

Syllabus Fall 2023

NRES 150: People, Resources and the Biosphere (3 Cr.)

Sections 02 and 2H for Natural Resource Majors

Lecture: Tuesdays & Thursdays, 2-2:50 pm, TNR 170

Discussion: See section times and locations below

Lecture Instructors & Office Hours	E-mail
Becca Franzen (BF), Lead Instructor Office Hours: Mondays 1-2pm, Thursdays 11-12pm in TNR 237 or at https://wisconsin-edu.zoom.us/j/94627391522?pwd=WFVBTEoydTRwNVBMTEVGVWnZUN3JPZz09	Becca.Franzen@uwsp.edu
Kendra Liddicoat (KL) Office Hours: Monday 1-2, Tuesday 3-4 in TNR 235 or email for a Zoom link.	Kendra.Liddicoat@uwsp.edu
Cady Sartini (CS) Office Hours: In TNR 186 Mondays 1-3 On Zoom Tuesdays 9-11 (https://wisconsin-edu.zoom.us/j/7153464546)	Cady.Sartini@uwsp.edu

Discussion Section	Discussion Leaders	Room	Time	E-mail
02D1	Jessica Tomaszewski	TNR 254	Tu 8-8:50	Jtomasze@uwsp.edu
02D2	Jessica Tomaszewski	TNR 255	F 9-9:50	Jtomasze@uwsp.edu
02D3	Becca Franzen	TNR 359	Tu 10-10:50	Becca.Franzen@uwsp.edu
02D4	Jessica Tomaszewski	TNR 361	Th 10-10:50	Jtomasze@uwsp.edu
02D5	Peggy Farrell	TNR 361	W 11-11:50	Peggy.Farrell@uwsp.edu
02D6	Robert Michitsch	TNR 255	F 11-11:50	Rob.Michitsch@uwsp.edu

02D9	Dane Friis	TNR 255	W 2-2:50	dfriis@uwsp.edu
02D10	Laura Anderson	CCC 204	W 3-3:50	Laura.Anderson@uwsp.edu
2HD1	Becca Franzen	TNR 359	Tu 10-10:50	Becca.Franzen@uwsp.edu

1. Course Description and Goals

a) Course Description

This course introduces and explores the sustainability of coupled social-ecological systems. We will focus on the following broad subject areas:

- The ecological dimensions of natural resources including energy, water, wildlife, soil, and waste;
- The social dimensions of natural resources including diversity, ethics and values, environmental justice, and environmental conflict; and
- The economic and institutional dimensions of natural resources including paradigms for resource management and economic activity, governance and policymaking, personal lifestyle choices, food production, and climate change.

In addition, we will examine the interconnections and interactions between these ecological, social, and economic domains and will learn about both the challenges and opportunities we face as natural resource professionals.

b) Course Learning Outcomes

By the end of this course students will be able to:

1. Identify interactions between human society and the natural environment.
2. Analyze the individual, social, cultural, and ecological factors that influence environmental sustainability.
3. Examine current and future personal behaviors in relation to social, ecological, and economic factors.
4. Evaluate competing claims that inform environmental debates.
5. Distinguish between stakeholders in environmental conflicts and identify their value orientations, interests, and positions.
6. Apply major concepts, methods, or theories used in the social sciences to investigate, analyze, or predict environmental values, attitudes, and behaviors.
7. Examine and explain how social, cultural, or political institutions influence individuals or groups.

c) General Education Program Learning Outcomes

This course fulfills the GEP requirements for Environmental Responsibility (ER) and Social Sciences (SS).

By the end of this course students will be able to:

1. Identify interactions between human society and the natural environment.
2. Analyze the individual, social, cultural, and ecological factors that influence environmental sustainability.
3. Evaluate competing claims that inform environmental debates
4. Explain or apply major concepts, methods, or theories used in the social sciences to investigate, analyze, or predict human behavior.
5. Examine and explain how social, cultural, or political institutions influence individuals or groups.

d) Course Organization

This course meets twice a week as a combined lecture section and once a week in separate discussion sections.

