards regarding the planning and implementation of behavior management strategies with students with disabilities.

14. The use of strategies which facilitate collaborative relationships among general and special education teachers, paraprofessionals, related services staff, support staff, administrators, parents, and others to jointly plan, implement, and evaluate educational services. Effective training and appropriate utilization of special education paraprofessionals who assist students with ID.

15. Effective training and appropriate utilization of special education paraprofessionals who assist students with ID.

16. Working with healthcare professionals and other support staff to plan, develop, implement, and evaluate a health care plan that may include seizure management, tube feeding, catheterization, use of oxygen and CPR.

18. A commitment to professionalism and ethical practices including: Awareness and sensitivity to culture, religion, gender, and sexual orientation among students, family and colleagues. Maintenance of a sense of professional efficacy by developing high expectations for the quality of lifespan potential of individuals with disabilities. Professional conduct that protects the confidentiality of students and their families.

Content Guidelines - Emotional Behavioral Disability

1. The philosophical, historical, and legal foundations of special education – ED/EBD including: Atypical development with the context of typical child and adolescent development. Differing perceptions of deviance, including mental health, legal-corrections, social welfare and education systems, as they apply to students with ED/EBD. A variety of theoretical approaches as they apply to students with ED/EBD.

2. The characteristics of ED/EBD learners including: The medical, psychological, psychiatric, AODA (alcohol and other drug abuse), developmental and physical characteristics as they apply to students with ED/EBD.

3. The assessment, identification and evaluation of ED/EBD learners including: Interviewing skills, especially related to documentation of behavioral concerns. Evaluation of IEP progress, especially in the areas of behavior and social skills. Evaluation of program effectiveness, especially in non-academic areas.

4. Instructional content and practice for ED/EBD learners including: Working with paraprofessionals and classroom assistants.

5. Planning and managing the teaching and learning environment for ED/EBD learners including: Transition issue for students with ED/EBD: into and out of alternative environments (e.g., hospitals, correctional facilities, other segregated placements); from activity to activity; between educational levels (e.g., elementary to middle, middle to high school, high school to postsecondary); between child/adolescent and adult systems, including community agencies and services; from school to employment/work settings; developing social competence; and learning self-advocacy.

6. Managing student behavior and teaching social interaction skills – ED/EBD including: Problem solving and conflict resolution. Physical intervention strategies that are both effective and safe for students and staff. Environmental/contextual issues. Power struggles. Affective education and self-control issues. Generalization to other settings. Interpersonal and group dynamics (including active listening).

7. Communication and collaborative partnerships including: Dealing with conflict, confrontation, compromise, and consensus. Facilitation skills. Public relation skills. Understanding family systems, including non-traditional families, and the impact of ED/EBD on the family. Communicating and collaborating with colleagues (regular education teachers, administrators, pupil services personnel, etc.) parents and families, professionals, and agencies external to schools. Advocacy for students and self.

8. Professionalism and ethical practices including: Stress management for self, including organizational and time management skills. Maintaining a professional image (e.g., personal appearance, demeanor/behavior).

Content Guidelines - Cross Categorical Certification

1. The current legislation, regulations, policies, litigation, and ethical issues related to the provision of special education services (e.g., procedural safeguards, continuum of services, least restrictive environment, assessment, discipline, supplemental services and supports, related services, assistive technology, specialized health care). The variations in beliefs, traditions and values across cultures and within society and how these affect the relationship among and between the child, family and school. The issues and trends related to all areas of special education including early childhood special education and the provision of adult services (e.g., family-centered, community-based settings and services, interagency collaboration). The rights and responsibilities of parents, students, teachers, and other professionals as related to student learning needs and educational programs.

2. The characteristics of learners including effects of medications on student learning.
4. Instructional content and practice including: Cultural perspectives regarding effective instruction for students with disabilities, the development and implementation of a transition planning.
5. Planning and managing the teaching and learning environment including: Common environmental and personal barriers that hinder accessibility and acceptance of students with disabilities; principles of physical and health management; instructional programs that enhance a student's social participation in family, school and community activities.
6. Managing student behavior and teaching social interaction skills including: Problem-solving and conflict resolution.
7. Communication and collaborative partnerships including: Effective communication and collaborative relationships between parents, students, and school and community personnel in a culturally responsive environment; effective communication (oral and written) and collaboration with general education teachers, paraprofessionals, administrators, parents, and other school personnel when jointly planning, implementing and evaluating education services; family systems and the role of families in supporting child development and educational progress; the appropriate strategies to help parents deal with concerns regarding their children with disabilities; the multiple resource services, networks and organizations that assist families and students; the types of information generally available from family, school officials, legal system, and community service agencies; the roles and responsibilities of school-based health and other related services personnel, professional groups and community organizations in identifying and providing services; the characteristics and effects of the cultural and environmental background of the student and family including socioeconomic level, availability of health care, community supports, abuse/neglect, and substance abuse.
8. Professional and ethical practices including: Personal and cultural biases and differences that affect one's teaching and interactions with others; participate in the activities of professional organizations and activities that may benefit students with disabilities and their families; positive regard for the culture, religion, gender, and sexual orientation of individual students, their families and colleagues.

