Office Hours: Monday* 10:00 a.m. – 2:00 p.m.
Wednesday * 11:00 a.m. – 3:00 p.m.

Other times by appointment - Individual meetings can be arranged through this link
[My Office Hours – Select a Meeting Day & Time](#) (link available in Canvas)

*Student teacher observations may conflict with this time. Be sure to confirm with me in advance.

Use as an opportunity to connect with me, ask clarifying questions, & find support 😊

Class Meeting Times: Tuesdays and Thursdays 12:30 – 1:45 p.m.

Textbook: Yarber, W. and Sayad, B. (2019). *Human sexuality: diversity in contemporary America* (10th edition). McGraw-Hill. **(Rental)**

Learning Outcomes:

During or upon completion of this course participants are able to:

1. explore values, morals, and ideas around human sexuality.
2. reflect on integrated nature of human sexuality with dimensions of wellness.

GEP Wellness LO1: Students will be able to assess your own wellness in each of the seven dimensions of wellness and explain how the dimensions and the interactions among them impact your overall personal health and well-being.

GEP Wellness LO2: Students will be able to develop an individual plan for healthy living that demonstrates an understanding of the principles of wellness.

3. think critically about gender and sexuality issues in our culture.
4. discuss and present information related to human sexuality.

Grading Plan:

On-line Discussion	25%
Presentation	20%
Exams	30%
Reflections	25%

Grade Distribution:

Grade	Percent	Grade	Percent
A	94-100%	C	70-74%
A-	90-93%	C-	67- 69%
B+	87-89%	D+	63-66%
B	83-86%	D	60-62%
B-	80-82%	F	< 60%
C+	75-79%		

Incomplete Policy:

Under emergency/special circumstances, students may petition for an incomplete grade.

Canvas:

This class uses Canvas, UWSP's Online Learning Management System. Your course Syllabus, grades and additional activities will be found here. This is also where you will turn in assignments. You will use your UWSP account to login to the course from the [Canvas Login Page](#). If you have not activated your UWSP account, please visit the [Manage Your Account](#) page to do so.

Expected Instructor Response Times:

I will attempt to respond to student e-mails within 24 hours. If you have not received a reply within 24 hours, please resend your e-mail.

If the question is not confidential or personal in nature and is a general course question, please post to the Course Q & A Discussion forum. I will post answers to all general questions there so that all students may view.

I will attempt to grade written work within 72 hours, however longer written assignments may take me longer to read and assess.

Course Requirements (please refer to the posted assignment instructions and rubrics for more specific info before completing):

<p>On-line Discussion 25% of grade</p>	<p>Students are expected to actively contribute to the discussion providing helpful, meaningful, and beneficial contributions to the group process. The discussion format will encourage students to analyze alternative ways of thinking and assist students in exploring their own experiences. Requirements: -A response to the discussion forum question/prompt -A reply to at least three (3) peer’s initial posts – disagreement is acceptable provided it is handled in a respectful manner -A response to any classmate who replies to your initial post -Posts should build on themes and ideas to further the conversation and create meaningful interaction and should incorporate evidence of understanding of readings *Note: This course covers some sensitive subjects and should be approached with an open-mind. Students should be willing to consider multiple perspectives. Should you find any of the topics particularly concerning, you can make the decision to engage or not as you deem appropriate based upon the issue. I understand that personal experiences may result in a student choosing to avoid the conversation in a public forum. In time, you may feel more comfortable and be able to share your perspective in order to advocate for others. Your personal safety and well-being need to come first.</p>
<p>Presentation with Annotated Bibliography 20% of grade</p>	<p>15-20 minute interactive presentation on topic of choice, related to course material (topics noted on calendar) with accompanying annotated bibliography and two corresponding test questions.</p>
<p>Exams 30% of grade</p>	<p>Four (4) unit exams will be given during the course</p>
<p>Reflections 25% of grade</p>	<p>Four (4) reflections will be required</p>

Note: You will have the opportunity to make revisions to any written work, other than the exams, to improve your grade. Reflection on feedback and a desire to improve are important aspects of professionalism.

Revisions should be submitted no later than May 5.