- **Lecture:** We will discuss human interconnections and interactions with natural resources. Lectures will take place in TNR 170. Lecture material will be assessed through exams.
- **Discussion section class meetings:** You will discuss readings, assignments, and materials related to key concepts of the course. You will investigate and discuss contemporary sustainability challenges facing humanity, develop critical thinking skills, explore environmental career opportunities, and assess the sustainability of your lifestyle. Grades are assigned by your discussion instructor. Discussion absences, missed assignments, or other problems should be communicated to your discussion instructor.

2. Course Materials

- a) *A Sand County Almanac with Essays on Conservation (SCA)* by Aldo Leopold, ISBN 978-0-195146-17-2
 - You can obtain the book through Text Rental or access the [eBook](#).
 - Reading assignments from the text are listed on the weekly course schedule.
 - Assigned readings are testable material.
- b) *Environmental Science for a Changing World 4e* by Susan Karr, ISBN 978-1-319-24562-7
 - You can obtain the book through Text Rental.
 - Reading assignments are listed on the weekly course schedule.
 - Assigned readings are testable material.
- c) Course library guide (<https://libraryguides.uwsp.edu/NRES150>) provides numerous resources related to controversial issues and may be especially helpful for the final assignment in the course.
- d) Canvas (<https://www.uwsp.edu/canvas>) is UWSP's online learning management system. You are required to use this site to obtain NRES 150 course materials and upload assignments. A demonstration for accessing the course site will be provided during the first meeting of your weekly discussion section.

Materials that you will need to access on this site throughout the semester include:

- (1) Course syllabus and schedule - Information found includes a schedule of lectures, tests, discussion activities, and assignments.
- (2) Course requirements - Class assignments, exams, point distributions, and grading procedures.
- (3) Lecture handouts - PowerPoint files, outlines, and study objectives (depending on the instructor).
- (4) Instructions and materials for all discussion assignments.
- (5) Posting of your grades for lecture exams and discussion assignments.
- (6) Other miscellaneous items.

3. Course Requirements

a) **Participation:**

- Participation is crucial to your success in the course. Lecture and discussion instructors will use examples and audio-visuals to clarify assignments and readings.
- Active participation in all discussions and lecture activities are expected.
- You cannot afford to miss course content or fall behind in exams or assignments.

b) **Assignments/Late Assignments:**

- To receive full marks, assignments must be uploaded to the course Canvas site before your discussion section class meeting.
- Assignments turned in after the due date will be considered late and may be subject to a 10% reduction per day at the discretion of your discussion instructor. For example, a 100-point assignment that is two days late may, at most, be worth 80 points.
- Written work presented in an improper manner may result in having to rewrite the assignment and/or a reduction in points earned.
- Assignments should be complete and well written (listen carefully to the directions provided by your discussion instructor).
- Review assignment rubrics prior to submission in order to do your best work.

c) **Academic Integrity:**

UWSP values a safe, honest, respectful, and inviting learning environment. In order to ensure that each student has the opportunity to succeed, we have developed a set of expectations for all students and instructors. More information on expectations and your rights and responsibilities as a student can be found on the Dean of Students page at <https://www.uwsp.edu/dos>.

Academic integrity is central to the mission of higher education in general and UWSP in particular. Academic dishonesty (cheating, plagiarism, etc.) is taken very seriously. Don't do it! The minimum penalty for a

violation of academic integrity is a failure (zero) for the assignment. Keep in mind that submitting work that was generated by AI such as ChatGPT is considered academic misconduct unless you have been given permission to use such a tool and acknowledge it in your assignment. For more information, see <https://www.uwsp.edu/dos/Pages/Student-Conduct.aspx>.

Plagiarism of any type in your work is unacceptable - consequences for plagiarism may range from an oral reprimand to expulsion from the University. Plagiarism is defined as deliberate or accidental use of ideas, research, or words of another person without fully attributing them to their original sources.