Tentative Schedule of Class Topics / Assignments and Required Readings:

Students will be accountable for reading and assignments listed below. The schedule is subject to change. Changes will be discussed in class and outlined in D2L.

Class Dates	Topic(s)	Assignment and Required Readings
September 7	NO CLASS	Read: Chapters 1-4, Weekly Assignment 1, due by 9-14
September 14	Syllabus Review, Family Systems Framework, Celebrating Diversity**Course material will be in D2L with discussion boards for WA 2.	Read: Chapters 11 (pages 275-289), view Parent to Parent videos, and visit WI FACETS website. Weekly Assignment 2, D2L Discussions, due 9-21
September 21	NO CLASS	WA 2 due Weekly Assignment 3, Read:Living with a Brother or Sister with Special Needs, pg. 3-32 (find on D2L) Due Sept.28
September 28	Family Interview, Family Needs Assessment, Parenting Styles, Meeting Family Functions, Sibling Relationships	Guest Speaker Prepare for Parent Ed Program (due by 5pm) WA 3 Due
October 5	Adolescent Parenting, Sexuality, Consent, Addiction	Weekly Assignment 4- Due
October 12	Child Abuse / Neglect, Child Protective Services, Children in Foster Care	Weekly Assignment 5, Due Read: Chapter 5, and Rethinking the Family Read: Chapter 11 (pg. 290-296), https://dcf.wisconsin.gov/reportabuseTree

October 19	Trauma Informed Care, ACE Study, Guest Speaker - Nicole Tank, Children's Hospital of Wisconsin	Weekly Assignment 6 Due
October 26	Family Stress, Poverty, Equality vs Equity. **Course material will be in D2L for weekly assignment 7	Weekly Assignment 7 Due
November 2	Parent Education Presentations-Submit written info and copies of any supporting materials to D2L prior to class	Parent Educational Information Program Presentations, Written review of information and presentations
November 9	Case Management, Communication / Collaboration	Weekly Assignment 8 Due(do in class) Reflection of Parent Education Program Due & Self-Peer Collaboration due
November 16	Case Studies / Communication	Weekly Assignment 10 Due, Prepare for Community Resource Exploration (due by 5pm)
November 23	No Class	Happy Thanksgiving
November 30	DPI e-Course, Excellence for All. ** Course material is online. Your group can meet during class time or at a time that is agreeable to all group members.al Strategies that Work.	Weekly Assignment 9 Due by Dec 7

December 7	Skilled Dialogue and Conflict Prevention & Intervention, Public Policy	Community Resources Binders due and reflection. Weekly Assignment 11 Due. Read Chapter 10.
December 14	Community Resource Explorations, Self-Care and Mindfulness for Professionals, Final Exam Review	WA12 due
	Final Exam	Submit Final Exam by Thurs. at 3:00pm

Course Requirements:

- 1. Class Attendance and Participation:** Except for rare cases of serious illness or family emergencies, a professional shows up at school every day, on time, fully prepared, with a strong sense of personal responsibility. When professionals cannot meet their responsibilities due to unusual circumstances, they communicate with their supervisors and colleagues as soon as possible.

Students can earn a maximum of 2 points per class for active participation. Plan to participate in large group and small group discussions and/or activities. You will keep track of your own attendance and participation for the semester and submit the points that you feel like you earned for each class session. (24 points maximum)

- 2. Weekly Assignments:** Readings and weekly assignments provide an opportunity for students to develop a beginning understanding of new information. Weekly assignments must be completed prior to class. Weekly assignments should provide thoughtful summaries that answer the questions/prompts provided. All weekly assignments will be listed in D2L. Late submissions will not receive credit unless prior approval was granted by the instructor. Each weekly assignment is worth a total of 10 points. On September 14, weekly assignment will be in the form of D2L discussions. You will start your own thread (5 points) and make meaningful contributions of at least 3-5 sentences on at least 2 of your peers' threads (5 points). The discussion will be open for 2 weeks, see D2L for specific dates/times. For class on November 16, you will be assigned a group to complete an online e-Course. Group members can meet during class time, or another mutually

agreeable time, to complete the work together. This work will count as Weekly Assignment 9 and is due by class time on December 7. (120 total points)

- 3. Parent Education Information Program:** Students will work in small groups (no more than 4 students) to develop a parent information program about a topic of importance to parents.

Topic suggestions include, but are not limited to: effective responses to bullying, importance of reading to children, developing healthy family routines, creating successful study habits, facilitating peer relationships, media consumption, teaching self-care skills, building lifelong learning skills, dealing with challenging behaviors, value of play, and other suggestions you may have.

