Course Communication: Announcements, homework assignments, grade information, and other course information will be in Canvas. To access Canvas, go to <https://www.uwsp.edu>, choose Canvas from the “Logins” dropdown menu, and use your regular campus login ID and password. Email is a good way to contact me (rkreczne@uwsp.edu)

Support is available: Ask questions as they occur to you. See me before or after class, stop by during my office hours, join via Zoom, or schedule an appointment with me for another time.

One of the significant parts of my job is working with conscientious students!

Talking with others about your work also helps you understand concepts or enables you to understand what questions to ask, so try talking with other students, professors, etc.

Unless specified otherwise, **calculators** (including most graphing calculators) will be permitted during quizzes and the final exam. *However, any calculator, phone,*

I reserve the right to exercise discretion in raising a student's grade if the final weighted average does not appear to reflect the quality of a student's work (for example, because

of low performance one week due to illness). I will not use discretionary judgments to lower a student's final grade.

Attendance Policy: Attendance is expected at every class meeting when you are well, but we are all expected to take extra care to not spread germs. If you have a fever or symptoms such as coughing or sneezing, please stay home and email me as soon as you realize that you will not be in class. It is the student's responsibility to make prompt arrangements for finding out what was missed and for making up any assigned work in the case of an absence, but I am very willing to work with you to find solutions. Canvas is also a great resource at these times. If you miss class, check there first for things you need to know. Quizzes and exams may only be made up in special circumstances, and normally only if arranged with me ahead of time. If a medical emergency occurs, contact the Dean of Students or the Disability Resource Center as soon as possible (* contact info. below *). Then we can see if an exception is in order.

We will all be checking the university's COVID website as it is updated throughout the semester: <https://www.uwsp.edu/coronavirus/Pages/default.aspx> .

Inclusivity Statement: It is my intent that all students from diverse backgrounds and perspectives be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity brought by everyone in this class be viewed as a resource, strength, and benefit. It is my intent to present materials and activities that are respectful of diversity. I encourage you to make suggestions to this end. Please let me know ways to improve the effectiveness of the course for you personally, or for other students or student groups.

If you have experienced a bias incident (an act of conduct, speech, or expression to which a bias motive is evident as a contributing factor regardless of whether the act is criminal) at UWSP, you have the right to report it using this [link](#). You may also contact the Dean of Students office directly at dos@uwsp.edu.

UWSP is committed to providing reasonable and appropriate **accommodations** to students with disabilities and temporary impairments.