- Obvious examples of plagiarism include turning in someone else's work as your own, cutting and pasting website text into a paper, or failing to properly cite another author's work.
- Less obvious forms of plagiarism involve paraphrasing the work of another author (or student) by simply rearranging a few words.
- All work must be your own. Do not copy or hand in the work of other students, authors, or sources.
- Citing Sources: When using other sources in your writing, be sure to credit those sources. Visit <https://apastyle.apa.org/style-grammar-guidelines/citations> for instructions for properly citing sources including books, articles, journals, newspapers and internet sources, both (a) within the text and (b) at the end of your reports/papers.
- Wikipedia (and similar online encyclopedias) are not considered citable sources for this course.
- If you are in doubt about whether something constitutes plagiarism, ask your discussion instructor.
- UWSP Plagiarism Detection Software will be used to evaluate your assignments and identify violations.

d) **Course Etiquette:**

As a matter of respect for your peers and instructors:

- Class meetings start promptly, so please arrive on time.
- Class meetings end when the professor dismisses class. Please do not begin shuffling papers and packing up early. This is disrespectful to your peers and instructor.
- If you know that you will be arriving late or leaving early for a legitimate reason (e.g., doctor's appointment), please notify the instructor in advance.
- Behavior that may be distracting and disrespectful (i.e., sleeping in class, cell phone ringing, profanity, etc.) may result in you being asked to leave class.
- If you need to contact your lecture or discussion instructor by email for any reason, then please compose your message in a professional, business-like manner (proper greeting, grammar, punctuation, etc.). It is helpful to mention that you are a student in NRES 150.

4. Grades and Grading Scale - Total Possible Points: 650

Final grades will be based on the percentage of total points that you earn on your participation, exams, and assignments. The grading scale listed below indicates what percentages are required to earn a certain grade.

93-100 = A	83-86 = B	73-76 = C	60-66 = D
90-92 = A-	80-82 = B-	70-72 = C-	0-59 = F
87-89 = B+	77-79 = C+	67-69 = D+	

a) **Lecture 300 points**

Exams – GEP LO #1, 2, 3, 4, 5

- 2 midterm exams, each worth 100 points, as scheduled in this syllabus.
- 1 final exam for a total of 100 points will be given during the final exam week. It is comprehensive in nature, meaning that you will be expected to retain and apply key concepts from throughout the semester. However, most of the questions will focus on class material following your last midterm exam.
- Questions on all exams may cover material from lectures, textbook, and assigned readings.

- **Make-up exams** will only be given under **extraordinary circumstances** and with written documentation justifying why the scheduled exam was missed. **To make arrangements for a make-up exam, directly contact your discussion instructor no later than 24 hours after the missed exam.**

b) Discussion 325 points

Your discussion instructor will introduce the following assignments in class and provide additional details. Grading rubrics for each assignment are available in Canvas. The name of the assignment, point value, and corresponding learning outcome are identified below:

- Sustainability self-assessment assignment (50 points) – GEP LO #1, 2
- Stakeholder analysis assignment (50 points) – GEP LO #3, 4, 5
- Agency and career assignment (50 points) – GEP LO #1, 5
- Environmental issue debate (150 points) – GEP LO #2, 3
- Sand County Almanac monthly essay reflections (25 points) – GEP LO #1

c) Participation 25 points

It is expected that you will fully engage in course meetings and with course content for both lecture and discussion. If you are unable to participate in synchronous class meetings, please notify your discussion section instructor to make arrangements.

5. COVID-19 and Other Precautions

We will follow university guidance (which includes CDC guidance) regarding COVID-19 and other health-related issues. The [CDC website](#) provides guidance on isolation and precautions related to COVID. As needed, we will announce policy changes that affect you in this class. It is expected that everyone will respect the needs and preferences of classmates and instructors.

University of Wisconsin Stevens Point
College of Natural Resources-Principles of Professionalism

The College of Natural Resources at the University of Wisconsin – Stevens Point prepares students for success as professionals in many fields. As a professional, there are expectations of attainment of several personal characteristics. These include:

Integrity

Integrity refers to adherence to consistent moral and ethical principles. A person with integrity is honest and treats others fairly.

