IV. Course Policies

Support for Students Requiring ADA Accommodations

UWSP and this instructor support a student's need to request academic accommodations due to disabilities. Please inform me during the first week of semester of any special accommodations a student believes will be needed for meeting class expectations. A copy of the Accommodation Request Form from the Disability and Assistive Technology Center must be given to the instructor within the first two week of the semester so that

any needed accommodations can be made. Accommodations will not be made without a completed Accommodation Request Form. Additional information can be gathered from the Center:

<https://www.uwsp.edu/disability/Pages/faculty/accomodations.aspx>

Attendance

Students are expected to attend all days the class is scheduled to meet. The instructor will also take attendance at the beginning of each class.

Excused absences are limited to documentable illnesses, personal or family emergency, or religious observation during class hours.

For any absence, a student is required to:

- Notify the instructor PRIOR to class. If this is impossible, a student must email the instructor as soon as possible to explain what happened.
- Read all readings and review the PowerPoint for the missed class.
- Students must take initiative to ask questions to understand class content for the missed class.

For any unexcused absence, a student will not receive attendance points (10 points) for the missed class.

Students who arrive to class late will receive partial attendance points (8 points).

For students unable to attend the class in the Virtual Classroom, recorded lectures will be posted. You must notify the instructor that you intend to watch the lecture, complete the activities and write a two-page summary paper.

The summary paper must be uploaded no later than one week after the date of the class missed. Canvas will have a dropbox titled, Summary Papers. Each summary paper is worth 10 points which is the equivalent of in person attendance points.

Assignment Policy for Late Papers and Incompletes:

Students are expected to complete course work by the date and time that it is due. Canvas date stamps all student submissions and notes when a submission is posted past the due date/time. Students are responsible to contact the instructor to negotiate an alternate date. The instructor will determine if an alternate due date is appropriate.

An incomplete may be given only when the student has been in full attendance, has demonstrated satisfactory work (C level work or better), and can furnish evidence to the instructor the work cannot be completed due to illness or other reasonable circumstances beyond the student's control.

Plagiarism:

It is a requirement that all work *not* original will be properly referenced. Students MUST CITE ANY AND ALL work which is not of a student's creation. Plagiarism will result in disciplinary action and will not be tolerated. Academic honesty is a foundation principle for personal and academic development. All University policies regarding academic honesty apply to this course. Academic dishonesty includes, but is not limited to, cheating or copying, plagiarism (claiming credit for the words or works of another from any type of source such as print, Internet or electronic database, or failing to cite the source), fabricating information or citations, facilitating acts of academic dishonesty by others, having unauthorized possession of examinations, submitting work of another person or work previously used without informing the instructor, or tampering with the academic work of other students.

V. Assignment Requirements & Details

Mandated Report Training

Please go into the Canvas assignment module for Mandated Reporter Training. Access the link provided and successfully complete the Wisconsin Mandated Reporter Online Training. The training should take less than two hours. Once you complete the course, either take a photo of the “successfully completed” screen or wait for your certificate of completion to be emailed (may take up to two days). Upload either the photo or the certificate into Canvas. This is worth ten points.

Reflection Paper: The Truth Podcast

The purpose of the reflection paper is to further explore the issues being addressed in class, to develop reflective writing skills, and to allow opportunities for relating personal values and experiences to social work issues.

A reflection paper should capture *your assessment* of *your* current knowledge, beliefs, values, and attitudes concerning the assigned topic. The reflection paper should not simply summarize the information presented in the course but should challenge, further develop, or apply the information presented.

Listen to the Strangers Podcast episode, The Truth. The podcast release date was 10/28/2016. It is one of only a few free podcasts that are available to non-Patreon listeners.

This is an *extremely* difficult podcast to listen to. After you listen to the podcast, write a two to three-page reflection paper. Consider the following questions as you write your reflection paper:

1. What did you think and feel during the different parts of the story? What was hard to make sense of? Did your emotions change during the story? Did your assessment of the abuse change during the story?
2. How did this story impact your perspective on families involved in the child protective services system?

Reflection papers must be two to three pages (double spaced) in length with standard margins and 12 point font. Each reflection paper is worth 20 points.

Grading scheme

Grammar and sentence structure	5 points
Quality of reflection	15 points

Application and Integration Papers I, II, III,

The purpose of the papers is to apply and integrate classroom learning in an experiential way. Students will be provided a CPS case study to read. Students will then be provided an eWISACWIS template to complete. The case study will NOT have all the information needed to complete all of content areas on the form.