Student Expectations:

In this course you will be expected to complete the following types of tasks

- Read documents online
- View online videos
- Participate in online discussions (Review Netiquette Guidelines)
- Complete tests online
- Communicate via e-mail
- Download and upload documents to the LMS
- **Keep information confidential - Learning requires risk-taking and sharing ideas. Please keep your classmates' ideas and experiences confidential outside the classroom unless permission has been granted to share them. See note above under Course Requirements for Class Engagement.**

Electronic Devices:

Research supports that having visual access to a cell phone diminishes our ability to learn. Checking social media, texts, emails, and messages while studying can create distractions and reduce focus on content. Recommended to keep such distractions at a minimum in order to complete the course successfully.

Late Work Policy:

Students have a duty to themselves and their peers to engage, in a timely manner, in completing individual and small group work, or providing feedback to peers. The expectation for students in the management of their learning and “deliverables” of this course is to negotiate in advance, with the instructor, as soon as it becomes apparent that deadlines are not achievable. Students may negotiate no more than two (2) deadlines over the term. Deadlines that are not negotiated in advance, or go beyond the 2nd negotiation will result in reduced credit. **Dropbox closes at 11:59 p.m. on due date.** Any work submitted after that time will be considered late. **Late work will not be accepted after May 6.** If you find that you have any trouble keeping up with assignments or other aspects of the course, make sure you let your instructor know as early as possible. Building rapport and effective relationships are key to becoming an effective professional. Make sure that you are proactive in informing your instructor when difficulties arise during the semester so that we can help you find a solution.

Understand When You May Drop This Course:

It is the student's responsibility to understand when they need to consider unenrolling from a course. Refer to the UWSP [Academic Calendar](#) for dates and deadlines for registration. After this period, a serious and compelling reason is required to drop from the course. Serious and compelling reasons includes: (1) documented and significant change in work hours, leaving student unable to attend class, or (2) documented and severe physical/mental illness/injury to the student or student's family.

****A tentative course syllabus is provided. I reserve the right to make changes as the term progresses**

Module 2: Sexual Expression through the Lifespan

 **Discussion:** Initial post due by Wednesday 11:59 pm; comments due by Sunday 11:59 pm

Feb 15 - After viewing A Place in the Middle, the 24 min version of the docu-drama Kumu Hina, consider how using the word "rare" instead of "different" might change the way others perceive people like Ho'onani.

Before Western contact, people who were mahu ("in the middle") were valued and respected as caretakers, healers, and teachers of ancient traditions. How does this compare with what you have learned from your culture about gender roles?

Check out the Map of Gender Diverse Cultures at <http://www.pbs.org/independentlens/content/two-spirits-map-html>. What do the cultures that honor gender fluid individuals have in common? If people who are mahu have been present in nearly all cultures and times, why has Western civilization been so adamant that only two genders are acceptable? Kumu Hina developed a "Pledge of Aloha". How could you help others understand gender issues?

Feb 22 - What factors do you believe contribute to the high rates of teen pregnancy in this country? Should comprehensive sexuality education be promoted in all schools across the country? Why or why not?

March 1 – Read "Life Behaviors of a Sexually Healthy Adult" on page 170 of the text. Is it possible for an adult to enact all of the behaviors? Which of the behaviors would seem to be the most difficult to achieve and why?

March 8 - After watching the video - The Year We Thought About Love consider the multiple kinds of love covered (self-love, romantic love, familial love, and religious love). Which character stuck with you the most and why? How does being LGBTQ+ both complicate and enrich experiences in these categories of love? Please share specific examples from the video. What are the pros and cons of being out, sharing your authentic self with those you love and the larger community?

Module 3: The Sexual Body

Discussion: Initial post due by Wednesday 11:59 pm; comments due by Sunday at 11:59 pm

March 15- Explain your thoughts about the following quote from Cecile Richards, former President of Planned Parenthood Federation of America and Planned Parenthood Action Fund -

"We know birth control works - both to help women plan whether and when to have families, and to help ensure a measure of equity for women. That's what Sandra Fluke was trying to say a year ago, and it's what Margaret Sanger said 97 years ago when she started Planned Parenthood. But we also know that it only works when women have access to it - no matter where they work or how much money they have."