Collegiality

Collegiality is a cooperative relationship. By being collegial you are respecting our shared commitment to student education through cooperative interaction. This applies to all involved in the process: students, staff, faculty, administration and involved community members. You take collective responsibility for the work performed together, helping the group attain its goals.

Civility

Civility refers to politeness and courtesy in your interactions with others. Being civil requires that you consider the thoughts and conclusions of others and engage in thoughtful, constructive discussion to express your own thoughts and opinions.

Inclusivity

Inclusivity requires you to be aware that perspective and culture will control how communication is understood by others. While many values are shared, some are quite different. These differences in values should be both considered and respected.

Timeliness

Timeliness is the habit of performance of tasks and activities, planned in a way that allows you to meet deadlines. This increases workplace efficiency and demonstrates respect for others' time.

Respect for Property

Respect for property is the appreciation of the economic or personal value an item maintains. Maintaining this respect can both reduce costs (increase the operable life of supplies and equipment) as well as demonstrate respect for others' rights.

Communication

Professional norms in communication require that you demonstrate the value of your colleagues, students, professors or others. The use of appropriate tone and vocabulary is expected across all forms of communication, whether that communication takes place face to face, in writing or electronically.

Commitment to Quality

Quality is the ability to meet or exceed expectations. By having a commitment to quality, we intend to provide a learning environment that is conducive to learning. Intrinsic to this commitment to quality is defining expectation (committed to in a syllabus through learning outcomes), implementation (with quality control in place) and assessment (where meeting of learning outcomes is determined).

Commitment to Learning

Learning is a lifelong process. By being committed to learning you are providing a model for all to follow. This model is not only professor to student but involves all combinations of people within our university and broader community

Online Academic Etiquette

We would like to make some suggestions for good "digital citizenship" moving forward. First, please be aware that lectures (including your verbal questions, chats, etc.) are being recorded. If you don't want your video feed or image captured in a recording, then it is totally acceptable to keep your video feed "off". Verbal questions end up in a transcript. Chat-based statements also are recorded. Both will have your name associated with them and are part of the recorded lecture. This isn't that different from when you raise your hand to ask a question in class EXCEPT that there is now a recording associated with it. So, please take extra care to ask questions, answer questions, and use chats in a respectful way. Additionally, please keep in mind that your instructor's lectures are their intellectual property. In order to maintain a safe learning environment for everyone (so that students can ask questions freely and so that faculty can deliver material freely), it is critical that you DO NOT share Zoom links/passwords to lectures/discussion meetings OR Zoom recordings of the class with anyone outside of our class. Misuse of chats, sharing these links/passwords, or recordings will be considered a disruption of the classroom as a learning environment. Disruptions (even digital ones) could impact your grade in a negative way.

Adherence to this compact is required of the faculty and staff of the College of Natural Resources and of all students enrolled in College of Natural Resources courses.

Care Team

The University of Wisconsin-Stevens Point is committed to the safety and success of all students. The Office of the Dean of Students supports the campus community by reaching out and providing resources in areas where a student may be struggling or experiencing barriers to their success. Faculty and staff are asked to be proactive, supportive,

and involved in facilitating the success of our students through early detection, reporting, and intervention. As your instructor, I may contact the Office of the Dean of Students if I sense you are in need of additional support which I may not be able to provide. You may also share a concern if you or another member of our campus community needs support, is distressed, or exhibits concerning behavior that is interfering with the academic or personal success or the safety of others, by reporting here: <https://www.uwsp.edu/dos/Pages/Anonymous-Report.aspx>.

Title IX

UW-Stevens Point is committed to fostering a safe, productive learning environment. Title IX and institutional policy prohibit discrimination on the basis of sex, which includes harassment, domestic and dating violence, sexual assault, and stalking. In the event that you choose to disclose information about having survived sexual violence, including harassment, rape, sexual assault, dating violence, domestic violence, or stalking, and specify that this violence occurred while a student at UWSP, federal and state laws mandate that I, as your instructor, notify the Title IX Coordinator/Office of the Dean of Students.

