

University of Wisconsin - Stevens Point

Follow-Up Study of 2015-16 Graduates. (Summer 2015, Fall 2015, Spring 2016 cohorts)

Methodology

- Data for the 2015-16 graduates were produced by The Outcomes Survey (TOS) conducted by GradLeaders Inc.
- The UWSP community were informed of this arrangement and were advised to encourage students to complete the survey and provide information regarding graduates to Academic Affairs.
- The end result however is what survey data was actually entered by students. The Office of Institutional Research did not do follow up with students nor did any departments provide additional data on graduates.
- Thus, the overall career outcomes rate is lower than previous years when the report was conducted in house, because then extensive follow up was done by staff to determine graduate activity.
- The "Major" column is a grouping of the many concentrations within each major.
- The Placement Statistics tab shows NACE compliant Knowledge Rate statistics. It was produced by the GradLeaders report generator and not by UWSP personnel.
- College Employment sheets are anonymous listings of data for graduates in the stated programs.
- The survey link was emailed to 1994 graduates and 1063 responses were submitted through TOS. This report shows a higher number of graduates due to double and triple major responses being reported individually.

Column Name	Description
Major	Major Group - includes areas of emphasis and specializations
Total # of Graduates	Number of graduates in category to whom survey was sent
Total # Status Known	Number of responses. Surveys were outsourced for this dataset
Knowledge Rate %*	Total # Status Known / Total # of Graduates
Total % All Emp, Volunteer & N	# of Full time, part time, volunteer, and military positions / Total # Status Known
Total % Emp Fulltime	# Full Time / Total # Status Known
%Cont Education	% of students (Status Known) either planning on grad school or accepted to grad school
% Seeking Employ	# Seeking employment / Total # Status Known
% Not Seeking	as per previous reports
Career Outcomes %	NACE compliant, as per previous reports
# of Salaries	number of surveys where salary provided was nonzero. If under 100, converted from hourly rate to annual
Salary Mean (\$)	Arithmetic Mean
Salary Median (\$)	Middle element of ordered list of salaries for the category
Salary Low (\$)	Lowest nonzero reported salary
Salary High (\$)	Highest reported salary (excepting one case of a 4.8 million dollar salary reported for a county position)