Full article available at: http://www.huffingtonpost.com/cecile-richards/birth-control-worksbut-on_b_2695975.html

March 29 - Many women in their childbearing years who are able to have children choose not to. Marriages without children are not referred to as "childfree" rather than "childless". It has been suggested that we live in a "prenatal" society where attitudes and policies encourage parenthood for everyone. What are some of the messages you have gotten from society about having children? What is our society's attitude toward couples who don't have children/ What is society's attitude toward individuals who are not married having children?

April 5 - What images do alcohol commercials about sexuality? Provide a specific example. What should individuals know about the health and sexual consequence of drinking? What advice would you share with your peers?

April 12-Read the two perspectives from "Taking Sides: Is Female Circumcision an Acceptable Practice" and identify your position. Support your stance.

Module 4: Current Issues in Sexuality

Discussion: Initial post due by Wednesday 11:59 pm; comments due by Sunday at 11:59 pm

April 19 - The time to think about prevention is before you engage in sexual activities. Caring about yourself and your partner means asking questions and being aware of signs and symptoms. Suggest some ways to bring up the subject of STIs with a new partner. How would you ask whether he or she has been exposed to any STIs or engaged in any risky behaviors? How would you begin a discussion about your partner's past sexual history? What would you wish to know?

April 26 - After watching the video "The Sexual Assault Case of 98-Year Old Miss Mary" discuss the issue of elder abuse and how financial exploitation and emotional abuse escalated to sexual abuse at the hands of a family member. How would you cope with a member of your family being violated? Why is the role of victim advocate so important? Who besides the elderly and children might be considered a "vulnerable population"?

May 3 – Check out the website for the organization [Stop It Now](https://www.stopitnow.org/). Choose one of the topics or resources on the website to review. Share and discuss a significant fact learned or recommend one of the available resources and explain its value. What can be done to keep children safe and stop the sexual abuse of children?

May 10 - Watch the video - Over 18: The Question is Not Enough (<https://uwsp.kanopy.com/video/over-18-question-not-enough>)

How might porn's effect on the brain challenge our thinking about how to respond to children and teens who are viewing porn? What are some ways to open up dialogue with kids in a non-threatening way? What are some things to consider when talking to children or teens about their online habits? How does an understanding of the addictive nature of pornography affect one's approach?

Netiquette Guidelines

Netiquette is a set of rules for behaving properly online. Your instructor and fellow students wish to foster a safe online learning environment. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. You are encouraged to comment, question, or critique an idea but you are not to attack an individual. Working as a community of learners, we can build a polite and respectful course community.

The following netiquette tips will enhance the learning experience for everyone in the course:

- Do not dominate any discussion.
- Give other students the opportunity to join in the discussion.
- Do not use offensive language. Present ideas appropriately.
- Be cautious in using Internet language. For example, do not capitalize all letters since this suggests shouting.
- Popular emoticons such as 😊 or / can be helpful to convey your tone but do not overdo or overuse them.
- Avoid using vernacular and/or slang language. This could possibly lead to misinterpretation.
- Never make fun of someone's ability to read or write.
- Share tips with other students.
- Keep an "open-mind" and be willing to express even your minority opinion. Minority opinions have to be respected.
- Think and edit before you push the "Send" button.
- Do not hesitate to ask for feedback.
- Using humor is acceptable

Other Campus Policies:**Attendance**

Attending class will likely be the single most important factor in determining your performance and grade in the course, so plan to attend every class.. The relationship between attendance and achievement in education has been extensively documented in peer-reviewed research. *I am not able to re-teach the material to you in the event that you are absent, but you can ask a classmate to share notes.* Any exceptions to the attendance policy should be confirmed in writing.

Please refer to the "Absences due to Military Service" and "Religious Beliefs Accommodation" below. Additionally, below are attendance guidelines as outlined by the [UWSP registrar](#):

Attend all your classes regularly. If you decide to drop a class, please do so using myPoint or visit the Enrollment Services Center. Changes in class enrollment will impact your tuition and fee balance, financial aid award and veterans educational benefit.

During the first eight days of the regular 16 week term, your instructor will take attendance. If you are not in attendance, you may be dropped from the class. You are responsible for dropping any of your enrolled classes.