Paper I: Initial Assessment

Read the case study included in the Canvas assignment module. The case study is called, The Sandra and Jenny Case Study. Read the case study, and then download and complete the eWISACWIS Initial Assessment template. If you feel you need additional information to thoroughly complete a narrative or scoring section of the template, at the close of your narrative include the additional questions you would ask of a case participant.

Paper III: Case Plan

Read the case study included in the Canvas assignment module. The case study is called, The Michelle and Joshua Case Study. Read the case study, and then download and complete the eWISACWIS Case Plan template. If you feel you need additional information to thoroughly complete a narrative or scoring section of the template, at the close of your narrative include the additional questions you would ask of a case participant.

Paper III: Court Report

Read the case study included in the Canvas assignment module. The case study is called, The Aaron and Amber Case Study. Read the case study, and then download and complete the eWISACWIS Court Report template. If you feel you need additional information to thoroughly complete a narrative or scoring section of the template, at the close of your narrative include the additional questions you would ask of a case participant.

Grading scheme:

Grammar and sentence structure: 5 points

Quality of integration and application 15 points*

(*The Court Report (Paper III) is worth a total of 30 points)

Annotated Bibliography - Research Project

This purpose of this assignment is to more deeply examine a specific client population of interest, to develop the research-informed practice skills, and to apply research to practice, including summarizing and presenting information to others. The annotated bibliography provides a significant amount of research for the Agency Presentation portion of the research project. PLEASE read the expectations for the Agency Presentation **prior** to selecting your population of interest, and beginning your research.

Identify a specific client population within child protective services to focus your research on. Examples of appropriate depth could include: child protective services and supporting infants with Failure to Thrive, child protective services and homelessness, child protective services with people who are not legal citizens, child protective services and substance use disorders. Please feel comfortable to email me with any questions regarding the scope of your project! It is better to work out the scope before digging into the research to learn the scope is too broad/too limited.

Identify information and resources relevant to the population as it relates to social work and child welfare practice and create an annotated bibliography in APA format. An annotated bibliography is a list of citations and each citation is then followed by a brief description that summarizes the identified resource. Annotations are typically five to seven sentences in length.

The annotated bibliography will contain:

Title (client population)

FIVE current articles from academic/professional/peer reviewed journals on social work practice with your chosen client population. The articles must be published within the last seven years.

ONE reputable and recognized (nationally or state-wide) organization, agency, or department with data to identify the presence of your population of interest in our county, State, region or country.

The annotated bibliography is worth 100 points.

Grading Scheme:

Grammar and sentence structure	10 points
Quality of annotation	(6 annotations) (10 points/each) = 60 points
Organization/Agency/Department	20 points
Quality of research idea	10 points

Agency Presentation – Research Project

The second part of the research project is to develop a PowerPoint presentation to a real/imagined child welfare you would be working in. You may assume the audience you would present this PowerPoint to is an audience comprised of professional, licensed social workers and human service professionals in a thriving child welfare agency.

The PowerPoint presentation will educate your peers, supervisors, and management team on your specific population. The PowerPoint will contain:

A brief explanation how you understand child abuse/neglect occurs.

Who is your population?*

How prevalent/common is the population in the area/state/region/country.*

What makes the population at risk for abuse/neglect or exclusion from detection?*

What are ways to assess, identify and/or build on their potential strengths? Are there barriers to thorough assessment? Are their barriers to serving the population?

*All the answers to these questions should be taken from your annotated bibliography.

Using the textbook, supplemental readings and your additional research, identify THREE strategies to support this population of people.

Strategies include screening, assessments, evaluations, types of services offered, hiring personnel with specific types of education/training, training, ANYTHING we have discussed or you have researched that could positively impact engagement, assessment and intervention with people involved in the child welfare system.

Identify each strategy **and** explain why the specific strategy would be integral to support this population of people as they work with your agency.

Review the NASW Code of Ethics and cite TWO places in the Code which requires social workers to be able, trained, and knowledgeable to serve the population of people identified. Make a brief (two to three sentence) connection regarding how the code requires professional social workers to know and serve their client population to your strategies to better serve the population in your agency.

Your PowerPoint should have slides to cover each of the focus areas.

You will upload your PowerPoint and you will NOT need to present or narrate it. The PowerPoint will be graded solely based on the content of the PowerPoint.

The Agency Presentation is worth 200 points.

Overall visual quality of presentation	20 points
Overall quality of content on slides	20 points
Factors for child abuse	20 points
Population – prevalence, strengths, risks	50 points
Strategies to support population	(3 strategies) (20 points/each) = 60 points
NASW responsibilities citations	(2 citations) (15 points each) = 30 points
