- I. **Purpose and Description of Course:** The purpose of this course is to further develop and discuss the utilization of appropriate classroom procedures, strategies, methods, curriculum, and materials for teaching students with learning, emotional, and cognitive disabilities along with other areas of exceptional educational needs. This course will allow students to research, question, understand and apply methods/strategies from the classroom and readings to individual and group work. The IEP process and writing of student appropriate IEP's will also be presented, reviewed, discussed and applied in this course. The areas of focus will be to understand how to teach reading, written language, and mathematics to students with exceptionalities.
- II. **Required Textbook:** Vaughn, S., & Bos, C.S. (2014). *Strategies for teaching students with learning and behavior problems*. Pearson.
- III. **Special Notes:**
 - UW-Stevens Point values a safe, honest, respectful, and inviting learning environment. In order to ensure that each student has the opportunity to succeed, we have developed a set of expectations for all students and instructors. This set of expectations is known as the *Rights and Responsibilities* document, and is intended to help establish a positive living and learning environment at UWSP. Click here for more information:
<http://www.uwsp.edu/stuaffairs/Pages/rightsandresponsibilities.aspx>
 - Academic integrity is central to the mission of higher education in general and UWSP in particular. Academic dishonesty (cheating, plagiarism etc.) is taken very seriously. Don't do it! The minimum penalty for a violation of academic integrity is a failure (zero) for the assignment. For more information, see the UWSP "Student Academic Standards and Disciplinary Procedures" section of the *Rights and Responsibilities* document, Chapter 14, which can be accessed here:
<http://www.uwsp.edu/stuaffairs/Documents/RightsRespons/SRR-2010/rightsChap14.pdf>

- The Americans with Disabilities Act (ADA) is a federal law requiring educational institutions to provide reasonable accommodations for students with disabilities. For more information about UWSP's policies, visit: <http://www.uwsp.edu/stuaffairs/Documents/RightsRespons/ADA/rightsADAPolicyinfo.pdf>. If you have a disability and require classroom and/or exam accommodations, please register with the Disability and Assistive Technology Center and then contact me at the beginning of the course. I am happy to help in any way that I can. For more information, please visit the Disability and Assistive Technology Center, located on the 6th floor of the Learning Resource Center (the Library). You can also find more information here: <http://www4.uwsp.edu/special/disability/>.
- Accommodations for religious observances: Students will be allowed to complete requirements that are missed because of a religious observance.
- Inclement Weather Policy: Class will be held except in the case of extreme weather. The instructor and university will notify students of cancellations via your UWSP email account. Use your own judgment and always remember your safety comes first.
- EdTPA is a pre-service teacher performance assessment. Certain assignments in this course have been developed with special attention for you to practice for parts of the edTPA portfolio. Although edTPA is an assessment, what must be done for it should be viewed as what good teachers do.

IV. UWSP School of Education Learning Outcomes: At the completion of this course, students who have committed to active engagement will be able to