- If you must be absent during the term, tell your instructor prior to the class you will miss. If you cannot reach your instructor(s) in an emergency, contact the Dean of Students Office at 715-346-2611 or DOS@uwsp.edu.
- If you are dropped from a class due to non-attendance, you may only be reinstated to the class section using the class add process. Reinstatement to the same section or course is not guaranteed. Your instructors will explain their specific attendance policies to be followed at the beginning of each course.
- If you take part in an off-campus trip by an authorized university group such as an athletic team, musical or dramatic organization, or a class, make appropriate arrangements in advance with the instructor of each class you will miss. If you are absent from classes because of emergencies, off-campus trips, illness, or the like, your instructors will give you a reasonable amount of help in making up the work you have missed.
- If you enroll in a course and cannot begin attending until after classes have already started, you must first get permission from the department offering the course. Otherwise, you may be required to drop the course.
- If you do not make satisfactory arrangements with your instructors regarding excessive absences, you may be dismissed. If you are dismissed from a class, you will receive an F in that course. If you are dismissed from the University, you will receive an F in all enrolled courses.

Absences due to Military Service

As stated in the UWSP Catalog, you will not be penalized for class absence due to unavoidable or legitimate required military obligations, or medical appointments at a VA facility, [not to exceed two \(2\) weeks](#) unless special permission is granted by the instructor. You are responsible for notifying faculty members of such circumstances as far in advance as possible and for providing documentation to the Office of the Dean of Students to verify the reason for the absence. The faculty member is responsible to provide reasonable accommodations or opportunities to make up exams or other course assignments that have an impact on the course grade. For absences due to being deployed for active duty, please refer to the [Military Call-Up Instructions for Students](#).

Religious Beliefs Accommodation

It is UW System policy ([UWS 22](#)) to reasonably accommodate your sincerely held religious beliefs with respect to all examinations and other academic requirements.

You will be permitted to make up an exam or other academic requirement at another time or by an alternative method, without any prejudicial effect, if:

- There is a scheduling conflict between your sincerely held religious beliefs and taking the exam or meeting the academic requirements; and

- You have notified your instructor within the first three weeks of the beginning of classes (first week of summer or interim courses) of the specific days or dates that you will request relief from an examination or academic requirement.
- Your instructor will accept the sincerity of your religious beliefs at face value and keep your request confidential.
- Your instructor will schedule a make-up exam or requirement before or after the regularly scheduled exam or requirement.
- You may file any complaints regarding compliance with this policy in the Equity and Affirmative Action Office.

Equal Access for Students with Disabilities

UW-Stevens Point will modify academic program requirements as necessary to ensure that they do not discriminate against qualified applicants or students with disabilities. The modifications should not affect the substance of educational programs or compromise academic standards; nor should they intrude upon academic freedom. Examinations or other procedures used for evaluating students' academic achievements may be adapted. The results of such evaluation must demonstrate the student's achievement in the academic activity, rather than describe his/her disability.

If modifications are required due to a disability, please inform the instructor and contact the [Disability and Assistive Technology Center](#) to complete an Accommodations Request form. Phone: 346-3365 or Room 609 Albertson Hall.

Care Team

The University of Wisconsin-Stevens Point is committed to the safety and success of all students. The Office of the Dean of Students supports the campus community by reaching out and providing resources in areas where a student may be struggling or experiencing barriers to their success. Faculty and staff are asked to be proactive, supportive, and involved in facilitating the success of our students through early detection, reporting, and intervention. As your instructor, I may contact the Office of the Dean of Students if I sense you are in need of additional support which individually I may not be able to provide. You may also share a concern if you or another member of our campus community needs

support, is distressed, or exhibits concerning behavior that is interfering with the academic or personal success or the safety of others, by reporting [here](#).

Academic Honesty

Academic Integrity is an expectation of each UW-Stevens Point student. Campus community members are responsible for fostering and upholding an environment in which student learning is fair, just, and honest. Through your studies as a student, it is essential to exhibit the highest level of personal honesty and respect for the intellectual property of others. Academic misconduct is unacceptable. It compromises and disrespects the integrity of our university and those who study here. To maintain academic integrity, a student must only claim work which is the authentic work solely of their own, providing correct citations and credit to others as needed. Cheating, fabrication, plagiarism, unauthorized collaboration, and/or helping others commit these acts are examples of academic misconduct, which can result in disciplinary action. Failure to understand what constitutes academic misconduct does not exempt responsibility from engaging in it.

UWSP 14.03 Academic misconduct subject to disciplinary action.

