OVERVIEW AND LEARNING OBJECTIVE

Musicianship I combines two courses - MUS 110 and MUS 112 – for professional training in the fundamental skills in music theory – both written and aural. Upon completion of this course, students will demonstrate fluency with each skill through performance, writing, or recitation.

MEETING TIMES AND ATTENDANCE

Class will start promptly at 8:00 a.m. Monday, Wednesday, and Friday in Room 290 (Tues/Thurs in 337). Per University policy, attendance at all class sessions is mandatory for successful completion of the course learning objectives. Students are allowed 3 unexcused absences in Mus110, and 2 unexcused absences in 112.

Absences in excess of those listed will account for a loss of up to 3% of your final grade for each day missed. Excused absences must be approved before class; absences because of illness or extenuating circumstances may require music chair approval. Late work must be turned in promptly. Missed quizzes/exams may only be made up at the discretion of the instructor.