Presentation format suggestions include, but are not limited to; sample home visit activities, parent night presentations, parent night video presentation (infomercial), 1:1 or small group parent education session(s), poster presentation, ongoing parent outreach (series of flyers/brochures/handouts), audio presentation / podcast.

Additional information will be provided in class. Students will earn a maximum of 100 points.

- 4. Community Resource Exploration:** Students will work in pairs, small groups, or individually to gather information about resources in a community/county of their choice. Groups/pairs **must** be different than your parent educational information groups!! Information to be gathered should be related to a topic and/or age group that is relevant to your future work. Resources should be specific to a family system that includes a student with a disability and must include; local/regional, state, and national resources.

Additional information will be provided in class. Students will learn a maximum of 70 points.

- 5. Final Exam:** Students will engage in a comprehensive examination. Content of the exam will cover material from assigned readings and class discussions. (60 total points)

Grading - Total Possible Points

Attendance and Participation - 24

Weekly Assignments - 120

Parent Education Program - 100

Community Resource Exploration - 70

Final Exam - 60

Total Points = 374

Grading Scale:

A	94 -100	A-	91-93		
B+	88-90	B	85-87	B-	82-84
C+	78-81	C	75-77	C-	72-74
D+	69-71	D	65-68	F	Below 65

Students must receive a C- or better in all education, early childhood, and physical education courses required for teacher certification. Failure to earn a C- or higher will result in the student needing to repeat the course.

Late Work Policy:

I expect you to complete all assignments on time. An assignment completed on time can receive 100% of the points possible. An assignment completed not more than one week late can receive no more than 80% of the points possible. After one week, credit will not be given unless prior arrangements have been made.

Learner Expectations:**Integrity**

You are an adult and will be treated as such in this class. As a professional, it is the expectation that you are prepared for the day's content and willingly participate in classroom discussions. We will all learn from one another. I expect you to treat me, your colleagues, and everyone else with respect and tolerance. I expect you to take responsibility for managing your life so that you complete all assignments on time. If you are unable to meet these expectations (attendance, assignments, etc), I expect you to communicate with me and anyone else affected as soon as possible, and to suggest a clear, fair plan to address the problem.

I expect you to complete your assignments with integrity. For most assignments, you will be free to use resources and people inside and outside of this course. Some assignments require this. You will be expected to research an educational topic and community resources. Be aware that when you use others' work, it must be accurately quoted, cited, or paraphrased. Make sure you give credit where credit is due. I urge you to make intellectual integrity a central part of your professional identity. Accidentally or deliberately leaving off credit is professionally and morally wrong. If you are unclear on how to give proper credit, please ask me prior to turning in the assignment.

Technology Expectations Students will need to use D2L to submit all written assignment and to participate in two class discussions. Please check the course D2L site and UWSP email for any updates related to the course.

Technology Use

The use of electronics in class shall be limited to course content. Do not engage in texting, emailing, or unrelated internet searches during class. I understand that everyone has obligations outside of school. If you need to have your phone available during class time, please contact me to discuss this need. Electronic use that is outside of the classroom use will negatively impact a student's class attendance and participation grade.

Classroom Procedures

Classroom upkeep is the responsibility of everyone. It is important to clean up your own area and put materials back in their proper place. Chairs should be pushed in and all materials returned at the end of class.

Class Climate & Honoring Difference

The School of Education strives to honor the uniqueness of all learners. I'm dedicated to creating safe, inclusive, welcoming experiences in which all students can succeed. I mindfully plan and teach this course in ways that promote pluralism: celebrating the coexistence of multiple identities, cultures, and belief systems.

This course is a Safe Zone for LGBTQ issues and more. I won't condone disrespectful or discriminatory language or behavior. I extend an open door invitation to all students. If you feel unwelcome or unsafe in this course, or you have any concerns about your ability to succeed, please let me know. We can address the issue together, confidentially.

As a teacher, I align my policies and choices with my university's guidance, including the [UWSP Community Bill of Rights and Responsibilities](#) .

Exceptional Needs Policy

I'm dedicated to accommodating the needs of my students. I do not believe that equal treatment is the same as fair treatment. A course requirement like a deadline may be unfair to you, based on a life event or a disability. If I agree that the requirement is unfair, then I am happy to make an accommodation. Here are some exceptional needs that I will accommodate; learning disability, physical disability, chronic illness, death in the family, car accident, sick child.

As a teacher, I align my policies and choices with the Americans with Disabilities Act (ADA), a federal law that requires educational institutions to provide reasonable accommodations for students with disabilities. [Here is more information about UWSP's](#)

[relevant policies](#)  If you have a disability and want an accommodation, please register with the [Disability Services and Assistive Technology Office](#)  and then contact me. If you're unfamiliar or uneasy with this process, please contact me and we'll work through it together.

SOE Dispositions Model

As a teacher, I align my policies and choices with my department's expectations. The School of Education has adopted a model of the dispositions we expect from our students and graduates. I don't expect you to be at the final "Mastering" level in your dispositions. Instead, I offer this model for your own self-evaluation and goal-setting.