Please see the information on the Dean of Students webpage for information on making confidential reports of misconduct or interpersonal violence, as well as campus and community resources available to students. Dean of Students: <https://www.uwsp.edu/DOS/sexualassault> Title IX page: <https://www3.uwsp.edu/titleix/Pages/default.aspx>

Disability and Accommodations

In accordance with federal law and UW System policies, UWSP strives to make all learning experiences as accessible as possible. If you need accommodations for a disability (including mental health, chronic or temporary medical conditions), please visit with the [Disability Resource Center](#) to determine reasonable accommodations and notify faculty. After notification, please discuss your accommodations with me so that they may be implemented in a timely fashion. **DRC contact info:** Disability.Resource.Center@uwsp.edu ; 715/346-3365; 108 Collins Classroom Center

FERPA

The [Family Educational Rights and Privacy Act](#) (FERPA) provides students with a right to protect, review, and correct their student records. Staff of the university with a clear *educational need to know* may also have to access to certain student records. Exceptions to the law include parental notification in cases of alcohol or drug use, and in case of a health or safety concern. FERPA also permits a school to disclose personally identifiable information from a student's education records, without consent, to another school in which the student seeks or intends to enroll.

Reporting Incidents of Bias/Hate

It is my intent that students from all diverse backgrounds and perspectives be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that the students bring to this class be viewed as a resource, strength and benefit. It is my intent to present materials and activities that are respectful of diversity: gender identity, sexuality, disability, age, socioeconomic status, ethnicity, race, nationality, religion, and culture. Your suggestions are encouraged and appreciated. Please let me know ways to improve the effectiveness of the course for you personally, or for other students or student groups.

If you have experienced a bias incident (an act of conduct, speech, or expression to which a bias motive is evident as a contributing factor regardless of whether the act is criminal) at UWSP, you have the right to report it: <https://www.uwsp.edu/dos/Pages/Anonymous-Report.aspx>.

You may also contact the Office of the Dean of Students directly at dos@uwsp.edu. Diversity and College Access is available for resources and support of all students: <https://www.uwsp.edu/dca/Pages/default.aspx>.

Clery Act

The US Department of Education requires universities to disclose and publish campus crime statistics, security information, and fire safety information annually. Statistics for the three previous calendar years and policy statements are released on or before October 1st in our Annual Security Report. Another requirement of the Clery Act

is that the campus community must be given timely warnings of ongoing safety threats and immediate/emergency notifications. For more information about when and how these notices will be sent out, please see our [Jeanne Clery Act](#) page.

The **Drug Free Schools and Communities Act** (DFSCA) requires institutions of higher education to establish policies that address unlawful possession, use, or distribution of alcohol and illicit drugs. The DFSCA also requires the establishment of a drug and alcohol prevention program. The Center for Prevention lists information about alcohol and drugs, their effects, and the legal consequences if found in possession of these substances. [Center for Prevention – DFSCA](#)

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act. Each year students violate these laws and campus policies, putting themselves at risk of federal prosecution. For more information about what to expect if you are caught, or to take preventive measures to keep your computing device clean, visit our [copyright page](#).

Emergency Procedures

- In the event of a medical emergency call 9-1-1 or use campus phone [list location in room or nearest your classroom]. Offer assistance if trained and willing to do so. Guide emergency responders to victim.
- In the event of a tornado warning, proceed to the lowest level interior room without window exposure at [list primary location for shelter closest to classroom,]. Emergency management provides floor plans showing severe weather shelters on campus. Avoid wide-span structures (gyms, pools or large classrooms).
- In the event of a fire alarm, evacuate the building in a calm manner. Meet at [state logical location to meet 200 yards away from building]. Notify instructor or emergency response personnel of any missing individuals.
- Active Shooter – RUN. HIDE. FIGHT. If trapped, hide, lock doors, turn off lights, spread out and remain quiet. Call 9-1-1 when it is safe to do so. Follow instructions of emergency responders. · See UW-Stevens Point Emergency Procedures for details on all emergency response at UW-Stevens Point.
