COURSE DESCRIPTION

EDUC 382. Managing Learning Environments. 1 cr. Theories and strategies in classroom management, student behavior management, and learning communities. Prereq: EDUC 381 (or concurrent registration).

Course Learning Outcomes

If you bring sufficient ability and apply reasonable effort to this course, you will improve your demonstrable knowledge, skills, and dispositions in how you:

1. **Explain or apply major concepts, methods, or theories used in the social sciences to investigate, analyze, or predict human behavior..** In particular, apply this understanding to creating safe, welcoming spaces where everyone can succeed.
2. **Examine and explain how social, cultural, or political institutions influence individuals or groups.** In particular, examine and explain the possible influences on students (e.g., home lives, peer groups, media, other social, cultural, or political institutions), and then adapt your teaching appropriately.
3. Use the InTASC Model Core Teaching Standards in your planning, teaching, and self-evaluation.

This is the **central enduring understanding** I want you to develop:

Learning environments are complex contexts that affect students' behavior, academic success, learning, and development. Positive, productive environments seldom "just happen:" they take planning, preparation, and responsive leadership.

This course focuses on these **InTASC Model Core Teaching Standards**

1. Learner Development (a, b, c, f, h, i, j, k)
2. Learning Differences (a, d, f, g, h, j, k, l, m, n)
3. Learning Environments (a, b, c, d, e, f, g, i, j, k, l, n, o, p, q, r)
10. Leadership and Collaboration (a, b, c, d, g, j, l, m, n, o, p, q, t)

This course isn't aligned with Common Core State Standards.

This course includes an introductory unit on Response to Intervention (RTI) and Positive Behavior Interventions & Supports (PBIS).

Dispositions Model

As a teacher, I align my policies and choices with my department's expectations. The School of Education has adopted a model of dispositions. we expect from our students and graduates. I don't expect you to be at the final "Mastering" level in your dispositions. Instead, I offer this model for your own self-evaluation and goal-setting.

Respond to the Syllabus

By the due date, I would like you to read the class syllabus carefully and then to write down your understanding of various points. This is so I can be sure you understand what you are getting yourself into. You automatically receive full points if you complete it on time. By completing this assignment, you are saying that you've read the syllabus. You're also saying that if you have any questions about the syllabus, you have asked me, or you will ask me. Detailed info and guidelines are [here](#) on Canvas.

First Week Plan

This is an individual written plan. As a teacher, you prepare an agenda of the first week's activities in your class that relate to the learning environment. You explain how each activity helps your students meet your desired learning outcome. Detailed info and guidelines are [here](#) on Canvas

Team Meetings

I've assigned you to a team. You decide what time you would meet. You meet without the instructor. In each team meeting, you receive directions on what to discuss. As a team, you submit a concise report on your meeting. If you're unable to attend, communicate with your team about what you missed. Detailed info and guidelines are [here](#) on Canvas

Movie Analysis

In this assignment, you will watch the following movie (Freedom Writers, 2007). Your paper will be an analysis of exemplary teaching performances in the movie. You will be expected to draw on the various

Course and University Policies

Attendance:

Your attendance and participation are essential. Collaboration with your peers outside class is strongly encouraged. You are to attend our Zoom meetings. You will gain some points out of attendance. You are allowed only a 1-hour absence for personal emergencies from this course. After one hour, you will have a deduction of 2 points for each hour you miss. For make-up, contact me.

Late work. I expect you to complete all assignments on time. An assignment completed on time can receive 100% of the points possible. An assignment turned in within 48 hours of the due that have a maximum value of 80% of possible points. An assignment turned in between 3 and 5 days late can earn a maximum of 60% of the points possible. After 5 days, I usually refuse to accept a late assignment.

Cell phone and laptop policy.

Research supports that having visual access to a cell phone diminishes our ability to learn. Checking social media, texts, emails, and messages is unprofessional and disrespectful to our class community. Please turn off your phone during class; I will do so as well.

The instructor will notify in advance when cell phones will be used for instructional purposes. See me for extraordinary situations that require you to use cell phones.

The use of ipads and laptops are allowed for class works not for using your social media accounts or any other works.

