

## **Religion 333: Women and Goddesses in India**

Dr. Luke Whitmore. lwhitmor@uwsp.edu

Office (CCC 417) Hours: Tues 3:20-4, Wed. 4-5, Thurs 3:20-4.

### **DESCRIPTION**

This course examines the complex relationships between the power and importance of goddesses in Hindu religious traditions and the lives of women today both inside and outside India. This is a complicated, challenging, and deeply rewarding undertaking. We will encounter examples in which reality is at its deepest level a form of the goddess, examples that clearly repress female power, and everything in between. As we proceed on this journey, a broader question will come into play: what implications does the importance of goddess worship in Hindu religious traditions have for how we live our lives in Wisconsin?

### **OUTCOMES**

By the end of this course you will be able to:

- 1) Identify and explain stories and personalities connected to important goddesses and goddess types in Hindu religious traditions.
- 2) Describe and explain common categories of ritual practice relating to goddesses and women in India.
- 3) Offer an argument about how Hindu goddess-oriented ritual practices, ideas, and narratives connect to the lives of women that is sensitive to both the historical and current complexity of this topic inside and outside India.

These outcomes are designed to connect to the university outcomes for Humanities and Global Awareness.

Regular attendance is expected for all physical classes and timely participation is expected for non-physical class weeks.

- 4-5 unexcused absences (Poor) = 66-79%
- More than 6 unexcused absences = failing grade for attendance.

Absences will be excused only when the excuse is provided (via email or in person) in advance of the class that will be missed. You should also be sure to upload a note/relevant information (including a copy of emails to me) into the "Absence-Related Info" folder on D2L. Acceptable reasons for an excused absence are illness, family emergency, or school sponsored trip or athletic competition. ## Netiquette Guidelines

Netiquette is a set of rules for behaving properly online. We all want to foster a safe online learning environment. All opinions and experiences, no matter how different or controversial they may be perceived, must be respected in the tolerant spirit of academic discourse. You are encouraged to comment, question, or critique an idea but you are not to attack an individual. Working as a community of learners, we can build a polite and respectful course community. *Because this is a course about religion, we can assume that there will be a number of different views and reactions and that is fine. Everyone will be surprised or challenged by something but it may well be different for everyone. We will, therefore, discuss with this awareness in mind.*

The following netiquette tips will enhance the learning experience for everyone in the course:

- Do not dominate any discussion.
- Give other students the opportunity to join in the discussion.
- Do not use offensive language. Present ideas appropriately.
- Be cautious in using Internet language. For example, do not capitalize all letters since this suggests shouting.
- Popular emoticons such as ☺ or / can be helpful to convey your tone but do not overdo or overuse them.

- Avoid using vernacular and/or slang language. This could possibly lead to misinterpretation.
- Never make fun of someone's ability to read or write.
- Share tips with other students.
- Keep an "open-mind" and be willing to express even your minority opinion. Minority opinions have to be respected.
- Think and edit before you push the "Send" button.
- Do not hesitate to ask for feedback.
- Using humor is acceptable