- (1) Academic misconduct is an act in which a student:
 - (a) Seeks to claim credit for the work or efforts of another without authorization or citation;
 - (b) Uses unauthorized materials or fabricated data in any academic exercise;
 - (c) Forges or falsifies academic documents or records;
 - (d) Intentionally impedes or damages the academic work of others;
 - (e) Engages in conduct aimed at making false representation of a student's academic performance; or
 - (f) Assists other students in any of these acts.

- (2) Examples of academic misconduct include, but are not limited to:
 - Cheating on an examination
 - Collaborating with others in work to be presented, contrary to the stated rules of the course
 - Submitting a paper or assignment as one's own work when a part or all of the paper or assignment is the work of another
 - Submitting a paper or assignment that contains ideas or research of others without appropriately identifying the sources of those ideas
 - Stealing examinations or course materials
 - Submitting, if contrary to the rules of a course, work previously presented in another course
 - Tampering with the laboratory experiment or computer program of another student
 - Knowingly and intentionally assisting another student in any of the above, including assistance in an arrangement whereby any work, classroom performance, examination or other activity is submitted or performed by a person other than the student under whose name the work is submitted or performed.

Students suspected of academic misconduct will be asked to meet with the instructor to discuss the concerns. If academic misconduct is evident, procedures for determining disciplinary sanctions will be followed as outlined in the [University System Administrative Code, Chapter 14](#).

FERPA

The [Family Educational Rights and Privacy Act](#) (FERPA) provides students with a right to protect, review, and correct their student records. Staff of the university with a clear *educational need to know* may also have to access to certain student records. Exceptions to the law include parental notification in cases of alcohol or drug use, and in case of a health or safety concern. FERPA also permits a school to disclose personally identifiable information from a student's education records, without consent, to another school in which the student seeks or intends to enroll.

Title IX

UW-Stevens Point is committed to fostering a safe, productive learning environment. Title IX and institutional policy prohibit discrimination on the basis of sex, which includes harassment, domestic and dating violence, sexual assault, and stalking. In the event that you choose to disclose information about having survived sexual violence, including harassment, rape, sexual assault, dating violence, domestic violence, or stalking, and specify that this violence occurred while a student at UWSP, federal and state laws mandate that I, as your instructor, notify the Title IX Coordinator/Office of the Dean of Students.

Please see the [Title IX page](#) for more information for guidance on making confidential reports of misconduct or interpersonal violence, as well as campus and community resources available to students.

Clery Act

The US Department of Education requires universities to disclose and publish campus crime statistics, security information, and fire safety information annually. Statistics for the three previous calendar years and policy statements are released on or before October 1st in our [Annual Security Report](#). Another requirement of the Clery Act, is that the campus community must be given timely warnings of ongoing safety threats and immediate/emergency notifications. For more information about when and how these notices will be sent out, please see our [Jeanne Clery Act](#) page.

Drug Free Schools and Communities Act

The Drug Free Schools and Communities Act (DFSCA) requires institutions of higher education to establish policies that address unlawful possession, use, or distribution of alcohol and illicit drugs. The DFSCA also requires the establishment of a drug and alcohol prevention program. The Center for Prevention lists information about alcohol and drugs, their effects, and the legal consequences if found in possession of these substances. [Center for Prevention – DFSCA](#)

Copyright infringement

This is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act. Each year students violate these laws and campus policies, putting themselves at risk of federal prosecution. For more information about what to expect if you are caught, or to take preventive measures to keep your computing device clean, visit our [copyright page](#).

Voter Registration Information

Register: Did you know you can register to vote and check your voter registration status at www.myvote.wi.gov?

Vote: In Wisconsin, you can vote absentee - or vote from home - in any election. You can request your absentee ballot at www.myvote.wi.gov (select "Vote Absentee" on the navigation page).

Make a Difference: Sign up to work the polls on election day by contacting your local city clerk office (find your clerk at <https://myvote.wi.gov/en-us/PollWorker>).

For more information on registration and voting procedure, visit your campus resource page at <https://linktr.ee/UWSPGOTV> or www.myvote.wi.gov

Emergency Procedures

- In the event of a medical emergency call 9-1-1 or use campus phone. Offer assistance if trained and willing to do so. Guide emergency responders to victim.