Academic Dishonesty

Academic dishonesty will not be tolerated. This includes, but is not limited to, cheating on an exam, plagiarism, and/or giving (or asking for) the questions or answers on a quiz. Breaches of academic dishonesty will result in a failing grade and will be taken up with the university committee charged with prosecuting academic dishonesty. "Turnitin" software will be used for assignments in this course. Turnitin helps students avoid plagiarism and helps instructors give assessment feedback to students.

Here's the policy, for your reference:

UWSP 14.01 Statement of Principles

The board of regents, administrators, faculty, academic staff and students of the University of Wisconsin system believe that academic honesty and integrity are fundamental to the mission of higher education and of the University of Wisconsin system. The university has a responsibility to promote academic

honesty and integrity and to develop procedures to deal effectively with instances of academic dishonesty. Students are responsible for the honest completion and representation of their work, for the appropriate citation of sources, and for respect of others' academic endeavors.

To read UWSP's definition of academic misconduct, please consult UWSP 14.03. In short, examples of academic misconduct include, but are not limited to:

- Cheating on an examination
- Collaborating with others in work to be presented, contrary to the stated rules of the course
- Submitting a paper or assignment as one's own work when a part or all of the paper or assignment is the work of another
- Submitting a paper or assignment that contains ideas or research of others without appropriately identifying the sources of those ideas
- Stealing examinations or course materials
- Submitting, if contrary to the rules of a course, work previously presented in another course

Students suspected of academic misconduct will be asked to meet with me to discuss the concerns. If academic misconduct is evident, procedures for determining disciplinary sanctions will be followed as outlined in the [University System Administrative Code, Chapter 14](http://docs.legis.wisconsin.gov/code/admin_code/uws/14.pdf) (http://docs.legis.wisconsin.gov/code/admin_code/uws/14.pdf).

Inclusivity Statement

It is my intent that students from all diverse backgrounds and perspectives be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that the students bring to this class be viewed as a resource, strength and benefit. It is my intent to present materials and activities that are respectful of diversity: gender identity, sexuality, disability, age, socioeconomic status, ethnicity, race, nationality, religion, and culture. Your suggestions are encouraged and appreciated. Please let me know ways to improve the effectiveness of the course for you personally, or for other students or student groups.

If you have experienced a bias incident (an act of conduct, speech, or expression to which a bias motive is evident as a contributing factor regardless of whether the act is criminal) at UWSP, you have the right to report it using this link. You may also contact the Dean of Students office directly at dos@uwsp.edu (<mailto:dos@uwsp.edu>).

Religious Beliefs Accommodation

It is UW System policy to reasonably accommodate your sincerely held religious beliefs with respect to all examinations and other academic requirements.

You will be permitted to make up an exam or other academic requirement at another time or by an alternative method, without any prejudicial effect, if:

- There is a scheduling conflict between your sincerely held religious beliefs and taking the exam or meeting the academic requirements; and
- You have notified your instructor within the first three weeks of the beginning of classes (first week of summer or interim courses) of the specific days or dates that you will request relief from an examination or academic requirement.
- Your instructor will accept the sincerity of your religious beliefs at face value and keep your request confidential.
- Your instructor will schedule a make-up exam or requirement before or after the regularly scheduled exam or requirement.

You may file any complaints regarding compliance with this policy in the Equity and Affirmative Action Office

Confidentiality

Learning requires risk-taking and sharing ideas. Please keep your classmates' ideas and experiences confidential outside the classroom unless permission has been granted to share them.

Equal Access for Students with Disabilities

UW-Stevens Point will modify academic program requirements as necessary to ensure that they do not discriminate against qualified applicants or students with disabilities. The modifications should not affect the substance of educational programs or compromise academic standards; nor should they intrude upon academic freedom. Examinations or other procedures used for evaluating students' academic achievements may be adapted. The results of such evaluation must demonstrate the student's achievement in the academic activity, rather than describe his/her disability.

If modifications are required due to a disability, please inform the instructor and contact the [Disability and Assistive Technology Center](https://www.uwsp.edu/datc/Pages/default.aspx) (<https://www.uwsp.edu/datc/Pages/default.aspx>) to complete an Accommodations Request form.
